OVERVIEW

The 32L Motor Yacht from Ocean Alexander combines long-range livability with assured performance in a refined motor yacht design built on a durable fiberglass and plastic hull. At 106 ft (32.49 m) LOA and a 23 ft (7.01 m) beam, and driven by twin MAN power, it achieves a comfortable 20-knot cruise and a 23-knot top speed. Shestakov Yacht Sales — and broker Andrey Shestakov — stand ready to help you define the right specification and locate the best buying opportunity.

Selecting the 32L Motor Yacht

Opting for the 32L Motor Yacht puts a premium on interior volume, economical long-range capability, and versatile performance within a modern motor yacht hull form. Its 210 GT of internal volume supports generous living spaces for up to 10 guests, while the twin MAN engines deliver a reliable 20–23 knot performance envelope. The wide beam combined with a thoughtfully managed draft improves onboard comfort and accessibility for a wide range of cruising profiles.

When you work with Shestakov Yacht Sales and Andrey Shestakov, you receive personalized support on layout choices, build timelines, and market opportunities so your 32L Motor Yacht is specified and acquired to meet your expectations from the outset.

Features of the Model

- Performance profile: 20 kn cruise and 23 kn max (23.02 / 26.47 mph)
- Dimensions and volume: 106 ft (32.49 m) LOA, 23 ft (7.01 m) beam, 210 GT
- Draft flexibility: 20.232–21.325 ft (6.1666–6.5 m)

- Proven build pedigree by Ocean Alexander
- Construction: fiberglass and plastic hull and Fiberglass deck
- Accommodations for up to 10 with 6 heads, plus 2 crew cabins
- Power: 2 x MAN engines
- Capacities: 4,000 gal fuel and 650 gal fresh water
- Classification: motor yacht

Technical Specifications

- Builder: Ocean Alexander
- Model: 32L Motor Yacht
- Classification: motor yacht
- Hull: fiberglass and plastic; Deck: Fiberglass
- Length overall (LOA): 106 ft (32.49 m)
- Beam: 23 ft (7.01 m)
- Draft: 20.232–21.325 ft (6.1666–6.5 m)
- Gross tonnage: 210 GT
- Engines: 2 x MAN
- Cruise speed: 20 kn (23.02 mph)
- Max speed: 23 kn (26.47 mph)
- Accommodation: up to 10
- Heads: 6
- Crew cabins: 2
- Fuel capacity: 4,000 gal
- Fresh water capacity: 650 gal

Pricing and Ordering

For current pricing, availability, and bespoke advice on the 32L Motor Yacht, reach out to Andrey Shestakov at Shestakov Yacht Sales. We will assist you in

evaluating delivery timing, preferred specification, and both listed and off-market opportunities so you can secure the yacht under the terms that suit you best.

Questions and Answers

• Q: What are the performance figures of the 32L Motor Yacht? A: The yacht offers a **cruise speed** of 20 knots (23.02 mph) and a **max speed** of 23 knots (26.47 mph).
• Q: How is the yacht classified and constructed? A: It is a motor yacht with a **hull** in fiberglass and plastic and a **deck** in Fiberglass.
• Q: How many people can stay aboard comfortably? A: There are **accommodations** for up to 10, with **6 heads** and **2 crew cabins** .
• Q: What engines power the yacht? A: Propulsion comes from **2 x MAN engines** , delivering confident performance and redundancy.
• Q: What are the key dimensions I should know? A: **LOA** is 106 ft (32.49 m), **beam** is 23 ft (7.01 m), and **draft** ranges from 20.232 to 21.325 ft (6.1666–6.5 m).

Owner Experience Review

Owners typically deploy the 32L Motor Yacht from Ocean Alexander for extended family cruising and entertaining, whether piloted by the owner or operated with professional crew. The arrangement often features an on-deck owner/master suite framed by expansive vertical windows, five guest staterooms, and clear crew separation—supporting both private family use and charter operations. The enclosed sky-lounge provides a secondary salon, and many boats include alfresco dining spaces, foredeck sun lounges, and a boat-deck jacuzzi; reviewers also praise the fine joinery and sizeable walk-in closets that lend a residential ambience.

When underway, owners and reviewers report the 32L Motor Yacht handles seaways with a steady, comfortable motion, shedding energy from waves rather than slapping. Standard zero-speed Vector-fin stabilizers are credited with substantial comfort gains both at speed and at anchor. Typical sea-trial feedback cites an economical cruise near 20 knots at roughly 80% rpm and a top end in the 23–24 knot range, consistent with the design's emphasis on extended blue-water passages.

Routine ownership benefits from an orderly engine room layout with clearly identified piping and wiring and generous service access. Common factory equipment observed includes twin Kohler 40 kW generators, Delta T ventilation fitted to the superstructure to limit salt-spray servicing, and an Alexseal exterior finish that simplifies maintenance. Public forums and owner reports do not identify recurring, model-specific failures; ongoing maintenance and service expenditures are in line with expectations for yachts of this size.

Pros and Cons

• Seakindly ride with standard zero-speed Vector-fin stabilizers enhancing comfort underway and at anchor.
• Flexible layout with on-deck owner/master, five-stateroom guest accommodation, and dedicated crew separation supporting private use or charter.
• Service-friendly build: organized engine room, twin Kohler 40 kW gensets, Delta T ventilation, and Alexseal finish aiding routine upkeep.
• Ownership reflects a typical large-yacht maintenance burden and high service costs.
• Sea-trial reports put top speed around 23–24 knots, which won't suit buyers seeking very high speeds.
• Features like the sky-lounge outfitting and a boat-deck jacuzzi appear on many examples but vary by specification, so equipment differs by boat.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/ Max)	Gross Tonnage
32L Motor Yacht	106' 0" (32.49 m)	23' 0" (7.01 m)	20' 3" (6.17 m) – 21' 4" (6.50 m)	20 kn / 23 kn	210
