OVERVIEW

The 48 Convertible by OCEAN YACHTS is a purpose-built motor yacht focused on serious sportfishing duties, constructed on a robust fiberglass platform. Measuring 48 ft (14.63 m) overall with a 16 ft (4.88 m) beam, powered by twin inboard **Caterpillar** diesel engines, and equipped with 600 gal of fuel and 120 gal of water capacity, it merges seaworthiness with onboard comfort. For assistance evaluating current listings and opportunities, contact Shestakov Yacht Sales; broker **Andrey Shestakov** can guide you through selections and viewings.

Selecting a 48 Convertible

Opting for a 48 Convertible signals a preference for a time-tested motor yacht that retains the fishing capabilities of a true sportfisherman. If twin inboard **Caterpillar** diesels, a generous **beam**, and significant onboard **capacities** for extended outings are priorities, this model deserves close consideration. Andrey Shestakov and the Shestakov Yacht Sales team are prepared to compare inventory, arrange inspections, and support you through purchase steps.

Features of the Model

- Category focus: a motor yacht configured as a sportfisherman.
- Construction: fiberglass hull with a fiberglass deck.
- Dimensions that matter: 48 ft LOA (14.63 m) and 16 ft beam (4.88 m).
- Propulsion: 2 x **Caterpillar Inboard Diesel** engines.
- Endurance-minded capacities: **Fuel** 600 gal; **Water** 120 gal.
- Builder pedigree: OCEAN YACHTS.

Q: What are the onboard capacities? A: **Fuel capacity** 600 gal; **Water capacity** 120 gal.

Q: What are the hull and deck materials? A: **Hull** : fiberglass; **Deck** : Fiberglass. For inspections and offers, contact **Andrey Shestakov** at Shestakov Yacht Sales.

Owner Experience Review

Owners are drawn to the 48 Convertible from OCEAN YACHTS because it balances tournament-capable fishing features with practical accommodations for family cruising. The expansive cockpit is well suited to competitive fishing, while the generous salon, mid galley arrangement, and the common three stateroom/two head interior plan support uncomplicated multi day trips. For shorter cruises and gatherings, the salon, flybridge, and cockpit provide comfortable social zones, and many owners appreciate the efficient use of interior cubic feet for the price point.

Underway, later Super Sport and 48 Convertible hull versions with increased beam, added bow flare, and a deeper forefoot are reported to improve head sea manners versus earlier 48 models. Numerous owner accounts and listings note confident handling across a variety of sea conditions when the yacht is properly powered and well maintained. Some seasoned owners recommend adding stabilizers—particularly on certain 48 foot variants like MY models—to reduce motion underway or at anchor, a feature Convertible buyers occasionally consider for enhanced comfort.

Ownership commentary consistently emphasizes vigilant maintenance. Typical recommendations include careful inspection for water intrusion around salon windows and cabinetry, and routine checks of fuel tanks—keeping them topped and using olfactory inspection—for any signs of leakage. Common service items found in maintenance histories include turbo and exhaust manifold gasket work, heat exchanger servicing, Airsep maintenance, bilge pump replacements, new through hulls, and occasional engine rebuilds

across Detroit Diesel and Caterpillar powerplants; installed stabilizer systems also require periodic seal and service work. Many used boats display interior refits and updates over time, and older examples frequently need modernization.

Pros and Cons

- Versatile platform for sportfishing, family cruising, and weekend entertaining thanks to the large cockpit, flybridge, and social salon.
- Three stateroom, two head layout with a mid galley provides comfortable space for multi day trips.
- Later 48 Convertible/Super Sport hulls offer an improved head sea ride and, when properly powered and maintained, solid handling in varied conditions.
- Some owners note that certain variants in the 48 foot family (e.g., MY) benefit from stabilizers to reduce motion at sea or at anchor.
- Age related watch items include potential water leaks around salon windows and behind cabinetry.
- Diligent upkeep is expected: fuel tank leak checks plus routine turbo, exhaust, heat exchanger, Airsep, pump, and through hull service.

Comparison with Other Models

| Model | LOA | Beam | Draft | Speed (Cruising/... | Gross... |
