OVERVIEW

Offered by Shestakov Yacht Sales, broker Andrey Shestakov showcases the 650 Sky from Galeon Yachts—a contemporary motor yacht in the broader motor yachts category, built in the fiberglass and plastic class. At an LOA of 68 ft (20.73 m) and driven by twin Volvo powerplants, it delivers a balance of generous living space, capable cruising performance, and relatively simple upkeep.

Selecting a 650 Sky

- Opt for the 650 Sky if you want a tried-and-tested motor yacht profile within the motor yachts market.
- Its build in the fiberglass and plastic category with a fiberglass deck appeals to owners who prioritize straightforward maintenance.
- With an LOA of 68 ft (20.73 m), the yacht provides significant interior volume while remaining practical for diverse cruising plans.
- Twin Volvo engines (2) offer the reassurance of a well-known manufacturer and a balanced propulsion setup.
- Work directly with Shestakov Yacht Sales and broker Andrey Shestakov for personalized advice and a smooth buying experience.

Features of the Model

- Classification: motor yacht under the motor yachts umbrella
- Construction: fiberglass and plastic hull with a fiberglass deck
- Dimensions: LOA 68 ft / 20.73 m
- Propulsion: 2 x Volvo engines
- Marketed and supported by Shestakov Yacht Sales with broker Andrey Shestakov

Technical Specifications

- Model: 650 Sky
- Builder: Galeon Yachts
- Main Category: motor yachts
- Subcategory: motor yacht
- Hull Category/Material: fiberglass and plastic
- Deck Material: Fiberglass
- LOA: 68 ft (20.73 m)
- Engines: 2 x Volvo

Pricing and Ordering

For up-to-date pricing, current availability, and guidance on next steps, contact Andrey Shestakov at Shestakov Yacht Sales. We will arrange viewings, prepare documentation, and advise you on specifications and options for the 650 Sky from Galeon Yachts.

Questions and Answers

Q1: What type of yacht is the 650 Sky? A1: The 650 Sky is a **motor yacht** , listed as a motor yacht in the motor yachts segment.

Q2: What are the key dimensions? A2: The **LOA** measures 68 ft (20.73 m), giving the yacht a well-proportioned footprint for a motor yacht.

Q3: What powers the yacht? A3: **Engines** : 2 x Volvo. The model is fitted with twin **Volvo** power units for reliable propulsion.

Q4: What materials are used for the hull and deck? A4: **Hull material** : fiberglass and plastic. **Deck material** : Fiberglass.

Q5: How do I purchase through Shestakov Yacht Sales? A5: Reach out to **Andrey Shestakov** at Shestakov Yacht Sales for **consultation**, viewings, pricing information, and transaction support on the 650 Sky by Galeon Yachts.

Owner Experience Review

Owners of the 650 Sky from Galeon Yachts commonly divide their time between family cruises and hosting guests. The luminous saloon, framed by panoramic glazing and a generously sized sliding door, promotes a seamless indoor/outdoor connection, while Beach Mode fold down balconies convert the cockpit and saloon thresholds into extended entertaining terraces.

Configurable lower deck layouts (3 or 4 cabins, with an option for a full beam owner's stateroom) and a properly sized galley and systems package make the yacht suitable for longer passages; the dedicated crew cabin is frequently used as additional storage or utility space. Owner operators value features like the helm side door and a driving position that is friendly for short hops and weekend runs.

Underway, owners report the yacht feels secure and reassuring, helped by a solid fiberglass lower hull. Typical cruising speeds are in the high teens to mid 20 knot bracket, with top speeds around 30–35 knots depending on engine choice (common examples include Volvo Penta D13 installations and MAN 1200 hp builds). Many proprietors and brokers specify added stabilization—Seakeeper gyros or Humphree interceptors/fins—to enhance comfort both underway and at anchor. Routine service access is aided by a relatively uncluttered, stand up engine room, but the boat's array of moving elements (balconies, retractable roof/skydeck systems, powered furnishings) increases maintenance items and generally benefits from factory authorized servicing; installed stabilization systems similarly require periodic specialist attention. As one owner noted on Galeon's customer pages: "They treat me right."

Pros and Cons

- Beach Mode fold down balconies and multiple social areas make the 650 Sky particularly well suited to entertaining and day charter work.
- Versatile 3–4 cabin arrangements, a bright saloon with excellent indoor/outdoor flow, and a cruise capable galley support family voyages and extended stays aboard.
- A solid fiberglass lower hull and commonly added stabilization deliver a steady, confidence building ride in mixed conditions.
- The suite of complex moving mechanisms (balconies, retractable skydeck/roof, powered furniture) increases the number of service items and typically requires authorized technical support.
- Adding gyro or interceptor/fin stabilization enhances comfort but brings scheduled specialist maintenance and inspections.
- The high power inboard diesel packages used in this model carry the standard heavy duty service intervals and associated costs typical for yachts in this class.
