OVERVIEW

Compact, capable, and easy to own, the PRO SKIFF 15 CC delivers accessible inshore fun and practical utility under the guidance of Andrey Shestakov and the Shestakov Yacht Sales team.

Selecting a PRO SKIFF 15 CC

Choosing the PRO SKIFF 15 CC is about pairing simplicity with proven utility. As a powerboat for active days on the water in the coastal and inshore fishing focus segment, it's sized for effortless handling while still offering the stability anglers and families value. Rely on Andrey Shestakov at Shestakov Yacht Sales to match this model to your fishing, tender, or creek-cruising plans.

Features of the Model

• Purpose-built center console layout for straightforward operation and 360-degree fishability.
• Durable composite hull construction with a Fiberglass deck for easy washdowns and low upkeep.
• Compact footprint (LOA 15 ft / 4.57 m) simplifies trailering, storage, and shallow-water access.
• Hull configuration listed as Other, supporting versatile inshore use and predictable handling.
• Supported by the expertise of Shestakov Yacht Sales and broker Andrey Shestakov for guidance on outfitting and delivery.

Technical Specifications

- Model: PRO SKIFF 15 CC
- Builder: MAKO
- Category: compact utility craft
- Subcategory: inshore fishing
- Hull Category: composite construction
- Length Overall (LOA): 15 ft (4.57 m)
- Hull Material: Fiberglass and Plastic Yachts
- Deck Material: Fiberglass
- Hull Configuration: Other

Pricing and Ordering

Work directly with Andrey Shestakov and Shestakov Yacht Sales for current availability, outfitting options, and delivery timelines for the PRO SKIFF 15 CC. Our team will help you define the right equipment package, confirm lead times, and coordinate logistics from offer to handover.

Questions and Answers

Q: What makes the PRO SKIFF 15 CC a good choice for beginners? A: Its compact size (15 ft/4.57 m), **simple center console** layout, and durable **fiberglass construction** make it easy to learn, maintain, and trailer.

Q: Is the hull suitable for inshore fishing? A: Yes—positioned within inshore fishing, the boat's **stable platform** and shallow-draft friendliness suit bays, flats, and creeks.

Q: How easy is upkeep on this model? A: Very—both the **hull category** composite build and **Fiberglass deck** support quick cleanups and low

maintenance.

Q: Who can assist with selection and purchase? A: Broker **Andrey Shestakov** and **Shestakov Yacht Sales** provide end-to-end guidance—from model fit to **ordering and delivery** .

Q: Can I customize equipment and accessories? A: Yes—Shestakov Yacht Sales can advise on **practical outfitting** (electronics, safety gear, and storage) aligned with your intended use and timelines.

Owner Experience Review

Owners describe the PRO SKIFF 15 CC from MAKO as a straightforward, day-use skiff that excels at inshore and bay duty. The AIV hull earns praise for a relatively dry, stable ride in calm to moderate conditions, with easy maneuvering and shallow draft that open up flats and skinny-water spots. Most owners keep outings short—family beach runs, quick bay hops, or focused day fishing—citing functional but limited storage and a strictly day-boat layout with no overnight capability.

Comfort is best with two to four people; beyond that, the small deck starts to feel crowded. Several owners note the boat can ride wet and pound in short 1–2 foot chop due to its size, so trip planning and weather windows matter. Performance hinges on outboard choice—40–60 hp being common—delivering lively hole shot, while top speed and ride quality vary with load and engine. Maintenance feedback is largely routine: simple outboard and trailer care, easy access at the transom, and an often-mentioned small livewell that some owners modify.

Pros and Cons

• Shallow draft and precise handling make it excellent for flats and skinny-water access.
• AIV hull feels stable and relatively dry in calm to moderate conditions for its size.
• Simple trailerable package with easy engine access and low-maintenance ownership.
• Limited deck space and storage constrain comfort to 2–4 people.
• Can ride wet and pound in short 1–2 foot chop, requiring conservative weather choices.
• Small livewell capacity prompts some owners to seek modifications or workarounds.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/ Max)	Gross Tonnage
214	21' 0" (6.50 m)	7' 0" (2.34 m)			
333 Attack	33' 0" (10.06 m)	11' 0" (3.35 m)	3' 3" (1 m)	35 kn / 50 kn	
293 Walkaround	30' 0" (9.40 m)	9' 0" (2.90 m)	5' 2" (1.58 m) – 9' 4" (2.83 m)	40 kn	
284 Center Console	28' 0" (8.53 m)	9' 0" (3.02 m)			
N/A	24' 0" (7.32 m)	9' 0" (2.74 m)			
PRO SKIFF 15 CC	15' 0" (4.57 m)
