OVERVIEW

The 35P from Ocean Alexander is a 113 ft yacht that sits in the motor-yacht class as an elegant motor yacht constructed with a durable fiberglass and plastic hull. Listed and represented by Andrey Shestakov and the Shestakov Yacht Sales team, this model combines substantial proportions with naval architecture penned by Giorgio M. Cassetta.

Selecting a 35P

Opting for the 35P places emphasis on interior volume, steady handling and measured performance. Measuring 113 ft (34.44 m) overall with a 24 ft (7.47 m) beam and featuring a hull by Giorgio M. Cassetta, it provides a large platform within the motor-yacht class. As a motor yacht built by Ocean Alexander, it is designed for owners who prioritize dependable diesel propulsion and the resilience of a fiberglass and plastic hull.

Features of the Model

• Twin MTU inboard diesel engines (2 engines) deliver assured handling and dependable cruising capability.
• A published maximum speed of 15.64 knots (18 mph).
• Large fuel storage of 5,030 gallons to enable long-range passages.
• Potable water capacity of 660 gallons to support extended liveaboard comfort.
• Hull penned by Giorgio M. Cassetta to emphasize efficiency and balanced seakeeping.
• Hull configuration listed as “Other,” built with a fiberglass and plastic hull and fitted with a Fiberglass deck.
• Seven heads to accommodate guests and crew on longer voyages.

Technical Specifications

- Model: 35P
- Builder: Ocean Alexander
- Category: motor-yacht class / motor yacht
- Hull material: fiberglass and plastic
- Deck material: Fiberglass
- Hull designer: Giorgio M. Cassetta
- LOA: 113 ft (34.44 m)
- Beam: 24 ft (7.47 m)
- Draft (max): 24.344 ft (7.42 m)
- Engines: 2 x MTU, Inboard, Diesel
- Maximum speed: 15.64 knots (18 mph)
- Fuel capacity: 5,030 gal
- Water capacity: 660 gal
- Hull configuration: Other
- Heads: 7

Pricing and Ordering

For up-to-date pricing, builder availability and guidance on configurations and options for the 35P by Ocean Alexander, please contact Andrey Shestakov at Shestakov Yacht Sales. Our brokerage will coordinate private viewings, outline the specification choices, arrange surveys and sea trials, and assist through negotiation and closing to facilitate a smooth purchase.

Questions and Answers

Q: What type of yacht is the 35P? A: The 35P is a motor yacht classified within the motor-yacht class and built with a robust fiberglass and plastic hull.

Q: Who designed the hull for this model? A: The hull design is by Giorgio M. Cassetta, referenced here as the **hull designer** of the 35P.

Q: What is the top speed and engine setup? A: The **top speed** is listed as 15.64 knots (18 mph), propelled by **2 MTU inboard diesel** engines, reflecting Ocean Alexander's focus on reliable diesel power.

Q: What are the fuel and water capacities? A: The **fuel capacity** is 5,030 gallons and the **water capacity** is 660 gallons, supporting extended cruising aboard the 35P.

Q: How do I purchase through Shestakov Yacht Sales? A: Contact Andrey Shestakov at Shestakov Yacht Sales for **availability** , **pricing** , and the next steps. We will coordinate viewings, a **survey** and **sea trial** , and handle documentation through closing.

Owner Experience Review

Owners are attracted to the 35P from Ocean Alexander for family-oriented cruising and hosting large gatherings, taking full advantage of spaces such as the main salon, skylounge, sun deck and the foredeck jacuzzi. Multiple interior layouts and specification packages accommodate owner-operated use with professional crew (up to six), and at least one hull has been placed in the commercial market—A SALT WEAPON has been offered in the Bahamas—highlighting the model's suitability for both private ownership and charter operations.

Underway, the efficient semi planing hull developed in collaboration with NavalHEAD is credited for lowering bow spray, sharpening tracking and delivering strong seakeeping consistent with Ocean Alexander's standards. Published tests reference cruise and maximum speeds in approximately the 17–24 knot range depending on propulsion and options. Aboard, comfort is a

key theme: a main deck owner's suite with a full beam ambiance, a five cabin guest layout and ample crew quarters are paired with refined appointments (reviewers praise the detail work as "second to none"), Poltrona Frau furnishings, a large Sub Zero equipped galley with a 100 bottle wine refrigerator, and heated elements in the owner's en suite. Engine room access and labeling aid serviceability, but prospective owners should anticipate superyacht level maintenance budgets and professional engineering support; long term reliability data remain limited as initial hulls were delivered in 2024–2025.

Pros and Cons

• Flexible platform for family cruising, entertaining and chartering, featuring multiple social areas and a foredeck jacuzzi.
• Semi planing hull co developed with NavalHEAD offers excellent seakeeping, reduced bow spray and steady tracking.
• Luxury creature comforts including a main deck owner's stateroom, five guest cabins, Poltrona Frau elements, a Sub Zero galley and a 100 bottle wine fridge.
• Ownership generally requires a professional crew and entails superyacht level maintenance and service expenses.
• Reported cruise and top speeds vary by powertrain and options, which can make exact performance figures less certain.
• Long term reliability information is limited, as the first hulls reached owners in 2024–2025.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/ Max)	Gross Tonnage

35P	113' 0" (34.44 m)	24' 0" (7.47 m)	24' 4" (7.42 m)	15.64 kn
