## OVERVIEW

---

The C30 from NAVAN BOATS is a compact yet capable motor yacht built on a robust fiberglass-and-plastic hull. At 33 ft LOA with a 9 ft beam and accommodation for three, it's designed for day trips and short coastal getaways. Shestakov Yacht Sales and broker Andrey Shestakov stand ready to assist you through selection, inspection, and closing.

---

## Selecting a C30

---

Opting for the C30 is a sensible move if you want a yacht with a modest footprint but useful interior volume: 33 ft (10.18 m) LOA, 9 ft (2.95 m) beam and a minimum draft of 6.56 ft (2.00 m). Propulsion is provided by twin Mercury outboards running on **gas**, which keeps ownership straightforward and maintenance accessible. For buyers seeking a genuine motor yacht within the Motor Yacht category, the C30's three berths and practical tank capacities—106 gal fuel and 21 gal water—make it a practical platform for day outings and short overnights. Reach out to Shestakov Yacht Sales and Andrey Shestakov for personalized advice on fit, equipment, and readiness for your cruising plans.

---

## Features of the Model

---

- Dimensions tuned for easy handling and comfortable living aboard: LOA 33 ft (10.18 m), beam 9 ft (2.95 m), minimum draft 6.56 ft (2.00 m)
- Propulsion: twin Mercury outboards, **gas** fuel—designed for straightforward ownership and dependable performance
- Construction: fiberglass-and-plastic hull paired with a fiberglass deck for durability
- Accommodations: sleeps up to **3**, suitable for short cruising and weekend

stays

- Tankage: **106 gal** fuel and **21 gal** water to support day trips and brief overnights
- Category positioning: a bona fide motor yacht in the Motor Yacht segment

Our brokerage team will help arrange specification reviews, surveys, and the paperwork to make your acquisition of this motor yacht by NAVAN BOATS as smooth as possible.

## Questions and Answers

---

Q: What type of boat is the C30? A: It's a motor yacht marketed in the Motor Yacht class and constructed on a fiberglass-and-plastic hull.

Q: How many people can sleep aboard? A: The C30 accommodates **3 sleepers** , making it well suited to short cruises and weekend stays.

Q: What powers the boat? A: The C30 is driven by twin **Mercury outboard** engines running on **gas** , which simplifies servicing and access to parts.

Q: What are the key dimensions? A: **LOA 33 ft (10.18 m)** , **beam 9 ft (2.95 m)** , and **minimum draft 6.56 ft (2.00 m)** .

Q: How do I get pricing and next steps? A: Contact Andrey Shestakov at Shestakov Yacht Sales for **pricing** , **inspection** , and **transaction** support on the C30 by NAVAN BOATS.

## Owner Experience Review

---

Owners are drawn to the C30 from NAVAN BOATS for family outings, year-round coastal hops and lively day trips. The enclosed pilothouse opens to the cockpit through a lifting aft window, oversized side doors and a sliding roof, keeping helm and social spaces connected whatever the weather. On the water, the twin-step T-Step hull feels steady and responsive; independent runs have shown sub-5-second times to plane and peak speeds around 52–55 knots with twin engines, while comfortable cruise speeds sit in the high-20s to low-30s knots. One trial recorded sound levels near ~75 dB at cruise and about ~80 dB at wide-open throttle.

Layout and liveability suit short-stay use: a forward double berth, an enclosed head with shower, and a generous dinette that converts into a second berth accommodate weekend cruising for a couple and children. The adaptable cockpit—featuring flip seats, a sunlounger and a wet bar—lends itself to entertaining, sandbar excursions and easy swim-platform access, and the vessel is rated for up to 12 people. Anglers appreciate optional rocket-launcher rod holders and fishing trims, while watersports enthusiasts

point to an available ski tow arch. New owner feedback often echoes the sentiment: "Everything that I wanted in a boat, plus a whole lot more!"

From an ownership perspective, NAVAN BOATS offers a U.S. warranty program (3 year bow to stern; 10 year structural hull) and advises authorized dealer maintenance to preserve coverage. With Mercury Verado outboards and Joystick Piloting fitted, expect routine outboard service intervals and occasional software/firmware updates for the electronic controls; most service access is through sole and lazarette hatches, so confirming strong local dealer support is recommended. Long term owner data remains limited due to the C30's 2023 introduction and production starting around 2024, though professional reviews so far have not identified systemic issues.

## Pros and Cons

---

- All weather pilothouse that opens via a lifting aft window, large side doors and a sliding roof keeps the helm and cockpit integrated in varied conditions.
- Twin step hull provides brisk sub 5 second planing, 52-55 knot top speed in twin engine tests, and comfortable cruise speeds in the high 20s to low 30s.
- Versatile family/weekend layout for up to 12 people, including a forward berth, convertible dinette, enclosed head with shower, and a modular cockpit with entertaining features.
- Limited long term ownership data since the model debuted in 2023 and moved into production around 2024.
- Digital control systems and Joystick Piloting may require occasional firmware/software updates and dealer support.
- Noise levels have been measured up to roughly 80 dB at wide open throttle in one independent test.

## Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/Max)	Gross Tonnage
