OVERVIEW

The 570 SKY from Galeon Yachts is a modern motor yacht within the cruisers category, constructed on a resilient fiberglass and plastic hull. Measuring 57 ft (17.37 m) overall with a 15 ft (4.75 m) beam and driven by twin VOLVO inboard diesel power, it combines assured seakeeping and useful range for extended cruising. For professional assistance, contact Shestakov Yacht Sales and broker Andrey Shestakov.

Selecting a 570 SKY

Opting for the 570 SKY is a sensible choice if you need a flexible motor yacht that conforms to cruiser standards. Its 57 ft LOA and 15 ft beam deliver stability and onboard comfort, while the pair of VOLVO inboard diesel engines enable a typical cruise of 21.72 knots (25 mph) and a top capability of 26.07 knots (30 mph). Built on a fiberglass and plastic foundation, the design prioritizes structural integrity and reduced upkeep.

Coordinate with Shestakov Yacht Sales and broker Andrey Shestakov to match the model's dimensions and performance to your itinerary, marina constraints, and cruising expectations.

Features of the Model

- Category profile: a motor yacht marketed in the cruisers segment
- Construction: fiberglass and plastic hull paired with a fiberglass deck
- Power: twin VOLVO inboard diesel engines (2)
- Performance: cruise 21.72 kn (25 mph); max 26.07 kn (30 mph)
- Dimensions: LOA 57 ft (17.37 m); beam 15 ft (4.75 m)
- Draft: 14.764 ft (4.5 m)

• Capacities: fuel 581 gal; water 185 gal

Technical Specifications

Key data for the 570 SKY by Galeon Yachts:

• Category: motor yacht; Sub category: cruisers; Hull class: fiberglass and plastic
• LOA: 57 ft (17.37 m)
• Beam: 15 ft (4.75 m)
• Draft (max): 14.764 ft (4.5 m)
• Engines: 2 x VOLVO
• Engine type: Inboard
• Fuel type: Diesel
• Cruise speed: 21.72 kn (25 mph)
• Max speed: 26.07 kn (30 mph)
• Hull material: fiberglass and plastic
• Deck material: Fiberglass
• Hull configuration: Other
• Fuel capacity: 581 gal
• Water capacity: 185 gal

Pricing and Ordering

Current pricing, construction slots, and estimated delivery timelines for the 570 SKY can be provided upon request. Reach out to Shestakov Yacht Sales and broker Andrey Shestakov to review availability, model specifications, and purchase scheduling tailored to your needs. Our brokerage will assist you through selection, offer submission, survey coordination, and the final closing process.

Questions and Answers

Q1: What type of yacht is the 570 SKY? A1: It is a motor yacht that sits within the cruisers class, constructed on a fiberglass and plastic platform.

Q2: What are the performance figures? A2: The 570 SKY delivers a **cruise speed** of 21.72 knots (25 mph) and a **maximum speed** of 26.07 knots (30 mph).

Q3: What powers the yacht? A3: **Engines** are twin VOLVO inboard diesels (2), offering the robustness of inboard installation with diesel fuel efficiency.

Q4: What are the key dimensions and capacities? A4: **Dimensions** include LOA 57 ft (17.37 m), beam 15 ft (4.75 m), and draft 14.764 ft (4.5 m). **Capacities** are 581 gal fuel and 185 gal water.

Q5: How do I purchase through Shestakov Yacht Sales? A5: For full **brokerage** assistance from initial inquiry through closing, contact Shestakov Yacht Sales and broker Andrey Shestakov to obtain specifications, pricing, and a step by step acquisition plan for the 570 SKY.

Owner Experience Review

Prospective owners considering the 570 SKY from Galeon Yachts will encounter a vessel well suited to family cruising and owner operator scenarios. Early walkthroughs and specialist reviews highlight a three cabin, two ensuite arrangement featuring a full beam owner's stateroom, a bright open saloon with expansive windows and an aft galley, together with generous entertaining spaces on the skydeck. The hidden upper helm and proportional thrusters are frequently praised for aiding single handed handling, while Beach Mode balconies, a large cockpit/skydeck, an integrated Williams 280 tender garage, and a hydraulic swim platform support effortless guest enjoyment and active

watersports.

Underway, analysts reference hull lineage from Galeon's 560 series, anticipating a sea kindly, stable ride at regular cruising speeds and a sporty coupé inspired silhouette that still preserves flybridge functionality. Engine choices range up to twin Volvo Penta D11/D13 packages producing as much as 900 hp; real world cruise and top speeds will be contingent on the selected powertrain and vessel load. At present there are no independent, long term owner fuel consumption or sea trial records specific to the 570 SKY. A broader Galeon owner sentiment (not model specific) has been summarized as "ride like a dream."

Comfort at anchor repeatedly emerges in demo reports: the concealed skydeck with sunloungers and the Beach Mode balconies expand usable guest areas. However, published long term habitability reports from private 570 SKY owners are not yet on record, as the model's public debut occurred in 2026. Similarly, long term maintenance histories for this specific model are not available; forum conversations among owners of other Galeon SKY/Fly models mention occasional warranty/service delays and regional variation in dealer support. A thorough pre delivery survey, clearly worded warranty coverage, and careful verification of systems integration (generators, thrusters, hydraulic Beach Mode systems) are advised; walkthroughs do indicate roomy engine room access for twin inboards, which should ease servicing.

Pros and Cons

• Family-ready three-cabin, two-ensuite layout with a full-beam owner's stateroom.
• Hidden upper helm and proportional thrusters support confident owner-operator handling.
• Beach Mode, expansive cockpit/skydeck, tender garage and hydraulic

platform enhance entertaining and watersports.

• Limited long-term owner reports and maintenance histories due to the 2026 launch.

• Actual cruise/top speed and fuel economy vary by engine/load, with no independent owner sea-trial data yet.

• Forum reports on other Galeon models note occasional warranty/service delays and dealer-support variability by region.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/Max)	Gross Tonnage
570 SKY	57' 0" (17.37 m)	15' 0" (4.75 m)	14' 9" (4.50 m)	21.72 kn / 26.07 kn	
500 Fly	53' 0" (16.20 m)	14' 0" (4.40 m)	4' 7" (1.40 m)	26 kn / 28 kn	24.52
550 FLYBRIDGE	55' 0" (16.76 m)	15' 0" (4.78 m)	15' 0" (4.58 m)
