OVERVIEW

The Talaria 55 MKII from Hinckley is an elegant motor yacht featuring a fiberglass and plastic hull penned by Bruce King. Powered by twin inboard Caterpillar diesel engines and built as a monohull with a composite deck, it balances confident performance with comfortable cruising. Represented by Andrey Shestakov and Shestakov Yacht Sales.

Selecting a Talaria 55 MKII

Opt for the Talaria 55 MKII when you seek a high-speed, seaworthy motor yacht that delivers serious cruising capability. At 55 ft (16.84 m) LOA and a 17 ft (5.41 m) beam, the design provides spacious onboard volume while preserving lively performance: a 34-knot cruising pace and a 39-knot top end (39.13 mph and 44.88 mph). Twin inboard Caterpillar diesels, Bruce King's monohull lines, and a composite deck all underline its build quality. With 1,200 gallons of fuel and 200 gallons of freshwater aboard, it's configured for extended runs.

Features of the Model

- Performance pedigree: Sustained 34-knot cruising speed and a 39-knot maximum for fast, efficient passages.
- Proven propulsion: Twin Caterpillar inboard diesel engines deliver dependable thrust and responsiveness.
- Thoughtful construction: Hull constructed in fiberglass and plastic with a composite deck on Bruce King's monohull platform.
- Capable capacities: Substantial tanks—1,200 gallons of fuel and 200 gallons of water—support longer itineraries and fewer refueling stops.
- Backed by expertise: Offered through Andrey Shestakov and Shestakov Yacht Sales, providing experienced brokerage and buyer support.

Technical Specifications

- Builder / Shipyard: Hinckley
- Model designation: Talaria 55 MKII
- Vessel category: motor yacht
