# 400 SUPER SPORT CROSSOVER – FORMULA BOATS

**Builder:**

Formula Boats

**Model:**

400 Super Sport Crossover

**LOA:**

43' 0" (13.11 m)

**Min Draft:**

3' 0" (0.92 m)

**Beam:**

12' 0" (3.81 m)

**Water Capacity:**

56 Gallons

**Fuel Capacity:**

400 Gallons

**Hull Material:**

Fiberglass and Plastic Yachts

**Deck Material:**

Fiberglass

**Hull Configuration:**

Modified Deep Vee

**Engines:**

4

**Manufacturer:**

Mercury

## OVERVIEW

---

The 400 Super Sport Crossover by Formula Boats is a multi purpose motor yacht conceived as an upscale cruiser. Its hull is constructed from fiberglass and plastic in a Modified Deep Vee form. Measuring 43 ft (13.11 m) overall with a 12 ft (3.81 m) beam and powered by quad Mercury gas outboards, it delivers confident handling alongside the practical benefits of outboard propulsion. For availability, options, and guidance, please contact Andrey Shestakov at Shestakov Yacht Sales.

## Selecting a 400 Super Sport Crossover

---

Opt for the 400 Super Sport Crossover when you need a modern motor yacht configured as a versatile cruiser that uses outboard power. Its 43 ft (13.11 m) LOA and 12 ft (3.81 m) beam provide a stable platform, while the Modified Deep Vee hull and fiberglass and plastic construction are tuned for reliable seakeeping. The quartet of Mercury gas outboards is ideal for owners who value brisk throttle response and easy access for maintenance. Contact Andrey Shestakov at Shestakov Yacht Sales to match this model to your boating requirements.

## Features of the Model

---

- Built by Formula Boats as a contemporary motor yacht and cruiser
- Length overall: 43 ft (13.11 m); beam: 12 ft (3.81 m)
- Minimum draft: 3.007 ft (0.9166 m)
- Propulsion: four Mercury outboard engines; fuel type: gas
- Hull configuration: Modified Deep Vee
- Hull construction: fiberglass and plastic
- Deck material: Fiberglass

- Fuel capacity: 400 gal; fresh water capacity: 56 gal

## Technical Specifications

---

- Model: 400 Super Sport Crossover
- Builder: Formula Boats
- Classification: motor yacht / cruiser
- LOA: 43 ft (13.11 m)
- Beam: 12 ft (3.81 m)
- Draft (min): 3.007 ft (0.9166 m)
- Engines: 4 × Mercury, outboard, gas
- Hull configuration: Modified Deep Vee
- Hull material: fiberglass and plastic
- Deck material: Fiberglass
- Fuel capacity: 400 gal
- Water capacity: 56 gal

## Pricing and Ordering

---

For up to date pricing, production lead times, and bespoke options for the 400 Super Sport Crossover, get in touch with Andrey Shestakov at Shestakov Yacht Sales. Our specialists will review specifications, customization choices, and scheduling to ensure your motor yacht cruiser meets your expectations.

## Questions and Answers

---

Q: What is the boat type of the 400 Super Sport Crossover? A: The vessel is a **motor yacht** configured as a **cruiser** , produced by **Formula Boats** with a **fiberglass and plastic** hull.

Q: What are the key dimensions? A: The **LOA** measures 43 ft (13.11 m), the **beam** is 12 ft (3.81 m), and the minimum **draft** is 3.007 ft (0.9166 m).

Q: What propulsion does it use? A: Propulsion is provided by **four Mercury outboard engines** running on **gas** , offering the performance and maintainability associated with outboard powerplants.

Q: What are the construction details? A: The hull is a **Modified Deep Vee** built from **fiberglass and plastic** , and the **deck** is finished in **Fiberglass** .

Q: How can I request pricing or arrange a viewing? A: Reach out to **Andrey Shestakov** at **Shestakov Yacht Sales** for **pricing** , **availability** , and to arrange a closer look at the 400 Super Sport Crossover.

## Owner Experience Review

---

Owners commonly choose the 400 Super Sport Crossover from Formula Boats for family outings and lively social days afloat. The SmartZone cockpit arrangement and expansive bow lounge receive frequent acclaim for facilitating group interaction, and resale photos often spotlight an outdoor kitchen installation tailored to show or charter entertaining. Finish quality and ergonomic design tend to meet buyer expectations in this class, while the full height windshield and coupe top provide meaningful protection from the elements, enhancing comfort at the helm and in the cockpit.

When underway, the FAS3Tech deep V twin step hull is reported to offer a firm, comparatively dry ride through chop with predictable behavior at speed. Sea trials cite brisk acceleration and a top speed just over 60 mph in favorable conditions; testers also comment that the boat's inward lean tendency when banking at speed imparts confidence to less experienced skippers. The combination of quad Verado outboards, joystick control, and an optional bow thruster makes low speed handling and tight docking maneuvers considerably

easier.

For short getaways, owners find the below deck layout—convertible dinette, aft berth, private head, and a compact galley—sufficient for one to two nights aboard. From a maintenance perspective, four outboards mean additional scheduled service items compared with a single engine scheme, though onboard automatic flushing systems and straightforward tilt/trim access aid corrosion control and routine care; outboard propulsion also improves mechanical accessibility and offers favorable draft options. A forum post has referenced a freshwater system issue (a tank leak or a faulty gauge/sending unit), so a thorough pre-delivery inspection of the fresh water system is advisable.

## Pros and Cons

- Social SmartZone cockpit and large bow lounge make group entertaining easy.
- FAS3Tech deep V twin step hull feels predictable and confidence inspiring, with tests showing strong acceleration and just over 60 mph.
- Joystick piloting with available bow thruster simplifies slow speed maneuvering and docking.
- Quad outboards add more routine service points than single engine setups.
- A forum report mentions a freshwater tank leak and possible gauge/sending unit issue.
- Cabin accommodations suit 1–2 nights aboard rather than extended stays.

## Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/Max)	Gross Tonnage
-------	-----	------	-------	----------------------	---------------

400 Super Sport Crossover	43' 0" (13.11 m)	12' 0" (3.81 m)	3' 0" (0.92 m)		
330 Crossover Bowrider	34' 0" (10.54 m)	10' 0" (3.12 m)	9' 7" (2.92 m)		
40 Cruiser	41' 0" (12.50 m)	12' 0" (3.81 m)	9' 0" (2.75 m)		
34PC	34' 0" (10.36 m)	11' 0" (3.50 m)			
310 BR	31' 0" (9.45 m)	9' 0" (2.87 m)	9' 10" (3 m)		
Formula 400 SS	40' 0" (12.19 m)	11' 0" (3.35 m)	10' 8" (3.25 m)
