OVERVIEW

The 250 SL blends day-cruising comfort with versatile performance, presented by Shestakov Yacht Sales and broker Andrey Shestakov. As a refined pontoon-style platform by HARRIS, the 250 SL is tailored for relaxed entertaining, watersports, and easy ownership.

Selecting a 250 SL

Choosing the 250 SL means opting for a spacious layout and straightforward operation in a compact 25 ft footprint. It's a practical motor yacht with the sociable flexibility of a pontoon configuration and the resilience of an lightweight aluminum build hull. Shestakov Yacht Sales and Andrey Shestakov can guide you through options and availability to match your boating style.

Features of the Model

• Built by HARRIS with an emphasis on comfort and open-deck versatility.
• Single-engine simplicity for easy handling and maintenance.
• Durable aluminum construction with aluminum deck for longevity and low upkeep.
• Layout suited to family cruising, sandbar days, and casual watersports.
• Supported by Shestakov Yacht Sales for brokerage insight and transaction confidence.

Q: Who is the builder of the 250 SL? A: The model is built by HARRIS, recognized for practical, comfort-forward designs in the motor yacht class.

Q: What engine setup does it have? A: A single MERCURY outboard provides **reliable** and **simple** propulsion with **unleaded** fuel.

Q: What are the exact dimensions? A: Length overall is 25 ft (7.62 m), delivering a compact footprint with abundant deck space.

Q: How can I arrange a viewing or get pricing? A: Contact Shestakov Yacht Sales

and broker Andrey Shestakov for **pricing** , **showings** , and **purchase** guidance on the 250 SL.

Owner Experience Review

Owners who run the 250 SL from HARRIS consistently describe it as a dayboat built for family cruising and entertaining, with seating and lounges that stay comfortable through long lake days. The pop-up lunch counter gets specific praise for being sturdier than a typical pedestal table, and the rotomolded seat bases feel durable in daily use. Storage is a strong point—deep ski locker and numerous compartments—though some note the many nooks add time to post outing cleanup. It's not an overnight boat, and buyers treat it as a premium day cruiser rather than a cabin platform.

On the water, feedback highlights handling that's unusually crisp for a pontoon, especially with the triple tube Performance III setup that gives firm cornering and stability in moderate chop. Several owners emphasize that engine choice defines the experience: high power outboards deliver mid 30s cruising with near 50 mph top end in testing, while smaller engines bring gentler performance. Trim awareness matters—over trimming in tight turns can invite ventilation—so experienced operators get more out of the hull. Maintenance impressions focus on the heavy duty build and its reassuring solidity, with an acknowledgment that higher horsepower engines carry higher service costs.

Pros and Cons

• Handles aggressively for a pontoon, especially with Performance III triple tube packages.
• Comfortable lounges and sturdy pop up lunch counter make entertaining easy.

• Abundant storage with a deep ski locker suits family cruising and watersports.
• Performance depends strongly on engine choice and prop setup.
• More nooks and features can make cleaning and detailing take longer.
• Higher hp outboards can increase ownership and service costs.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/...	Gross Tonnage
250 SL	25' 0" (7.62 m)				
Grand Mariner 250	27' 0" (8.28 m)	8' 0" (2.59 m)	3' 7" (1.08 m)
