OVERVIEW

Discover the 31 Open from LUHRS—a compact motor yacht in the motor yacht class, built on a sturdy fiberglass-and-plastic hull. Measuring 34 ft (10.36 m) overall with an 11 ft (3.61 m) beam, she is typically powered by twin Yanmar inboard diesels and fitted with a single head, offering a practical and economical platform for time spent aboard. Shestakov Yacht Sales, led by broker Andrey Shestakov, can assist from initial selection through to closing.

Selecting a 31 Open

Opting for the 31 Open reflects a preference for a manageable 34 ft footprint, the proven reliability of twin Yanmar inboard diesel installations commonly specified by LUHRS, and the lower upkeep associated with a fiberglass-and-plastic hull. This model suits buyers seeking a versatile motor yacht within the motor yacht class who want a balance of size, capability, and simplicity. For guidance on fit, current availability, and comparable options, consult Andrey Shestakov and the team at Shestakov Yacht Sales.

Features of the Model

- Twin Yanmar inboard diesel engines (2 total) provide dependable propulsion and are straightforward to service.
- The design uses a fiberglass-and-plastic hull with a fiberglass deck for longevity and simplified maintenance.
- Well-proportioned dimensions: LOA 34 ft (10.36 m), beam 11 ft (3.61 m), draft 8.202 ft (2.5 m).
- Functional onboard systems include a single head, 50 gal freshwater tank capacity, and a 300 gal fuel tank.
- Market positioning is within the motor yacht category and the motor yacht

class segment.

Technical Specifications

- Model: 31 Open
- Builder: LUHRS
- Classification: motor yacht / motor yacht class
- Hull: fiberglass-and-plastic hull; Deck: Fiberglass
- LOA: 34 ft / 10.36 m
- Beam: 11 ft / 3.61 m
- Draft (max): 8.202 ft / 2.5 m
- Engines: 2 x Yanmar, Inboard, Diesel
- Heads: 1
- Fuel capacity: 300 gal
- Water capacity: 50 gal

Pricing and Ordering

Broker Andrey Shestakov will manage sourcing, coordinate surveys, offer comparative market advice within the motor yacht arena, and guide you through negotiation and closing. The team can also provide recommendations on logistics and next steps tailored to your schedule.

Questions and Answers

- Q: What engines power the 31 Open? A: The vessel is fitted with twin **Yanmar** engines in an **Inboard** configuration using **Diesel** fuel, offering reliable performance and accessible servicing.

- Q: How big is the boat? A: Principal dimensions are **LOA 34 ft (10.36 m)** , **beam 11 ft (3.61 m)** , and **max draft 8.202 ft (2.5 m)** .
- Q: What is the hull and deck construction? A: The hull falls under the **fiberglass-and-plastic hull** category, while the deck is constructed of **Fiberglass** .
- Q: What capacities does it offer? A: Fuel capacity is **300 gal** , freshwater capacity is **50 gal** , and the layout includes **1 head** .
- Q: Who can help me purchase this model? A: Contact **Andrey Shestakov** at **Shestakov Yacht Sales** for professional brokerage assistance with the 31 Open by LUHRS in the **motor yacht** and **motor yacht class** markets.

Owner Experience Review

Owners typically use the LUHRS 31 Open as a multi-role platform: a comfortable dayboat for picnics and short cruises, or as a serious express fishing boat equipped with bait preparation areas, a 45 gal standup livewell, and in deck fish storage. The boat's deep V hull earns praise for its ability to slice through chop, and there are reports of CE Class B offshore capability.

When underway, many owners report cruising speeds around 24–25 knots with 375 hp gas/inboard setups; alternate configurations such as 380 hp or Volvo IPS systems deliver similar mid 20s cruising speeds with better fuel economy. Owners and dealers with IPS installations describe them as "quicker, much quieter, and much more economical," and they note the systems make docking and single handed maneuvering simpler.

Below deck the 31 Open offers sleeping space for four, finished with a teak & holly sole and a full galley that includes a refrigerator and Corian countertops, with interior headroom around 6'3" (1.91 m). A common complaint is the head's lack of an opening port, limiting ventilation. For maintenance, the helm deck lifts for engine access, and forum discussions indicate some interior

repairs—such as replacing a wiper motor—may require removal of the vinyl headliner; owners of older gas engine boats also talk about repower choices and transmission/rotation decisions.

Pros and Cons

- Deep V hull effectively cuts through waves, with CE Class B offshore capability reported.
- Volvo IPS versions are reported to be quicker, quieter, more fuel efficient, and easier to dock when short handed.
- Adaptable for both fishing and weekend cruising: sleeps four with teak & holly sole, features a full galley with fridge and Corian counter, plus bait prep, a 45 gal livewell, and in deck fishboxes.
- The head does not have an opening port for ventilation.
- Certain interior maintenance tasks can require removing the vinyl headliner (for example, replacing a wiper motor).
- Owners of older gasoline models often consider repowering and must address transmission and rotation compatibility.
