## OVERVIEW

---

The 475 PANACEA by INTREPID POWERBOATS INC is a motor yacht designed with clear sport fisherman versatility and built on a sturdy fiberglass-and-plastic hull. Measuring 47 ft (14.48 m) LOA with a 13 ft (4.17 m) beam, it offers expansive deck areas and assured performance driven by four Yamaha outboards running on gas.

## Selecting a 475 PANACEA

---

Opt for the 475 PANACEA when you need a nimble yet roomy motor yacht that successfully marries onboard comfort with pronounced sport fisherman capability. The quartet of Yamaha outboards affords lively handling and cruising range, supported by a significant fuel inventory. The design includes a single head, practical tank capacities for extended outings, and a resilient fiberglass-and-plastic hull paired with a fiberglass deck for straightforward maintenance. For tailored advice on matching the boat to your program, reach out to Andrey Shestakov and the team at Shestakov Yacht Sales.

## Features of the Model

---

- LOA: 47 ft (14.48 m)
- Beam: 13 ft (4.17 m)
- Power: 4 Yamaha outboards; fuel type: Gas
- Hull: fiberglass-and-plastic construction
- Deck material: Fiberglass
- Heads: 1
- Fuel capacity: 550 gal
- Water capacity: 130 gal

## Technical Specifications

---

- Length overall (LOA): 47 ft / 14.48 m
- Beam: 13 ft / 4.17 m
- Engines: 4 x Yamaha, Outboard, Gas
- Hull: fiberglass and plastic
- Deck: Fiberglass
- Heads: 1
- Fuel capacity: 550 gal
- Water capacity: 130 gal
- Classification: motor yacht; sport fisherman

Our brokerage team will arrange inspections, manage paperwork, and coordinate delivery for this motor yacht with a sport fisherman focus.

## Questions and Answers

---

Q: What type of yacht is the 475 PANACEA? A: It is a motor yacht designed with pronounced sport fisherman capability built upon a fiberglass-and-plastic hull.

Q: What powers the boat? A: Four **Yamaha outboard** engines running on **gas** (4 x Yamaha, Outboard, Gas).

Q: What are the key dimensions? A: **LOA 47 ft (14.48 m)** and **beam 13 ft (4.17 m)** .

Q: What are the capacities and onboard amenities? A: **Fuel capacity 550 gal** , **water capacity 130 gal** , and **1 head** .

Q: How do I order through Shestakov Yacht Sales? A: Contact **Andrey Shestakov** at **Shestakov Yacht Sales** to review the 475 PANACEA by INTREPID POWERBOATS INC, confirm specifications, and move forward with offer, survey, and delivery.

## Owner Experience Review

---

Owners typically run the 475 PANACEA by INTREPID POWERBOATS INC hard and frequently, using it for family cruises and overnight weekends because it provides a full galley, a head, cabin A/C, and an unusually roomy, yacht style cabin. The same platform is equally at home as a serious sportfisher with its expansive cockpit, dedicated fishboxes, and optional outriggers, and it's favored by divers and charter operators for the signature swing in dive door and straightforward guest boarding.

With quad outboards many owners operate the boat as a performance cruiser for long, fast trips; brokerage listings commonly show model years from about 2015 through 2022. On the water the stepped hull has earned a reputation for cutting through waves, providing a confident offshore ride with steady tracking and good stability in chop. Reported test numbers include an approximate top speed of 60.7 mph, a rapid time to plane near 5.3 s, and an efficient cruise at about 30–31 mph around 3500 rpm, while optional joystick and bow thruster packages are frequently added to aid close quarters maneuvering. Ownership requires planning: four outboards increase fuel consumption and routine service costs, though access and system layout are neat, and repowers noted in listings reflect long term engine planning. Expect higher annual operating costs overall, including marina fees appropriate for a vessel of roughly 47'.

## Pros and Cons

- Confident offshore ride from a wave crushing stepped hull with predictable tracking in chop.
- Unusually spacious, yacht like cabin with galley, head, V berth and A/C supports multi day family cruising.
- High performance for the size, with quick time to plane and reported ~60.7 mph top speed.
- Quad outboards drive higher fuel burn and routine service costs than smaller-engine setups.
- Size and weight demand careful prop/engine configuration and benefit from joystick/bow thruster options.
- Repowers seen in listings point to eventual engine replacement costs owners should plan for.

## Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/Max)	Gross Tonnage
475 PANACEA	47' 0" (14.48 m)	13' 0" (4.17 m)
