OVERVIEW

Explore the versatile 215 XTS with Shestakov Yacht Sales — a compact inshore performer ideal for fishing and family cruising, represented by broker Andrey Shestakov.

Selecting a 215 XTS

Choosing the 215 XTS means opting for a nimble motor yacht that blends fishability and day boating ease. Built by NAUTICSTAR, this model's manageable 21 ft length overall (6.4 m) simplifies trailering, storage, and shallow water access while maintaining stability and comfort for crew and gear. Shestakov Yacht Sales and Andrey Shestakov will guide you through power, layout, and delivery options tailored to your waters and use case.

Features of the Model

• Center console ergonomics: confident visibility and 360° fishability characteristic of a center console компоновка.
• Strong, low maintenance build: hull and deck in стеклопластике with fiberglass deck surfaces for durability and easy cleanup.
• Purposeful power: a single YAMAHA outboard configured for responsive hole shot, efficient cruising, and simple service access.
• Practical layout: open deck flow for casting and gear management, with the stability benefits of a 21 ft platform.
• Brokerage expertise: Andrey Shestakov and the Shestakov Yacht Sales team streamline inspection, documentation, and delivery.

Technical Specifications

• Model: 215 XTS
• Builder: NAUTICSTAR
• Classification: motor yacht; center console конфигурация
• Hull construction: материал корпуса — стеклопластик; Deck: Fiberglass
• Length overall (LOA): 21 ft (6.4 m)
• Propulsion: 1 x YAMAHA, Outboard
• Fuel: Unleaded
• Hull configuration: Other

Pricing and Ordering

Questions and Answers

Q: What kind of boating is the 215 XTS best suited for? A: It excels at inshore fishing and casual day trips, leveraging a **center console layout** and a **single YAMAHA outboard** for efficient, shallow water operation.

Q: Is the hull easy to maintain? A: Yes. The boat is built in **fiberglass** with a **fiberglass deck** , offering durability and straightforward upkeep.

Q: How manageable is the size for new owners? A: At **21 ft (6.4 m) LOA** , it's trailer friendly, easy to store, and stable for small crews.

Q: What fuel does the engine use? A: The YAMAHA outboard runs on **unleaded** fuel.

Q: Who can help me evaluate and purchase this model? A: **Andrey Shestakov** and **Shestakov Yacht Sales** will coordinate inspections, sea trials, and closing to streamline your purchase of the 215 XTS.

Owner Experience Review

Owners consistently frame the 215 XTS from NAUTICSTAR as a versatile bay boat that splits time between inshore fishing and relaxed family days. Listings and dealer write ups highlight the wide 98-inch beam and shallow-water hull, which translate to a stable feel in calm to moderate conditions and easy access to flats and skinny water. The deck plan earns praise for practical comfort: three-across aft seating, a roomy bow casting deck with storage, a leaning post, and a built-in cooler suit day trips and sandbar runs as much as they do early-morning fishing sessions.

From the helm, owners and brokers note it “handles well for a bay boat,” with cruise character tied to the commonly installed 150–200 hp four-stroke outboards. Real-world feedback also flags typical used-boat diligence: a forum post cites a 2023 example with 850 hours on a 150 hp Mercury, prompting reminders to verify maintenance, freshwater vs. saltwater history, and to inspect systems. Minor electrical gremlins—such as non-working nav lights and a front livewell issue on a demo unit—have been reported, so a thorough pre-purchase check is advisable. Overall, it’s viewed primarily as a capable day-use platform with serious inshore utility rather than an overnighter.

Pros and Cons

• Stable 98-inch beam provides a roomy, confident platform for fishing and family use.
• Shallow draft enables access to flats and inshore waters that deeper V-hulls can’t reach.

• Practical layout with three-across aft seating, ample storage, and dual livewells suits day trips.
• Cruise feel and performance vary notably depending on whether 150 or 200 hp is installed.
• Minor electrical issues like nav lights and a livewell problem have been reported by owners.
• Primarily a day boat with limited appeal for overnighting or extended cruising.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/Max)	Gross Tonnage
243DC Sport Deck	24' 0" (7.32 m)	8' 0" (2.59 m)	4' 4" (1.33 m)		
203 DS Sport Deck	20' 0" (6.10 m)	8' 0" (2.59 m)	2' 9" (0.83 m)		
2302 Legacy	23' 0" (7.01 m)	8' 0" (2.59 m)	4' 1" (1.25 m)		
251 HYBRID	25' 0" (7.62 m)				
215 XTS	21' 0" (6.40 m)
