OVERVIEW

The 425 HTS from Galeon Yachts is a multi-purpose motor yacht crafted on a time-tested fiberglass and plastic hull. Listed by Andrey Shestakov of Shestakov Yacht Sales, it pairs steady, proven performance with practical onboard capacities designed for confident coastal passages.

Selecting a 425 HTS

Opt for the 425 HTS when you prioritize twin inboard diesel power and uncomplicated handling characteristics. Powered by two VOLVO engines and capable of reaching 26.07 knots (30 mph), it provides ample fuel and water stores for owners planning weekend escapes or longer stays afloat. As a member of the broader motor yachts class, it delivers familiar drivability combined with the resilience of a fiberglass and plastic hull and a fiberglass deck.

Features of the Model

• Twin VOLVO inboard diesel propulsion offering assured maneuverability and dependable cruising capability.
• Functional onboard systems including 2 heads, 251 gallons of fuel capacity, and 119 gallons of water capacity.
• Built on a fiberglass and plastic hull with a fiberglass deck; hull configuration specified as Other.
• Balanced dimensions at 42 ft LOA and a 12 ft beam for comfortable living aboard this modern motor yacht.
• Available through Andrey Shestakov and Shestakov Yacht Sales, who provide tailored brokerage assistance.

Questions and Answers

Q: What type of yacht is the 425 HTS? A: It is a motor yacht situated within the broader motor yachts segment and built on a robust fiberglass and plastic foundation.

Q: What are the key dimensions? A: The 425 HTS measures **LOA 42 ft (12.8 m)** with a **beam of 12 ft (3.91 m)** and a **max draft of 11.22 ft (3.42 m)** .

Q: How is it powered and how fast can it go? A: Twin **VOLVO inboard diesel** engines produce a **maximum speed of 26.07 knots (30 mph)** .

Q: What onboard capacities support cruising comfort? A: It carries **251 gal fuel** , **119 gal water** , and includes **2 heads** , suitable for practical time aboard a modern motor yacht.

Q: Who can assist me with purchase and inspections? A: Contact **Andrey Shestakov** and the team at **Shestakov Yacht Sales** for individualized brokerage assistance on the 425 HTS by Galeon Yachts.

Owner Experience Review

Owners generally categorize the 425 HTS by Galeon Yachts as an ideal weekender: it's straightforward to handle on short trips yet arranged to accommodate family overnighting with its 2 cabin/2 head configuration and a full beam master amidships. The layout favors socializing, with a helm that converts to a lounge and expansive opening side and front windows that unite cockpit and salon. A functional galley plus optional A/C and generator choices make longer weekends more comfortable, and the hi lo swim platform eases launching toys and entertaining guests.

Underway, owners report the boat feels substantial in chop and have described the ride as "ride like a dream." Reported cruising speeds are comfortably in the mid 20s, with approximately 30 knots available at top end; automatic trim control and ZipWake interceptors aid in trimming the boat, though some owners have experienced ZipWake failures covered under warranty. A number of boats have shown post delivery issues (noisy A/C, water sensor complaints, starter problems, a leaking transmission), and one

owner labeled the extended downtime "an absolute nightmare," noting that warranty and repair timelines can be lengthy depending on dealer and yard responsiveness. Routine maintenance is eased by a hydraulic quick access engine room hatch, which reviewers say simplifies regular inspections.

Pros and Cons

• Confident, stable ride in chop with a comfortable mid 20s cruise.
• Versatile weekender layout with a full beam master and 2 cabin/2 head accommodation for family trips.
• Hi lo swim platform and open cockpit to salon flow suit entertaining and watersports.
• Reported early ownership defects include noisy A/C, water sensor faults, starter issues, and a leaking transmission on some boats.
• Some owners cite fit, furniture, and alignment problems requiring adjustment.
• Warranty and repair cycles can be lengthy, with dealer responsiveness varying by region.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/Max)	Gross Tonnage
425 HTS	42' 0" (12.80 m)	12' 0" (3.91 m)	11' 3" (3.42 m)	26.07 kn
