## OVERVIEW

---

Discover the 62 by PEARL MOTOR YACHTS — a modern motor yacht listed through Shestakov Yacht Sales. Broker Andrey Shestakov and our team are available to help you evaluate how this 61 foot platform fits your cruising ambitions and buying timeline.

## Selecting a 62

---

Opting for the 62 places you in a well-established size bracket with an LOA of 61 ft (18.62 m), ideally proportioned for private cruising as a motor yacht. Its factory-specified single-engine arrangement will appeal to owners who prefer simpler propulsion logistics. Shestakov Yacht Sales, led by Andrey Shestakov, can guide you through suitability assessments, on site inspections of available hulls, and management of the purchase process from offer to closing.

## Features of the Model

---

- Built by PEARL MOTOR YACHTS
- Classified as a motor yacht
- Length overall: 61 ft (18.62 m)
- Specified with a single engine (manufacturer: Unknown)
- End-to-end guidance by Shestakov Yacht Sales and broker Andrey Shestakov for selection, negotiation, and delivery planning

## Technical Specifications

---

- Model: 62
- Builder: PEARL MOTOR YACHTS

- Category: motor yacht
- Length overall (LOA): 61 ft (18.62 m)
- Engine count: 1
- Engine manufacturer: Unknown

## Pricing and Ordering

---

To obtain up-to-date pricing, delivery timelines, and available purchase options for the 62 from PEARL MOTOR YACHTS, contact Shestakov Yacht Sales. Broker Andrey Shestakov will prepare quotes, arrange viewings, and walk you through paperwork and closing steps.

## Questions and Answers

---

- What is the LOA of the 62? The **LOA** is **61 ft (18.62 m)** for the 62.
- Who is the builder of the 62? The **builder** is PEARL MOTOR YACHTS.
- What type of yacht is the 62? It is a motor yacht; the **category** is clearly **Motor yachts**.
- How many engines does the 62 have, and who makes them? The **engine count** is **1**; the **engine manufacturer** is **Unknown** per the provided specs.
- How do I start the ordering process? For **ordering** and pricing, reach out to Shestakov Yacht Sales; broker **Andrey Shestakov** will coordinate next steps.

## Owner Experience Review

---

Owners portray the 62 from PEARL MOTOR YACHTS as a genuine family-focused design, typically arranged with four cabins and four heads. The layout includes a full beam aft owner's suite accessed via its own stair, delivering significant privacy for owner operators. The expansive flybridge, aft cockpit and foredeck sunpads are well-suited to weekend socializing and

family leisure. Most hulls remain in private hands with only sporadic charter use reported, and commentators note a relatively thin resale market.

On passage, forum commentary highlights the yacht's relatively heavy displacement, so prospective buyers should confirm the speed profile meets their expectations. Typical cruising speeds are reported around 22–28 knots, while larger IPS installations have produced top speeds in the vicinity of 32–34 knots. The vessel tends to deliver a steady ride at cruising speed—particularly when equipped with the common Seakeeper (SK9)—and owners and testers report surefooted turning behavior; nevertheless, the high superstructure increases windage and can cause noticeable heel in harder turns. That added mass improves motion comfort but diminishes rapid acceleration.

A frequent onboard critique is that the galley can visually and ergonomically dominate the saloon area. Maintenance focuses on IPS pod/Volvo Penta servicing—which can incur substantial pod/drive service costs—and annual upkeep of the Seakeeper. Engine room access may be restricted by the tender garage layout and/or Seakeeper installation. Some owners have observed variability in build quality depending on the year, and there is at least one reported early equipment failure on a larger model that the builder subsequently remedied.

## Pros and Cons

---

- Full-beam aft owner's suite with private stairway provides strong privacy for family cruising.
- Four cabins, four heads, and generous flybridge/foredeck spaces suit weekend entertaining.
- Stable at cruise, especially with the commonly fitted Seakeeper, and confident in turns.
- Heavy for the class; owners advise checking you're happy with the cruising

speed and gentler acceleration.

- Significant windage from the large superstructure with noticeable heel in harder turns.
- Annual Seakeeper service and potentially high IPS pod/drive costs, with engine-room access sometimes compromised by garage/Seakeeper placement.

## Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/Max)	Gross Tonnage
Pearl 62	61' 0" (18.62 m)	17' 0" (5.31 m)	17' 3" (5.25 m)	24 kn / 30 kn	
62	61' 0" (18.62 m)				
82	82' 0" (25.15 m)	20' 0" (6.35 m)	20' 6" (6.25 m)	24 kn / 32 kn	
Pearl 72	72' 0" (21.95 m)	18' 0" (5.74 m)	18' 4" (5.58 m)	25 kn / 32 kn	
62 Pearl	62' 0" (18.90 m)	17' 0" (5.31 m)	16' 11" (5.17 m)
