OVERVIEW

The 42 Center Console REPOWERED from INVINCIBLE pairs true offshore capability with upgraded repower efficiency in a versatile motor yacht built on a tried-and-true fiberglass hull. Listed by Andrey Shestakov and Shestakov Yacht Sales, it presents a solid option for anglers and day-cruisers who demand generous space, reliable performance, and straightforward ownership.

Selecting a 42 Center Console REPOWERED

Opting for the 42 Center Console REPOWERED means choosing a spacious center-console platform outfitted with three Yamaha outboards, a large fuel store for extended runs, and an onboard head for convenience. As a blue-water capable motor yacht from INVINCIBLE, it's engineered to day-cruise, tackle offshore passages, or cover long distances in comfort on a resilient fiberglass hull. For personalized advice on spec choices and the buying process, consult Andrey Shestakov and the Shestakov Yacht Sales team.

Features of the Model

- Repowered with three Yamaha outboards that provide contemporary dependability and easier service access
- Gas/Petrol propulsion for broad fuel availability and uncomplicated operation
- Large 675 gallon fuel capacity to support extended trips between refueling
- Single onboard head (1) to improve comfort during full days aboard
- Fiberglass deck for straightforward cleaning and minimal upkeep
- Sturdy fiberglass construction beneath your feet for durability and solid seakeeping
- Confident dimensions: 42 ft LOA and 11 ft beam offering stability and

generous deck room

- Manufactured by INVINCIBLE, a builder noted for functional center-console layouts

Technical Specifications

- Model: 42 Center Console REPOWERED
- Builder: INVINCIBLE
- Classification: motor yacht
- Hull material: fiberglass
- Deck material: Fiberglass
- LOA: 42 ft (12.8 m)
- Beam: 11 ft (3.53 m)
- Engines: 3 × Yamaha, type Outboard
- Fuel type: Gas/Petrol
- Fuel capacity: 675 gal
- Heads: 1

Pricing and Ordering

For up-to-date pricing, current availability, or to arrange a private inspection of the 42 Center Console REPOWERED, get in touch with Shestakov Yacht Sales. Broker Andrey Shestakov will assist with detailed specifications, survey coordination, and negotiation to help you secure the vessel under favorable terms.

Questions and Answers

Q: What makes the 42 Center Console REPOWERED stand out in its class? A: It's a large format center console motor yacht from INVINCIBLE built on a proven

fiberglass hull, delivering **center console** practicality together with the assurance of a **repowered** package.

Q: What propulsion does it use? A: The vessel is equipped with **three Yamaha outboards** running on **Gas/Petrol**, chosen for straightforward maintenance and operational simplicity.

Q: What are the key dimensions I should know? A: **LOA 42 ft (12.8 m)** and **Beam 11 ft (3.53 m)** define a stable platform with ample working and social deck area.

Q: What onboard capacities and amenities support long days on the water? A: A **Fuel capacity of 675 gal** combined with **1 head** increases range and onboard comfort for extended excursions.

Q: How do I purchase through Shestakov Yacht Sales? A: Contact **Shestakov Yacht Sales** and broker **Andrey Shestakov** for expert consultation, vessel viewings, and full transaction support on the 42 Center Console REPOWERED by INVINCIBLE.

Owner Experience Review

Owners and captains who run the 42 Center Console REPOWERED from INVINCIBLE frequently use it as a hardcore offshore sportfishing and tournament boat, praising its long-range fuel capacity and top-end speed that let them make quick repositioning between fishing grounds. On the water, operators report a soft, forgiving motion in rough, three- to four-foot chop and note that during a wheel-hard-over turn at 50 mph the hull banks in without sliding. Repowered versions fitted with quad 400-hp outboards demonstrate brisk acceleration and a sure-footed high-cruise, consistent with the REPOWERED intent.

Comfort assessments highlight the center-cabin arrangement for practical

livability: owners often describe a genuine cabin space that invites naps, and some reviews reference a usable galley and shore-power hookups supportive of family overnight stays. Deck ergonomics are consistently called out as fishing-friendly, with large fishboxes and intelligently placed rail and rod setups noted by independent reviewers.

Regarding ownership, brokerage records include several 42-foot hulls that have undergone repowers—for example, a 2014 hull repowered in 2019 with quad Mercury 400 Verados. Outboard configurations are typically easier to service than inboard systems, though four 400s inevitably increase routine maintenance and parts expenses compared with smaller engine packages. Likewise, forum posts across big center-console communities flag potential hull delamination issues on some large models, making comprehensive surveys and inspections a wise precaution.

Pros and Cons

- Soft, forgiving ride reported in three- to four-foot chop.
- Confident high-speed handling; leans in during hard-over turns at 50 mph with no slide.
- Center-cabin livability and a fishing-friendly cockpit with large boxes and smart rod/rail layouts.
- Quad 400-hp outboards deliver performance but raise routine service and parts costs.
- Many owners choose to repower, which adds expense even as it boosts speed and reliability.
- Forum reports across big center-console brands warn about possible hull delamination, so thorough inspections are advised.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/ Max)	Gross Tonnage
42 Center Console REPOWERED	42' 0" (12.80 m)	11' 0" (3.53 m)			13400
