OVERVIEW

Experience the 45 Divergence Sport by Ocean Alexander — a high-end motor yacht built in the adaptable cruiser class on a resilient fiberglass build. Offered through Shestakov Yacht Sales with broker Andrey Shestakov managing inquiries and viewings.

Selecting a 45 Divergence Sport

When you want a yacht that combines assured sea manners with expansive social decks, the 45 Divergence Sport is a compelling option. Its overall length of 45 ft (13.74 m) and a 13 ft (4.19 m) beam establish a stable platform, and propulsion from four Mercury outboards provides nimble throttle response. The monohull layout and fiberglass construction meet the expectations of modern motor-yacht buyers seeking a comfortable, capable cruiser. For personal tours, configuration questions, or purchase guidance, connect with Shestakov Yacht Sales and broker Andrey Shestakov.

Features of the Model

- Quad Mercury outboards (gas, outboard configuration) that offer confident handling and simplified access for routine servicing
- Monohull form that promotes predictable tracking and steady handling underway
- Durable fiberglass hull paired with a fiberglass deck for long-term durability and low maintenance
- Generous onboard capacities for extended days afloat: 607 gal fuel capacity and 100 gal fresh water capacity

Technical Specifications

- Model: 45 Divergence Sport
- Builder: Ocean Alexander
- Type: motor yacht
- Class: cruiser
- Hull material: Fiberglass and Plastic
- Hull configuration: Monohull
- Deck material: Fiberglass
- LOA: 45 ft (13.74 m)
- Beam: 13 ft (4.19 m)
- Engines: 4 × Mercury
- Engine type: Outboard
- Fuel type: Gas
- Fuel capacity: 607 gal
- Fresh water capacity: 100 gal

Pricing and Ordering

To obtain current pricing, delivery timelines, or to place an order for the 45 Divergence Sport, reach out to Andrey Shestakov at Shestakov Yacht Sales. Our brokerage team will walk you through specification choices, availability, and each step from initial inquiry through final delivery.

Questions and Answers

Q: What is the yacht's category and build? A: **Type** : motor yacht; **Class** : cruiser; **Construction** : fiberglass build.

Q: What powers the 45 Divergence Sport? A: **Engines** : 4 × **Mercury** ;

Configuration : Outboard ; Fuel : Gas .

Q: What are the overall dimensions? A: **LOA** : 45 ft (13.74 m); **Beam** : 13 ft (4.19 m); **Hull** : **Monohull** .

Q: What are the key capacities? A: **Fuel capacity** : 607 gal; **Fresh water** : 100 gal.

Q: How do I proceed with a purchase? A: Contact **Andrey Shestakov** at **Shestakov Yacht Sales** for **pricing , availability** , and tailored next steps on the 45 Divergence Sport.

Owner Experience Review

Owners who operate the 45 Divergence Sport as a dayboat or tender praise its sociable and functional layout. Many reviews describe the arrangement as “the deck plan of this Ocean Alexander is simply perfect,” highlighting roomy side decks, an aft cockpit that converts for varied uses, and a spacious bow lounge designed to host groups comfortably. The inclusion of fold-down bulwarks and integrated boarding ladders converts the cockpit into a low, open staging area ideal for swimming and watersports. Buyers selecting the Coupe option gain genuine weekender accommodations: two cabins below, a salon settee that converts into a double, and a head with a full shower, all executed to large-yacht standards with solid-wood cabinets and full galley appliances.

On the water, the Divergence’s substantial build and hull lines produce a soft, dry passage; one sea trial noted that “the Divergence 45 advances on waves unperturbed.” The boat generally planes at approximately ~14 knots, and sea trials have recorded speeds near 25 knots with composed, confident handling. Integrated Mercury electronics, joystick steering, and Active Trim assist make docking and close-quarters maneuvering accessible even to operators with limited experience.

Regarding everyday ownership, it's important to remember this was Ocean Alexander's inaugural outboard design when introduced in 2019, and many boats are equipped with quad Mercury Verado 350s. The transom-mounted engine arrangement creates a splashwell and leaves roughly a 21-inch walkway for inspections and maintenance access. Public owner feedback remains relatively sparse; while there are no widespread fault trends reported, running four outboards naturally increases the count of routine service items and typically raises both the frequency and cost of maintenance compared with a single inboard installation.

Pros and Cons

Pros:

- Substantial hull construction and weight produce a composed, dry ride across a range of sea states.
- Mercury joystick control and Active Trim streamline close-quarters handling, helping less-seasoned skippers.
- Generous, social deck layout with fold-down bulwarks and easy water access fits dayboating and diving well; the Coupe increases short-cruise accommodation options.

Cons:

- Overnight capability depends on selecting the Coupe layout; the standard arrangement is primarily optimized for day use.
- Four outboards mean more routine service items and generally higher maintenance expense than a single inboard.
- A limited pool of long-term owner reports makes assessing durability trends over many seasons more difficult.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/ Max)	Gross Tonnage
45 Divergence Sport	45' 0" (13.74 m)	13' 0" (4.19 m)
