OVERVIEW

Experience the versatility of the 230SL SPT by HARRIS—a smart choice for relaxed cruising and waterside fun, presented by Shestakov Yacht Sales and broker Andrey Shestakov. With a thoughtfully engineered platform and reliable MERCURY power, this pontoon is ready for memorable days on the water.

Selecting a 230SL SPT

Choosing the 230SL SPT means opting for a practical, easy to own motor yacht that thrives in social, family-friendly settings. Its layout and performance profile suit lakes, bays, and calm coastal waters where a понтонная компоновка shines for comfort and space.

Features of the Model

• Designed around leisure and simplicity, the 230SL SPT emphasizes usable deck space and straightforward operation.
• MERCURY single outboard offers dependable propulsion with the convenience of **unleaded** fuel.
• Durable алюминиевый корпус construction and aluminum deck materials support easy upkeep and long service life.
• Hull configuration listed as “Other,” aligning with pontoon-style structure for stable, relaxed cruising.

Technical Specifications

• Length overall (LOA): 25 ft (7.62 m)
• Engines: 1 x MERCURY

- Engine type: Outboard
- Fuel type: Unleaded
- Hull material: Aluminum Yachts
- Deck material: Aluminum
- Hull configuration: Other
- Classification: motor yacht | понтон | алюминиевый корпус

Questions and Answers

Q: What kind of waters suit the 230SL SPT best? A: With its pontoon-oriented layout and “Other” hull configuration, it excels on calm inland waters and protected coastal areas where a **stable platform** is a priority.

Q: What powers the 230SL SPT? A: A single **MERCURY outboard** using **unleaded** fuel provides straightforward performance and easy servicing.

Q: How is the boat constructed? A: The vessel features an **aluminum hull** and **aluminum deck** , aligning with алюминиевый корпус standards for durability and low maintenance.

Q: Is this a motor yacht or a specialty class? A: It is classified among motor yacht with a понтонная конфигурация focus, emphasizing comfort and social space over high-speed cruising.

Q: Who can help me purchase this model? A: Contact **Andrey Shestakov** at

Shestakov Yacht Sales for expert brokerage support on the 230SL SPT by HARRIS.

Owner Experience Review

Owners position the 230SL SPT by HARRIS as a social dayboat for lakes, leaning on a generous open layout with lounges and the SL single rear-facing lounger. Feedback centers on easy, confidence-inspiring stability in calm to moderate lake chop and nimble handling for a 23-foot pontoon, particularly when configured with a twin/three-tube chassis and higher horsepower. Many pair the boat with 175–200+ hp Mercury outboards, reporting a brisk, comfortable cruise for casual day use, watersports, and short near-shore runs.

On board, the focus is squarely on daytime comfort: practical storage, abundant cupholders, and optional raised helm and upgraded helm seats get praise for ergonomics. At the same time, owners describe it as a true dayboat with minimal overnight capability, and some note that shade coverage can feel limited depending on configuration. Maintenance is straightforward thanks to outboard power—routine Mercury service items apply—and underdeck electrical runs are referenced by dealers for added protection. Service costs track with the chosen Mercury outboard in the 175–250 hp range.

Pros and Cons

• Stable and confidence-inspiring ride in calm to moderate lake chop.
• Social SL layout with generous lounges suits entertaining and family day use.
• Brisk, comfortable cruise and watersports capability with 175–200+ hp Mercury power.
• Limited overnight accommodations; primarily a dayboat.
• Shade can be limited on some configurations.
• Operating and service costs vary with higher-hp Mercury outboards.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/...	Gross Tonnage
230SL SPT	25' 0" (7.62 m)
