## OVERVIEW

---

The 56 Suenos GIX from HCB pairs ocean-going capability with the convenience of a dayboat. Presented as a motor yacht in a center console yacht configuration, this 56 ft (17.07 m) design uses five Mercury outboards and a Deep Vee running surface built on a fiberglass-and-plastic hull. Contact Andrey Shestakov and the Shestakov Yacht Sales team to check availability and discuss purchase options.

## Selecting a 56 Suenos GIX

---

Opting for the 56 Suenos GIX emphasizes roomy accommodations, extended range, and confident seakeeping. With a 13 ft (3.96 m) beam the yacht offers a steady platform, while a 1,300-gallon fuel store and five Mercury gas outboards support long cruises. The Deep Vee hull improves ride comfort, and the layout captures the efficiency of a center console yacht scaled up to true motor yacht proportions.

## Features of the Model

---

- Hull and ride: Deep Vee hull form built on a fiberglass-and-plastic foundation to balance strength and efficient performance.
- Power: A lineup of five Mercury outboard engines fueled by gas gives quick throttle response and redundancy for offshore work.
- Dimensions and capacity: Overall length 56 ft, 13 ft beam, 1,300 gallons of fuel capacity, and 130 gallons of fresh water.
- Deck construction: Durable fiberglass deck engineered for easy maintenance and long-term durability.
- Category fit: A large-format center console yacht that occupies the motor yacht market segment with confidence.

## Technical Specifications

---

- Builder: HCB
- Model: 56 Suenos GIX
- LOA: 56 ft (17.07 m)
- Beam: 13 ft (3.96 m)
- Engines: 5 x Mercury
- Engine type: Outboard
- Fuel type: Gas
- Fuel capacity: 1,300 gal
- Water capacity: 130 gal
- Hull configuration: Deep Vee
- Hull material: fiberglass-and-plastic
- Deck material: Fiberglass

## Pricing and Ordering

---

Shestakov Yacht Sales offers personalized assistance to choose and spec your 56 Suenos GIX. For up-to-date pricing, custom build options, and expected delivery windows, reach out to Andrey Shestakov and the brokerage team. We arrange inspections, handle negotiations, and guide you through closing to simplify acquisition of this center console yacht in the motor yacht category.

## Questions and Answers

---

Q: What type of yacht is the 56 Suenos GIX? A: It is a **motor yacht** configured as a **center console yacht** to serve both dayboat and extended-cruise roles.

Q: Who builds the 56 Suenos GIX? A: The yacht is produced by **HCB**, a brand recognized for premium center console construction and

performance-focused designs.

Q: What powers the boat? A: Propulsion comes from five **Mercury outboard** engines running on **gas** , delivering strong acceleration and multi-engine control.

Q: What are the key capacities and dimensions? A: LOA **56 ft (17.07 m)** , beam **13 ft (3.96 m)** , fuel capacity **1,300 gal** , and fresh water capacity **130 gal** .

Q: How is the hull and deck constructed? A: The vessel features a **Deep Vee** running surface on a **fiberglass-and-plastic** hull, paired with a **fiberglass** deck for longevity and straightforward upkeep.

## Owner Experience Review

---

Owners, demo teams, and test crews describe the 56 Suenos GIX from HCB as an uncommon mix of sociable dayboating, serious offshore fishing capability, and bona fide multi-day cruising comfort. The deck layout is optimized for groups, offering plentiful seating, vinyl that stays cool against dark upholstery, a convertible bow sunpad, and shaded social zones; helm and second-row air conditioning keep passengers comfortable during hot passages. Below decks, the two-stateroom layout includes a full galley, a private head, and more than 6½ ft of headroom, delivering yacht-level accommodations suitable for island hopping or extended offshore trips.

On the water the boat is reported to handle rough conditions with composure; one sea trial noted the boat "just ate it up" when powered by quint Mercury V12 600s with a Seakeeper 9 installed. Test impressions highlighted a smooth, planted feel with little bow rise, cruising near 45 mph and a top end close to 65 mph in the test configuration. Seakeeper-ready setups further diminish roll and improve onboard comfort. Serviceability is also a plus: a walk-in machinery space beneath the cockpit grants yacht-style access to the

generator and key systems. Owners should note that common power choices—quad or quint Mercury V12 Verado 600s—introduce greater mechanical complexity and demand specialized parts and dealer service; additionally, because the model debuted in 2024–2025, long term ownership data is limited and much feedback currently comes from demos and recent listings rather than extended owner histories.

## Pros and Cons

- Composed ride in chop with smooth, planted handling; Lakeland recorded ~45 mph cruise and ~65 mph top speed.
- Two stateroom cabin with full galley, private head and well over 6½ ft headroom supports multi day cruising.
- Serious sportfishing setup with outriggers, large fishboxes, twin 80 gal livewells and ample rod storage.
- Quad or quint Mercury V12 Verado powertrains are higher complexity and carry higher dealer/service costs.
- V12 Verado installations require specialized service and parts compared with conventional outboards.
- Limited long term owner history for this 2024–2025 introduced model, so most feedback is from demos and reviews.

## Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/Max)	Gross Tonnage
56 Suenos GIX	56' 0" (17.07 m)	13' 0" (3.96 m)
