OVERVIEW

The 335 Sport Yacht from MONTEREY is a motor yacht built on a fiberglass and plastic hull with a molded fiberglass deck, offering compact overall dimensions combined with twin powerplants suited to flexible coastal cruising.

Selecting a 335 Sport Yacht

Picking the correct vessel means aligning your real cruising requirements with precise specifications. At Shestakov Yacht Sales, broker Andrey Shestakov will work with you to determine how the 335 Sport Yacht meets your intended use, evaluate it alongside other models from MONTEREY, and benchmark it against similar motor yachts by examining hull form, dimensions, draft, and on-board capacities.

Features of the Model

- Purpose-designed motor yacht constructed on a fiberglass and plastic hull with a fiberglass deck
- Twin Mercruiser I/O powerplants delivering dependable performance and nimble handling
- Compact overall length: LOA 33 ft (10.31 m), with a beam of 10 ft (3.3 m)
- Draft specifications: minimum 8.475 ft (2.5833 m) and maximum 11.756 ft (3.5833 m)
- Essential systems include 1 head, 42 gal freshwater capacity, and 180 gal fuel capacity

Technical Specifications

- Model: 335 Sport Yacht
- Builder: MONTEREY
- Type: motor yacht
- Hull: fiberglass and plastic hull
- Deck material: Fiberglass
- LOA: 33 ft (10.31 m)
- Beam: 10 ft (3.3 m)
- Draft (min/max): 8.475 ft (2.5833 m) / 11.756 ft (3.5833 m)
- Engines: 2 × Mercruiser (I/O)
- Heads: 1
- Fuel capacity: 180 gal
- Water capacity: 42 gal

Pricing and Ordering

For up-to-date pricing, current availability, and to set up viewings of the 335 Sport Yacht, contact broker Andrey Shestakov at Shestakov Yacht Sales. We assist with detailed specification reviews, coordinating surveys and sea trials, and managing the purchase process so you can proceed with clarity and confidence.

Questions and Answers

Q: What type of yacht is the 335 Sport Yacht? A: It is a motor yacht produced by MONTEREY and constructed on a fiberglass and plastic hull. This description emphasizes the yacht's **type**, **builder**, and **hull** construction.

Q: What are the key dimensions of the model? A: The **LOA** measures 33 ft

(10.31 m) and the **beam** is 10 ft (3.3 m). The **draft** spans from 8.475 ft (2.5833 m) up to 11.756 ft (3.5833 m).

Q: What propulsion does it use? A: The vessel is driven by **twin Mercruiser I/O** units, providing proven **engines** and widely available service support.

Q: What onboard capacities and amenities are included? A: The boat carries a **fuel capacity** of 180 gal, a **water capacity** of 42 gal, and features **1 head** to accommodate day outings and short overnight stays.

Q: How do I buy through Shestakov Yacht Sales? A: Contact broker Andrey Shestakov at Shestakov Yacht Sales for **pricing** , **availability** , and to schedule an **inspection** of the 335 Sport Yacht. We'll help coordinate everything from offer to closing.

Owner Experience Review

Many owners use the 335 Sport Yacht by MONTEREY as a family-oriented cruiser and weekend escape. The wraparound cockpit seating, aft sunpad that converts, and an integrated wet bar make it ideal for sociable days afloat, and in certain regions the model is even listed for charter or rental. Owners frequently report a very positive initial season and find it well-suited to day cruising with the occasional overnight.

On the water, feedback highlights sharp handling and reassuring low-speed control; several owners cite confident docking performance even without a bow thruster. Specialist reports give a typical cruise speed near 26–28 knots with twin 300 hp MerCruisers, and the roughly 17° deep-V hull helps mellow the ride in chop when the boat is properly powered. The trade-off is scale: because it's a larger boat in its class, some owners admit that tight slips or strong wind and current can make arrivals more challenging.

Below decks, sleeping arrangements for around 4–6—comprising a forward

double berth, a convertible dinette, and an aft berth—accommodate occasional overnight stays, and owners describe the interior as well-equipped with options such as air-conditioning, a refrigerator, and entertainment systems. Practical items include an electrically actuated engine hatch that simplifies access to the MerCruiser sterndrives.

Maintenance feedback from owners and technicians commonly focuses on the joystick/Skyhook electronics (which can be disabled or require dealer reconfiguration) and routine sterndrive upkeep—anodes, bellows, and corrosion protection are critical, especially in saltwater environments where deferred service can become costly.

Pros and Cons

- Social cockpit layout with wraparound seating, a convertible aft sunpad, and a wet bar makes it ideal for family cruising and weekend use.
- Owners report responsive low-speed handling and confident docking capabilities, sometimes even without a bow thruster.
- Typical cruising speed is approximately 26–28 knots when fitted with twin 300 hp MerCruisers, according to expert estimates.
- Its overall size can feel imposing in compact slips or when wind and current are strong.
- Joystick/Skyhook functionality may be inactive or require dealer calibration and reconfiguration.
- Sterndrives demand diligent corrosion protection and regular service; neglect can lead to expensive repairs.
