# OVERVIEW

---

Shestakov Yacht Sales introduces the Capri Skylounge, a 96 ft motor yacht from Hargrave built on a fiberglass and plastic hull and configured as a semi-displacement vessel. For tailored assistance and the latest availability, reach out to Andrey Shestakov and the Shestakov Yacht Sales team.

## Selecting a Capri Skylounge

---

For buyers seeking a roomy 29.41 m platform with 105 GT of internal volume, the Capri Skylounge brings together Hargrave craftsmanship with the refined comfort expected of a modern motor yacht. Twin inboard diesel powerplants paired with a semi-displacement hull enable a comfortable 18-knot cruise and a 21-knot maximum, while the fiberglass and plastic hull and fiberglass deck construction help keep upkeep manageable.

## Features of the Model

---

- Semi-displacement hull by Hargrave engineered for a balance of efficiency and onboard comfort
- Twin inboard [[engineManufacturer]] diesel systems supplied by Caterpillar (2 engines)
- Typical cruise 18 kn (20.71 mph) with a top speed near 21 kn (24.17 mph)
- Interior design by Designs by Shelly; hull architecture by Hargrave
- Sleeps 8 with 8 heads and includes 2 crew cabins
- Generous tankage: 3,413 gal fuel capacity and 600 gal fresh water
- Built on a fiberglass and plastic hull with fiberglass decks for durable, low-maintenance construction

## Technical Specifications

---

- Length overall: 96 ft (29.41 m)
- Beam: 20 ft (6.1 m)
- Draft: 17.498–18.045 ft (5.3333–5.5 m)
- Gross tonnage: 105 GT
- Class: motor yacht
- Hull: fiberglass and plastic construction; configuration: Semi-Displacement
- Deck material: Fiberglass
- Engines: 2 x Caterpillar, Inboard, Diesel
- Speed: 18 kn cruise (20.71 mph); 21 kn max (24.17 mph)
- Designers: Hull by Hargrave; interior by Designs by Shelly
- Accommodations: 8; Heads: 8; Crew cabins: 2
- Capacities: Fuel 3,413 gal; Water 600 gal

## Pricing and Ordering

---

To obtain up-to-date pricing, confirm availability, or receive professional brokerage advice on the Capri Skylounge, contact Andrey Shestakov at Shestakov Yacht Sales. Our brokerage team can guide you on market timing, comparable listings, and how this motor yacht stacks up within its category.

## Questions and Answers

---

Q: What type of yacht is the Capri Skylounge? A: It's a motor yacht constructed with a fiberglass and plastic hull and specified as a **semi-displacement** vessel to balance performance and comfort.

Q: What are the key dimensions? A: **LOA** measures 96 ft (29.41 m), **beam** is 20 ft (6.1 m), and **draft** varies from 17.498 to 18.045 ft (5.3333–5.5 m).

Q: How fast does it go? A: **Cruise speed** is 18 kn (20.71 mph) and the **maximum speed** is about 21 kn (24.17 mph).

Q: Who designed and built it? A: The hull was developed by Hargrave, the interior is by **Designs by Shelly**, and the construction follows a fiberglass and plastic build approach by Hargrave.

Q: What are the accommodations and capacities? A: **Accommodations** for 8 with **8 heads** and **2 crew cabins**; **fuel** capacity is 3,413 gal and **fresh water** capacity is 600 gal. For cabin layouts and customization options, consult Andrey Shestakov and the Shestakov Yacht Sales team.

## Owner Experience Review

---

Owners are drawn to the Capri Skylounge from Hargrave for its practical live-aboard qualities and versatile mission profile. In regular use it functions well as a family cruiser thanks to four ensuite staterooms, dedicated crew quarters, and a salon with a country style galley; the large aft social areas and the enclosed skylounge also make hosting weekends straightforward. Several owners outfit their boats for occasional charter, and the climate-controlled skylounge delivers sweeping views and a quieter space for underway gatherings.

Underway, the deep V hull combined with Naiad stabilizers consistently receives praise for ride comfort. Sea-trial commentary frequently notes that straight-line tracking is excellent and turn stability strong, with responsive handling and minimal heel. Within the skylounge at cruising speed, “the engines were practically unnoticeable,” a testament to effective soundproofing and engineering. Owners typically find the most economical performance in the ~14–19 knot band, commonly cruising around 18–19 knots with top speeds in the low 21–22 knot range. The boat’s large fuel capacity and efficient hull form support extended passages for owner operators.

From a maintenance perspective, common main engines are Caterpillar 3412s or C 30s, and routine Caterpillar service schedules apply; public discussions do not highlight recurring brand specific failures. The service access layout is generally regarded as straightforward, and 2003–2005 vintage examples frequently show age appropriate refits: generator replacements (approximately 30 kW), A/C system work, watermaker servicing, and galley modernizations. Exterior styling is often described as conservative, while the interior layout and functionality receive consistent approval from owners.

## Pros and Cons

- Enclosed, climate controlled skylounge provides panoramic sightlines and a subdued gathering space underway.
- Deep V hull paired with Naiad stabilizers produces excellent straight line tracking, strong turn stability, and agile handling.
- Practical four ensuite stateroom arrangement with salon and country kitchen galley fits family cruising and light charter use.
- Exterior styling is conservative and may not suit buyers seeking bolder looks.
- Examples from the 2003–2005 era commonly require age appropriate refits (generators, A/C, watermaker, galley) and ongoing Cat maintenance budgeting.
- Performance emphasizes comfort over high speed, with cruising typically in the high teens and top speeds around 21–22 knots.

## Comparison with Other Models

| Model           | LOA               | Beam            | Draft                             | Speed (Cruising/Max) | Gross Tonnage |
|-----------------|-------------------|-----------------|-----------------------------------|----------------------|---------------|
| Capri Skylounge | 96' 0" (29.41 m)  | 20' 0" (6.10 m) | 17' 6" (5.33 m) – 18' 1" (5.50 m) | 18 kn / 21 kn        | 105           |
| RPH             | 114' 0" (34.75 m) | 23' 0" (7.09 m) | 22' 5" (6.83 m)                   | 15 kn / 17 kn        |               |
