OVERVIEW

Experience the 430 Super Sport Crossover by Formula Boats with Shestakov Yacht Sales. This adaptable motor yacht and multi purpose cruiser pairs thrilling performance with practical onboard comforts on a fiberglass and plastic hull. Contact Andrey Shestakov and the Shestakov Yacht Sales team to review inventory and the next steps.

Selecting a 430 Super Sport Crossover

Opting for the 430 Super Sport Crossover prioritizes confident high-speed capability, proven engineering from Formula Boats, and versatile usability. If rapid transit (cruising near 46 kn/46 mph and top-end potential to 68 kn/68 mph), twin outboard efficiency, and a layout that supports day-to-night use with an onboard head are important to you, this motor yacht cruiser is a strong candidate. Shestakov Yacht Sales, led by Andrey Shestakov, will assist with detailed specs and timing.

Features of the Model

- Twin Mercury outboards (2), Gas/Petrol
- Cruise speed up to 46 kn (46 mph); maximum speed up to 68 kn (68 mph)
- LOA: 43 ft (13.11 m); Beam: 12 ft (3.66 m)
- Maximum draft: 11.756 ft (3.5833 m)
- One head (1) for on board convenience
- Fuel capacity: 500 gal; Freshwater capacity: 56 gal
- Hull: fiberglass and plastic; Deck: Fiberglass

Technical Specifications

- Builder: Formula Boats
- Model: 430 Super Sport Crossover
- Category: motor yacht, cruiser
- LOA: 43 ft (13.11 m)
- Beam: 12 ft (3.66 m)
- Max Draft: 11.756 ft (3.5833 m)
- Engines: 2 x Mercury, Outboard, Gas/Petrol
- Cruise Speed: 46 kn (46 mph)
- Max Speed: 68 kn (68 mph)
- Heads: 1
- Fuel Capacity: 500 gal
- Water Capacity: 56 gal
- Hull Material: fiberglass and plastic
- Deck Material: Fiberglass

Pricing and Ordering

Price for the 430 Super Sport Crossover fluctuates with market conditions and chosen options. For an up-to-date price, availability, and tailored advice, reach out to Andrey Shestakov at Shestakov Yacht Sales. Our team will liaise with Formula Boats and oversee each stage through delivery.

Questions and Answers

Q: What type of yacht is the 430 Super Sport Crossover? A: It is a flexible motor yacht conceived as a capable cruiser, delivering a mix of **performance** , **comfort** , and **day to night utility**

Q: How fast can it go, and what is the comfortable cruise speed? A: The 430 Super Sport Crossover is capable of a **maximum speed** up to 68 kn (68 mph) and typically cruises near 46 kn (46 mph), providing assured performance.

Q: What powers the boat? A: It is driven by twin **Mercury Outboard** motors (2) running on **Gas/Petrol** , offering dependable propulsion and responsive helm feel.

Q: What are the key capacities and onboard amenities? A: The design includes a **fuel capacity** of 500 gal, **freshwater** capacity of 56 gal, and **one head (1)** to support longer days on the water.

Q: What materials are used for the hull and deck? A: The hull is constructed of fiberglass and plastic, while the **deck** is finished in **Fiberglass** for durability. For ordering and further information, contact Andrey Shestakov and Shestakov Yacht Sales.

Owner Experience Review

Owners are drawn to the 430 Super Sport Crossover from Formula Boats because it functions well as a dayboat, a social platform, and a genuine weekender. The expansive bowrider arrangement, substantial swim platform, and one-level deck enable easy movement between bow and cockpit entertaining areas, supported by an on-deck galley. Belowdecks, a compact galley/dinette and a stand-up head make overnight stays workable, generally accommodating about four people—ideal for weekend escapes rather than full-time liveaboard life. Families value the multiple seating and dining surfaces plus the daylight cockpit, while anglers and watersports enthusiasts may prefer the All Sport Crossover variant for its rod holders and fish-box options.

While underway, reviewers praise the precise, intuitive steering and close feel at the helm. The FAS3Tech stepped hull contributes to efficient planing and

strong cruising economy with competitive top-end numbers for a 43-foot boat; Boating magazine recorded a 63.4 mph full-throttle speed. Maneuverability in tight spaces is also highlighted—joystick-assisted control enables tight turns and simple 180-degree pivots.

The factory outboard arrangement—often specified as four Mercury Verados up to 400 hp each—introduces outboard-style maintenance and simplifies future repower compared with inboard systems. At the same time, owners and forum contributors note the practical aspects of maintaining four engines: planning access for routine service items like lower-unit gear oil, impellers, anodes, and rigging inspections, along with the associated labor. Some question the weight distribution and the choice of four outboards on a 43-footer, while others value the performance and serviceability that configuration affords.

Pros and Cons

- Versatile dayboat/weekender layout with two social zones, one-level deck, and an on-deck galley for easy entertaining.
- Crisp, responsive handling with the FAS3Tech stepped hull and a tested 63.4 mph top speed.
- Joystick-assisted maneuvering makes tight turns and pivots easy in close quarters.
- Overnight accommodations suit about four for weekends, not long-term liveaboard use.
- Four outboards simplify future repower but add recurring maintenance across multiple engines.
- Some owners express concern about weight/balance and the rationale for four outboards on a 43-footer.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/ Max)	Gross Tonnage
430 Super Sport Crossover	43' 0" (13.11 m)	12' 0" (3.66 m)	11' 9" (3.58 m)	46 kn / 68 kn
