OVERVIEW

A versatile 24-foot platform tailored for relaxed cruising and on water fun, the 230INTRIGUE brings robust aluminum construction and confident outboard power to owners seeking a compact, capable day boat. Represented by Andrey Shestakov and Shestakov Yacht Sales, this model from PREMIER YACHTS sits squarely among modern motor yacht designed for easy ownership and dependable performance.

Selecting a 230INTRIGUE

Choosing the 230INTRIGUE means opting for durability and simplicity. At 24 ft (7.32 m) LOA, it delivers the maneuverability you want for family outings and harbor cruising, while its aluminum build aligns with buyers prioritizing low upkeep. Shestakov Yacht Sales and Andrey Shestakov can guide you through availability and options to match your boating style.

Features of the Model

• Construction: A rugged, maintenance-friendly platform with a hull listed under алюминиевый корпус and aluminum deck material for long-term resilience.
• Propulsion: Single MERCURY outboard, unleaded fuel, for straightforward operation and service access.
• Layout Flexibility: Compact dimensions favor easy trailering and storage while supporting casual day boating and nearshore adventures.
• Purposeful Design: Classified within моторных яхт, the 230INTRIGUE emphasizes practical performance and straightforward systems.

Q: What is the overall length of the boat? A: The 230INTRIGUE measures **24 ft (7.32 m)** in length overall.

Q: What materials are used in construction? A: The hull is categorized under **Aluminum Yachts** with an **aluminum** deck, supporting durability and low maintenance.

Q: Which category does this model belong to? A: It is positioned among

modern **Motor yachts** , suited to versatile day boating.

Q: Who can help me purchase this model? A: Reach out to **Andrey Shestakov** and **Shestakov Yacht Sales** for brokerage support, pricing, and ordering details.

Owner Experience Review

Owners describe the 230INTRIGUE from PREMIER YACHTS as a sociable 23-foot pontoon that balances family-friendly space with confident on-water manners. The 8'6" beam, bow chaise lounges, and a U-shaped aft lounge make it easy to keep a group comfortable, while LED accents, multiple cupholders, and upscale, PVC-free upholstery give the interior a more premium feel than many expect at this size. The helm ergonomics—supportive captain’s chair, swivel companion seat, practical controls, and clear sightlines—are frequently praised for making long days simple and relaxed.

On the water, testers and owners highlight a notably stable, drier ride than basic pontoons when the boat is equipped with the PTX center-tube planing surface and lifting strakes. With recommended engine options, it planes efficiently and handles typical chop with confidence. It isn’t positioned as a top-speed machine compared with larger or more performance-focused models, but it delivers efficient cruising in the usual pontoon speed band. Routine upkeep is straightforward thanks to the conventional outboard setup, and reported maintenance costs align with other premium pontoons, with no recurring, model-specific issues widely cited.

Pros and Cons

• Spacious social layout with bow lounges and a rear U-lounge supports family cruising and entertaining.

• PTX center-tube with lifting strakes provides a more stable, drier ride and efficient planing for a 23' pontoon.
• Intuitive helm ergonomics and premium touches (LED accents, PVC-free fabrics) enhance comfort and usability.
• Not a high-speed performer compared with larger performance pontoons.
• Ride quality benefits most when equipped with PTX and recommended power, making those options important.
• As a premium pontoon, routine ownership costs are comparable to other high-end offerings rather than budget models.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/Max)	Gross Tonnage
