OVERVIEW

The 108 Beach Club by HARGRAVE CUSTOM YACHTS blends beach-club lifestyle with long-range comfort, represented globally by Shestakov Yacht Sales and broker Andrey Shestakov.

Selecting a 108 Beach Club

Choose the 108 Beach Club if you want a contemporary motor yacht experience with the volume and presence of the mega яхты class, built on a корпус из композитов platform for efficiency and refined ride quality.

Features of the Model

• Semi-displacement hull by designer Jack Sarin for balanced speed and seakeeping
• Expansive beach-club concept for seamless water access and social living
• Accommodations planned for 10 guests with 6 heads, plus 6 crew berths for professional service
• Twin CAT inboard diesel package for reliable performance and economical operation
• Practical cruising setup with generous fuel and water capacities to support extended itineraries

Shestakov Yacht Sales, with Andrey Shestakov, provides guidance on layout optimization, finish selections, and build consultation specific to HARGRAVE CUSTOM YACHTS.

- Fuel capacity: 4,000 gal
- Water capacity: 800 gal

Pricing and Ordering

For current pricing, availability, and delivery timelines of the 108 Beach Club from HARGRAVE CUSTOM YACHTS, contact Shestakov Yacht Sales and broker Andrey Shestakov. Our team will coordinate specifications, options, and survey/sea trial support tailored to your cruising plans.

Questions and Answers

Q: What performance can I expect from the semi-displacement design? A: The hull provides a balance of **speed** and **efficiency** , with a 20.7 kn cruise and 23 kn max for versatile coastal and island cruising.

Q: How suitable is the yacht for extended trips? A: With 4,000 gal of **fuel** and 800 gal of **water** , plus ample storage, it is well set for longer itineraries with fewer resupply stops.

Q: What is the guest and crew arrangement? A: There are **accommodations for 10** with **6 heads** , and **6 crew beds** to ensure professional onboard service.

Q: Which engines power the yacht? A: Twin **CAT inboard diesel** engines deliver dependable propulsion and straightforward serviceability.

Q: Who can assist me with the purchase process? A: Shestakov Yacht Sales and broker **Andrey Shestakov** will manage specifications, options, and negotiations for your 108 Beach Club.

Owner Experience Review

Owners use the 108 Beach Club by HARGRAVE CUSTOM YACHTS for family cruising to the Bahamas, weekend entertaining, and as a charter platform, noting layouts that support social spaces like a large salon, sky lounge, and expansive sundeck. Reports emphasize comfortable, predictable handling with a hull that feels stable in typical coastal seas, and performance tuned for a best midrange speed profile; examples with twin Caterpillar C32s have been cited around 21 knots at the top end and benefit from shallow draft for Bahamas work.

Onboard, owners describe highly personalized interiors with generous salon volumes, large windows, and headroom around seven feet that “feels huge.” Some layouts include two full-beam master staterooms, while others show four- to five-cabin arrangements, underscoring the custom nature of the build. Practical notes from captains point to a spacious, well-arranged engine room that eases service access, while also acknowledging that ownership costs align with a custom 108-footer and that early fit-and-finish inconsistencies can

require corrective work or refit attention. Service and support from Hargrave are often praised, particularly for ongoing ownership.

Pros and Cons

• Predictable, owner-friendly handling with stable ride in typical coastal conditions.
• Customizable layouts, including reports of dual full-beam masters and generous salon volume.
• Engine room access and organization generally praised for serviceability.
• Top speed is midrange-focused, with reports around 21 knots rather than high-performance numbers.
• Fit-and-finish inconsistencies reported, sometimes requiring remedial work or refits.
• Ownership and routine service costs are significant for a custom 108-foot yacht.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/ Max)	Gross Tonnage
108 Beach Club	108' 0" (32.92 m)	23' 0" (7.01 m)	18' 7" (5.67 m)	20.7 kn / 23 kn	236
Raised Pilothouse	101' 0" (30.78 m)	21' 0" (6.40 m)	21' 4" (6.50 m)	20 kn / 23 kn
