# OVERVIEW

---

Crafted by HCB, the 53 Suenos marries the freedom of a motor yacht with the purpose-built attributes of a sport fisherman, all atop a proven fiberglass platform. Shestakov Yacht Sales, under broker Andrey Shestakov, stands ready to support owners from the first consultation through handover.

---

## Selecting a 53 Suenos

---

Picking the ideal 53-foot platform is simpler when you work with a focused brokerage. Shestakov Yacht Sales will assess whether your priority is cruising, serious fishing, or a mix of both, then match that mission to what HCB and Mercury propulsion deliver. Coordinate directly with broker Andrey Shestakov for customized guidance, inspections, and an efficient route to closing.

---

## Features of the Model

---

- Dual-purpose identity as a motor yacht and sport fisherman for flexible on-water missions.
- Durable fiberglass construction paired with a Fiberglass deck material.
- Mercury propulsion: factory-specified power from a trusted engine manufacturer.
- Substantial 53 ft (16.15 m) LOA provides ample footprint for cruise days and fishing agendas.
- Built by HCB, ensuring brand-specific build standards and finish.

---

## Technical Specifications

---

- Builder: HCB

- Model: 53 Suenos
- Classification: motor yacht; sport fisherman
- Hull: fiberglass and plastic
- Deck Material: Fiberglass
- Length Overall (LOA): 53 ft (16.15 m)
- Engine Count: 1
- Engine Manufacturer: Mercury

## Pricing and Ordering

---

To obtain up to date pricing, build options, and delivery timelines for the 53 Suenos by HCB, reach out to Shestakov Yacht Sales. Broker Andrey Shestakov will manage specification selection, scheduling, and all documentation through survey, closing, and final delivery.

## Questions and Answers

---

Q1: What is the classification of the 53 Suenos? A1: It is recognized as both a motor yacht and a sport fisherman, built on a fiberglass hull platform by HCB. This dual-role **classification** supports mixed cruising and fishing agendas.

Q2: What are the key dimensions and construction materials? A2: The model has an LOA of 53 ft (16.15 m) with a Fiberglass deck and a fiberglass-based hull. These **dimensions** and **materials** deliver a capable, low-maintenance footprint.

Q3: What powers the yacht? A3: The 53 Suenos is specified with 1 engine from Mercury. This **propulsion** setup underscores the model's straightforward, reliable **engine** solution from a recognized manufacturer.

Q4: Who will manage my purchase process? A4: Shestakov Yacht Sales and broker Andrey Shestakov provide end-to-end **broker support** —from

consultations and showings to offer strategy and **negotiation**—for the 53 Suenos by HCB.

Q5: How do I start and what services can I expect? A5: Begin by contacting Shestakov Yacht Sales. Expect tailored **pricing guidance**, current **availability** checks, coordination of inspections, and delivery logistics—all managed by Andrey Shestakov for a seamless experience with the 53 Suenos.

## Owner Experience Review

---

Owners are drawn to the 53 Suenos by HCB for its split personality: it functions as a tournament-ready center console with integrated fish boxes, dedicated tackle storage, and ergonomic fishing features, yet also performs as an upscale dayboat capable of overnight stays. The full cabin, equipped with a galley and a separate head/shower, provides genuine weekender capabilities, while the mezzanine lounge (available with optional air conditioning), expansive forward sun pads, and convertible table arrangements make entertaining up to a dozen guests straightforward. Beyond private owners, this model frequently appears in Caribbean day charter operations and serves as a superyacht chase boat; market listings include model years from 2018 through 2026.

On the water, reviewers characterize the hull as lively and confident, with a roughly 22 degree deep V that delivers a composed, yacht like offshore ride. Owners commonly fit multiple outboard packages—quad 425s or 600s, and in some cases quint 450s—with published top speeds in high horsepower setups around 50–52 knots and typical cruise speeds in the mid 30s to 40s depending on load. Many report precise, well planted handling at speed, though a minority of forum posts reference hard impacts when the boat is heavily loaded or operated in confused sea conditions.

Fit and finish are frequently praised as yacht grade, and factory and aftermarket options cover custom interiors, refrigerated systems, generators,

and Seakeeper stabilizers. Ownership, however, can entail greater service complexity and higher operating expenses when running quad or quint outboards; broker listings often document major refits such as new generators, Seakeepers, or full repowers. Forum feedback on build consistency is mixed, including isolated claims of hull delamination on some builds—outcomes that appear to vary by individual hull and maintenance history.

## Pros and Cons

- Athletic deep V ride with confident offshore manners and responsive handling.
- True overnight capability via a full cabin with galley and separate head/shower.
- Versatile platform for tournament fishing, luxury day trips, charters and chase boat duties; comfortable for up to a dozen guests.
- Can deliver hard impacts in confused seas or when heavily loaded, per some owner/forum comments.
- Quad or quint high horsepower outboards increase service complexity and operating costs.
- Forum reports cite build quality concerns on some boats, including alleged hull delamination.

## Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/Max)	Gross Tonnage
53 Suenos	53' 0" (16.15 m)				
Suenos	53' 0" (16.15 m)	13' 0" (3.96 m)	8' 9" (2.67 m) – 12' 0" (3.67 m)	52 kn / 63 kn	

Campeon 48	47' 0" (14.48 m)	13' 0" (4.17 m)	8' 6" (2.58 m) – 11' 9" (3.58 m)		
Siesta	42' 0" (12.80 m)	12' 0" (3.71 m)	6' 7" (2 m)		
Suenos 53	53' 0" (16.15 m)	13' 0" (3.96 m)	8' 9" (2.67 m) – 12' 0" (3.67 m)	40 kn / 58 kn
