## OVERVIEW

---

Discover the 500 Sport Bridge from Marquis—a motor yacht engineered for owners who want a versatile cruiser built on a reliable fiberglass and plastic hull. Offered through Shestakov Yacht Sales with brokerage by Andrey Shestakov.

### Selecting a 500 Sport Bridge

---

Opting for the 500 Sport Bridge prioritizes a well-proportioned platform and stout propulsion. At 49 ft (15.09 m) LOA with a 15 ft (4.75 m) beam, it delivers notable interior volume for living and entertaining afloat. Draft figures span 11.483 ft (3.5 m) to 12.303 ft (3.75 m). Driven by triple Volvo Penta inboard diesels, it's built for confident passagemaking, while arrangements for up to 6 guests, two heads, and a dedicated crew cabin with two berths make it suitable for family cruising or limited charter work. The deck is molded fiberglass and the hull is classed in the fiberglass and plastic category.

### Features of the Model

---

- Triple Volvo Penta inboard diesel propulsion (3 engines)
- Sleeps 6 with 2 heads for onboard comfort
- Dedicated crew cabin with 2 berths
- Hull in the fiberglass and plastic category; deck in Fiberglass
- LOA 49 ft (15.09 m) and beam 15 ft (4.75 m)
- Capacities: 506 gal fuel and 160 gal fresh water

Shestakov Yacht Sales and Andrey Shestakov are available to assist with selection, pre-purchase inspections, and closing steps for the 500 Sport Bridge from Marquis.

## Questions and Answers

---

Q: What type of yacht is the 500 Sport Bridge? A: It is a motor yacht in the cruiser segment built on a fiberglass and plastic hull. Its **type** and **category** suit a broad range of coastal and longer coastal-cruising missions.

Q: What powers the yacht? A: The yacht is equipped with **triple** [[spec]] engines: 3 x **Volvo Penta** inboard diesels. This **propulsion** layout emphasizes dependable performance and smooth handling.

Q: How many people can stay aboard comfortably? A: **Accommodations**

provide sleeping space for 6 with **2 heads** , plus **1 crew cabin** with 2 berths—a configuration that supports family use or small crew operations.

Q: What are the key dimensions and draft? A: **Dimensions** are LOA 49 ft (15.09 m) and beam 15 ft (4.75 m). **Draft** varies between 11.483 ft (3.5 m) and 12.303 ft (3.75 m).

Q: How do I buy one through Shestakov Yacht Sales? A: Contact **Andrey Shestakov** at **Shestakov Yacht Sales** to explore listings, arrange due diligence, and submit offers on the 500 Sport Bridge by Marquis. Our **brokerage** support helps ensure an efficient **ordering** and closing experience.

## Owner Experience Review

---

Owners commonly choose the 500 Sport Bridge by Marquis for family-focused cruising and weekend escapes, appreciating its genuine three-cabin plan, complete galley, and multiple seating areas that disperse guests comfortably. Broker materials and owner forums also describe it as a sensible platform for coastal routes—including Bahamas-style runs—with several examples operated by owner-operators or offered for occasional private charter.

On the water, owners report cruising speeds in the 26–28-knot range with top speeds approaching 35 knots; the triple Volvo Penta IPS pod arrangement with joystick control is frequently cited for effortless low-speed handling and simple docking. The broad, stable planing hull contributes to a comfortable ride in moderate sea conditions, while the Nuvolari Lenard interior styling and salon helm layout lend a polished feel for extended weekends aboard. Trade-offs are noted: three pods and engines add maintenance complexity and cost, the engine room is tight for service access, and used-boat records often list pod servicing (and occasionally long-block replacements) as significant items; interior wall fabric delamination has also been reported, with many owners adhering to authorized Volvo Penta service schedules for IPS

work.

## Pros and Cons

- Joystick and triple IPS pods provide excellent low-speed maneuverability and easy docking.
- Three-cabin layout, full galley, and multiple lounge areas suit family weekends and owner-guest use.
- Reported performance includes a 26–28-knot cruise and near-35-knot top with a stable ride in moderate seas.
- Triple IPS/pod setup increases service complexity and ongoing maintenance cost.
- Compact engine room makes hands-on access and equipment removal more difficult.
- Interior wall fabric delamination has been reported and often leads to replacement upholstery work.

## Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/ Max)	Gross Tonnage
500 Sport Bridge	49' 0" (15.09 m)	15' 0" (4.75 m)	11' 6" (3.50 m) – 12' 4" (3.75 m)
