# OVERVIEW

Crafted by NAUTIQUE, the G25 Paragon distinguishes itself as a flexible motor yacht built with durable fiberglass construction and powered by a single inboard engine. Represented by Shestakov Yacht Sales, broker Andrey Shestakov provides expert support from the initial selection phase through to closing.

## Selecting a G25 Paragon

Opting for the G25 Paragon delivers a compact, efficient platform with an LOA of 25 ft (7.62 m) and an 8 ft (2.54 m) beam, driven by a single PCM inboard motor that runs on unleaded fuel. As a motor yacht featuring a fiberglass hull, it offers a blend of straightforward operation and long-term reliability for owners who prefer proven construction. Coordinate with Shestakov Yacht Sales and Andrey Shestakov to confirm availability, specification options, and delivery scheduling that fit your timeline.

## Features of the Model

- LOA: 25 ft (7.62 m)
- Beam: 8 ft (2.54 m)
- Max draft: 9.58 ft (2.92 m)
- Power: Single PCM inboard; fuel type: Unleaded
- Fuel capacity: 88 gal
- Hull: fiberglass and plastic
- Deck: Fiberglass
- Hull configuration: Other
- Classification: motor yacht

## Technical Specifications

- Model: G25 Paragon
- Builder: NAUTIQUE
- Length overall (LOA): 25 ft / 7.62 m
- Beam: 8 ft / 2.54 m
- Maximum draft: 9.58 ft / 2.92 m
- Engine count: 1
- Engine manufacturer: PCM
- Engine type: Inboard
- Fuel type: Unleaded
- Fuel capacity: 88 gallons
- Hull material: fiberglass and plastic
- Deck material: Fiberglass
- Hull configuration: Other
- Category: motor yacht

## Pricing and Ordering

Price varies with current market conditions, chosen specifications, and delivery considerations. For up-to-date pricing and availability of the G25 Paragon from NAUTIQUE, reach out to Shestakov Yacht Sales. Broker Andrey Shestakov will present purchase choices, estimated timelines, required documentation, and will organize surveys and transportation as needed.

## Questions and Answers

Q: What are the key dimensions of the G25 Paragon? A: The yacht measures an **LOA** of 25 ft (7.62 m), a **beam** of 8 ft (2.54 m), and a **maximum draft** of 9.58 ft (2.92 m).

Q: Who builds it and what is the power setup? A: The vessel is manufactured by NAUTIQUE and is fitted with a **single PCM inboard engine** ; the **fuel type** specified is **Unleaded** .

Q: What are the hull and deck materials? A: The **hull material** is listed as fiberglass and plastic, and the **deck material** is Fiberglass.

Q: What is the fuel capacity and category? A: The **fuel capacity** is 88 gallons, and the boat is categorized as a motor yacht.

Q: Who can help me order and handle delivery? A: Shestakov Yacht Sales and **broker** Andrey Shestakov will guide you through selection, negotiate terms, coordinate surveys, and plan delivery for your G25 Paragon.

## Owner Experience Review

Owners commonly deploy the G25 Paragon from NAUTIQUE for wakesurfing and wakeboarding, and independent tests frequently praise its surf wave as top-tier. Equipped with NCRS and surf plates, the boat offers a highly adjustable wake; it gets on plane quickly with minimal bow rise and maintains composure through tight turns for a 25-footer. The model is also found in multi-sport and instructional fleets, though some owners recommend the S-series if maximum learning flexibility is the primary requirement.

Onboard livability is a strong point: the cabin and cockpit provide generous seating and storage, complemented by high-quality audio, a telescoping tower, and premium appointments that make it ideal for family outings and entertaining. Tall passengers occasionally report restricted legroom despite the otherwise roomy layout. Ownership and setup require vigilance; the larger G25 hull can behave unpredictably when heavily ballasted or under particular load distributions, sometimes needing additional ballast or precise tuning. Recurring maintenance items reported include electronics and LINC

touchscreen malfunctions, NCRS/surf-plate and ballast-system issues, and occasional stern thruster or pump failures that necessitate shop time; some owners have also noted cosmetic fit-and-finish shortcomings and factory quality-control concerns at delivery, with dealer support often proving important. Typical routine maintenance is often handled by owners, while complex electronic or engine diagnostics generally go to dealers.

## Pros and Cons

• World-class, tunable wakes and surf wave via NCRS and surf plates.
• Spacious interior with abundant seating and storage suited to family day boating and socializing.
• Planes easily with minimal bow rise and handles sharp turns well for its size.
• Larger hull can be finicky under heavy ballast or certain loads and may require extra ballast or careful setup.
• Reported electronics/LINC touchscreen, NCRS/surf-plate, ballast, and stern thruster issues can lead to shop time.
• Some cosmetic fit-and-finish and factory QC complaints at delivery, and legroom can be tight for very tall passengers.

## Comparison with Other Models

| Model | LOA | Beam | Draft | Speed (Cruising/... | Gross Tonnage |
|---|---|---|---|---|---|
| Super Air G23 | 25' 0" (7.67 m) | 8' 0" (2.59 m) | 8' 6" (2.58 m) | | |
| Super Air Nautique GS22 | 22' 0" (6.71 m) | 8' 0" (2.59 m) | | | |
| G25 | 25' 0" (7.62 m) | 8' 0" (2.56 m) | | | |
| Nautique Super Air G23 | 23' 0" (7.01 m) | 8' 0" (2.59 m) | 6' 10" (2.08 m) | | |
| G25 Paragon | 25' 0" (7.62 m) | 8' 0" (2.54 m) | 9' 7" (2.92 m) | | |
| Super Air Nautique G25 | 25' 0" (7.62 m) | | | | |
