OVERVIEW

The Horizon FD110-007 AVAIAABLE FLIBS 2026 by Horizon Yachts is a modern motor yacht in the wider motor yachts category, featuring a Cor D Rover hull executed in fiberglass construction. Powered by twin CAT inboard diesels, fitted with ample tankage and a generous 25 ft beam, it is arranged for relaxed cruising and entertaining. For availability and purchasing assistance, contact Andrey Shestakov and the team at Shestakov Yacht Sales.

Selecting a Horizon FD110-007 AVAIAABLE FLIBS 2026

Opting for the Horizon FD110-007 AVAIAABLE FLIBS 2026 means choosing a 112-foot platform that emphasizes onboard volume, practicality, and refined build quality. This motor yacht combines a 25 ft (7.67 m) beam with a Cor D Rover hull form and a durable fiberglass hull, driven by twin CAT inboard diesel engines. Shestakov Yacht Sales and Andrey Shestakov stand ready to advise on configurations, timelines, and next steps for acquisition.

Features of the Model

- Generous 25 ft (7.67 m) beam creating substantial interior volume and roomy living areas.
- Cor D Rover hull geometry paired with tough fiberglass construction.
- Twin CAT powerplants with **Inboard** installation and **Diesel** fuel for proven performance.
- Large tank capacities: 5,500 gallons of fuel and 800 gallons of fresh water to support extended passages.
- Deckwork executed in Fiberglass consistent with the hull's resilient construction.
- Clearly positioned as an upscale motor yacht within the motor yachts market.

Technical Specifications

- LOA: 112 ft (34.14 m)
- Beam: 25 ft (7.67 m)
- Max Draft: 20.232 ft (6.1666 m)
- Engines: 2 x CAT, Inboard, Diesel
- Hull Designer: Cor D Rover
- Hull: fiberglass and plastic
- Deck: Fiberglass
- Fuel Capacity: 5,500 gal
- Water Capacity: 800 gal
- Type: motor yacht | Category: motor yachts

Pricing and Ordering

For up-to-date pricing, customization options, and estimated delivery for the Horizon FD110-007 AVAIAABLE FLIBS 2026, reach out to Andrey Shestakov at Shestakov Yacht Sales. Our brokers will manage your specification choices and coordinate the build and purchase process with Horizon Yachts to ensure a seamless ordering experience.

Questions and Answers

- What kind of yacht is this model? As a motor yacht within the motor yachts sector, it is intended for flexible private cruising and is built on a strong fiberglass hull.
- Who designed the hull and styling? The hull and styling are the work of **Cor D Rover** , offering contemporary lines and an efficient underwater form.
- What powers the yacht? The yacht is driven by 2 x **CAT** engines in an **Inboard** layout, running on **Diesel** , chosen for reliability and serviceability.

- What are the key dimensions and capacities? The yacht measures **LOA** 112 ft (34.14 m), **Beam** 25 ft (7.67 m), **Draft** 20.232 ft (6.1666 m), with **Fuel** capacity of 5,500 gal and **Water** capacity of 800 gal.
- How do I order through Shestakov Yacht Sales? Contact Andrey Shestakov at Shestakov Yacht Sales to review the specification and place an order for the Horizon FD110-007 AVAIAABLE FLIBS 2026 with Horizon Yachts.

Owner Experience Review

Owners commonly choose the Horizon FD110-007 AVAIAABLE FLIBS 2026 from Horizon Yachts for family-focused cruising and entertaining, with popular itineraries including the Bahamas, the Florida Keys and the Turks & Caicos. The five-stateroom arrangements, a roomy main-deck salon paired with a country-kitchen style galley, plus amenities such as a large beach club, an enclosed skylounge, a foredeck jacuzzi and a three-deck sun deck create an environment tailored to weekend escapes, social events and charter operations. Owner testimonials reflect strong satisfaction and a family-oriented appeal.

When underway, pilots note a commanding helm station with excellent forward sightlines, complemented by ABT-Trac fin stabilizers and hydraulic bow and stern thrusters that improve comfort at anchor and maneuverability in tight spaces. The shaft-drive configuration with tactile ZF throttles and integrated systems contributes to assured handling, while the reported cruising band of 18–23 knots (depending on engine choice) and an advertised range of roughly ~2,000 nm make the yacht suitable for efficient, ocean-capable passages rather than outright speed. Practical shipboard features extend below decks: the engine room is described as well-lit with LED lamps, a workbench, a Bauer dive-compressor and neatly arranged service areas, while crew quarters forward with dedicated utility and laundry spaces support extended cruising. Public searches spanning 2022–2026 do not show

concentrated reports of recurring FD110 failures; standard large-yacht maintenance focuses on stabilizers, hydraulic systems, generators and CAT/MAN powertrain upkeep, and prudent owners plan budgets accordingly.

Pros and Cons

- Expansive deck lifestyle: beach club, enclosed skylounge, foredeck jacuzzi and a tri-deck sun deck are ideal for entertaining and chartering.
- A commanding helm, ABT-Trac fin stabilizers and bow/stern thrusters provide confidence and comfort underway and when at rest.
- Five-stateroom arrangements with an optional on-deck owner's suite and a spacious salon/galley support family cruising and guest hosting.
- The hull is optimized for cruising with a typical 18–23-knot operating envelope, so it is not built as a high-speed craft.
- Large-yacht systems (stabilizers, hydraulics, generators, CAT/MAN propulsion) necessitate regular servicing and disciplined maintenance budgeting.
- Long-term, public owner reliability data is limited; most available commentary is broker- and brand-sourced.
