# OVERVIEW

---

The 100 Terrace from Majesty Yachts is a high end motor yacht in the motor yachts category, built on a hull of fiberglass and plastic. Shestakov Yacht Sales represents this model, with broker Andrey Shestakov available to guide buyers from initial inquiry through closing.

---

## Selecting a 100 Terrace

---

When your brief calls for a 100 foot yacht offering exceptional internal volume and the ability to undertake extended cruises, the 100 Terrace is a strong contender. As a purposefully designed motor yacht produced by Majesty Yachts within the competitive motor yachts sector, it pairs a 24 ft beam that creates roomy interiors with twin MTU inboard diesel propulsion for reliable performance, plus living arrangements configured for lengthy stays aboard. Generous fuel and water reserves make extended passages and comfortable itineraries viable.

---

## Features of the Model

---

- LOA of 100 ft (30.48 m) and 24 ft (7.29 m) beam providing substantial interior volume
- Hull classified under fiberglass and plastic with a fiberglass deck
- Twin MTU inboard diesel engines delivering dependable propulsion
- Guest layout for up to 10 people with 5 heads ensuring comfort and privacy
- Three separate crew cabins to support professional operation and service
- Large tankage: 4,000 gal fuel and 800 gal of fresh water

## Technical Specifications

---

- Model: 100 Terrace
- Builder: Majesty Yachts
- Type: motor yacht; Category: motor yachts
- LOA: 100 ft (30.48 m)
- Beam: 24 ft (7.29 m)
- Draft (max): 21.325 ft (6.5 m)
- Hull: fiberglass and plastic
- Deck material: Fiberglass
- Engines: 2 × MTU, Inboard, Diesel
- Accommodation: up to 10
- Heads: 5
- Crew cabins: 3
- Fuel capacity: 4,000 gal
- Fresh water capacity: 800 gal

## Pricing and Ordering

---

To obtain current pricing, check availability, or discuss build and purchase pathways for the 100 Terrace, reach out to Andrey Shestakov at Shestakov Yacht Sales. We coordinate specification alignment, delivery scheduling, and surveys, managing the transaction from initial planning through handover with discretion.

## Questions and Answers

---

- Q: What type of yacht is the 100 Terrace? A: It is a luxury motor yacht marketed within the broader motor yachts segment, built on a hull that meets fiberglass and plastic construction norms.

- Q: Who builds this model? A: The 100 Terrace is produced by Majesty Yachts. This **builder** is represented by Shestakov Yacht Sales to provide tailored acquisition assistance.
- Q: How many people can it accommodate? A: The vessel provides **accommodations** for up to 10 guests with **5 heads** , plus **3 crew cabins** to ensure professional service and operations.
- Q: What engines and capacities does it have? A: Propulsion is supplied by **2 × MTU inboard diesel** engines. Tankage figures include **4,000 gal fuel** and **800 gal fresh water** .
- Q: How do I start the purchase process? A: Contact **Andrey Shestakov** at **Shestakov Yacht Sales** to review specifications, timing, and next steps for the 100 Terrace.

## Owner Experience Review

---

Owners most frequently single out the private bow terrace that opens from the main deck suite as a daily luxury that redefines how they use the 100 Terrace from Majesty Yachts. "We visited a host of yachts from other yards, but the Majesty 100 Terrace immediately set herself apart." Combining a main deck owner stateroom with five ensuite guest cabins, a commercial grade galley, and a spacious saloon equipped with fold down balconies and a drop down TV, the interior delivers a truly "big league" feel for a 32m yacht. The sundeck with bar and Jacuzzi plus an expansive beach platform for tenders and toys make the layout ideal for family cruising and weekend entertainment; reviewers also highlight commercial certification and notable charter potential, with the yard and dealers emphasizing commercial usage.

Underway, the Wolstenholme designed semi displacement hull is praised for delivering a smooth, fuel efficient ride accompanied by quiet, steady acceleration. Reported typical performance sits around a 14–15 knot cruising

speed and roughly 20 knots maximum with MTU 12V2000 M96L power, favoring comfortable, predictable handling rather than sporty dynamics; published range numbers will change based on operating speed.

Everyday comfort and maintenance are aided by practical design choices: sliding doors that promote cross ventilation, large hull windows, and versatile entertainment areas; an engine room arranged for easy access to service points; and shipfit details such as a piped in fire system, well organized electrical systems, and repositioned watermaker pumps. Engine options span MTU, MAN, or Caterpillar units, and modern exhaust after treatment means DEF/urea management is part of routine operations. The yard advertises mobile service teams and a growing support network, though owners and reviewers still report running costs in the neighborhood of 10% of the yacht's value annually, with chartering frequently used to offset operating expenses.

## Pros and Cons

---

- The owner's private bow terrace off the main deck suite delivers exceptional privacy and everyday usability.
- Five ensuite guest cabins plus a main deck owner stateroom accommodate family cruising and charter operations.
- The semi displacement hull produces a smooth, fuel efficient passage with quiet, stable acceleration.
- Handling prioritizes comfort and steadiness over sporty responsiveness.
- The yacht is not intended as an explorer style fishing platform despite a generous beach platform and storage for toys.
- Emissions after treatment requires regular DEF/urea management as part of standard maintenance.

## Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/Max)	Gross Tonnage
100 Terrace	100' 0" (30.48 m)	24' 0" (7.29 m)	21' 4" (6.50 m)
