## OVERVIEW

---

Presented by Shestakov Yacht Sales, the 83' SKYLOUNGE WFISHING COCKPIT from Johnson is a motor yacht built on a semi-displacement platform with a fiberglass and plastic hull. The hull form is the work of Dixon Yacht Design while Johnson Yachts is responsible for the interior concept and fit-out. For full specifications, viewings, or to arrange a private consultation, reach out to broker Andrey Shestakov.

---

## Selecting a 83' SKYLOUNGE WFISHING COCKPIT

---

Opting for the 83' SKYLOUNGE WFISHING COCKPIT places emphasis on established naval architecture, steady performance, and ample living areas. Measuring 83 ft (25.3 m) overall with a 20 ft (6.32 m) beam, this model comfortably accommodates 8 guests across its stateroom layout, includes 4 heads, and provides sleeping quarters for 2 crew—well suited to extended voyages.

Built on a semi-displacement hull and propelled by twin MAN inboard diesel engines, the yacht is rated for a cruising speed of 21 knots and a top speed near 25 knots, supported by generous tankage of 1,600 gallons of fuel and 350 gallons of fresh water. Shestakov Yacht Sales and broker Andrey Shestakov are available to help you match these capabilities to your cruising plans and requirements.

---

## Features of the Model

---

- Semi-displacement hull delivering a compromise of speed and onboard comfort
- Twin MAN inboard diesel propulsion package

- Arrangement for 8 guests with 4 heads and separate crew sleeping for 2
- Hull penned by Dixon Yacht Design; interior architecture by Johnson Yachts
- Sturdy fiberglass deck construction
- Typical cruise speed 21 kn (24.17 mph); top speed approximately 25 kn (28.77 mph)
- Fuel tankage 1,600 gal; fresh water capacity 350 gal
- Category: motor yacht; hull: fiberglass and plastic

## **Technical Specifications**

---

- Model: 83' SKYLOUNGE WFISHING COCKPIT
- Builder: Johnson
- Length overall (LOA): 83 ft (25.3 m)
- Beam: 20 ft (6.32 m)
- Draft: min 19.685 ft (6 m); max 19.958 ft (6.0833 m)
- Gross tonnage: 63
- Hull configuration: Semi-Displacement
- Hull material: fiberglass and plastic
- Deck material: Fiberglass
- Hull designer: Dixon Yacht Design
- Interior designer: Johnson Yachts
- Engines: 2 x MAN, Inboard, Diesel
- Cruise speed: 21 kn (24.17 mph)
- Max speed: 25 kn (28.77 mph)
- Accommodation: 8
- Heads: 4
- Crew beds: 2
- Fuel capacity: 1,600 gal
- Water capacity: 350 gal

## Owner Experience Review

---

Owners of Johnson skylounge models describe using these yachts as family-centered, owner-operated vessels, frequently deployed on coastal runs

from the U.S. East Coast to the Bahamas—exactly the intended role for the 83' SKYLounge WFISHING COCKPIT. Broker literature highlights the Dixon semi-displacement hull with an estimated 21-knot cruise and roughly 25-knot top end, and owner forum feedback characterizes Johnson skylounge boats as "pretty good, solid boat."

Within the fishing-cockpit configuration, listings point to purpose-built features such as rod stations and downvision systems that support both sport fishing and offshore bluewater outings. Interior and deck arrangements noted by owners and brokers include a full-beam aft master suite, an enclosed skylounge that houses the helm, and an expansive aft deck paired with a hydraulic swim platform.

Forum commentary and broker notes emphasize that the aft deck and swim platform feel notably larger compared with other boats in the 70-foot class, supporting a generous salon-to-galley flow and a high level of customization and finish on buyer specifications. As this series has active new-build listings from 2022–2026, long-term operational statistics for the 83-foot variant remain limited, so no definitive failure trends have been established. Owners recommend thorough sea trials, a detailed delivery punch-list, and routine system surveys, with commissioning and warranty handled through the yard/import channels.

## Pros and Cons

---

- Semi-displacement Dixon hull is cited in broker materials as delivering an approximate 21-knot cruise and about 25 knots at top speed.
- A full-beam aft master, enclosed skylounge, and an enlarged aft deck with hydraulic swim platform increase onboard comfort and utility.
- Fishing cockpit arrangement, including rod stations and downvision, supports dedicated sport and bluewater fishing operations.

- Limited long-term owner data for the 83-foot iteration means that extended reliability trends are not yet well-defined.
- Owners advise a comprehensive sea-trial and a detailed delivery punch-list during commissioning to capture builder and fit-out items.
- Service and spare parts are managed through yard/import channels, necessitating some foresight when planning maintenance and logistics.
