## OVERVIEW

---

The 550S from PRESTIGE is a modern motor yacht that channels the functionality of an expedition yacht. Built on a tried-and-true fiberglass and plastic hull, it's offered through Shestakov Yacht Sales with broker Andrey Shestakov and combines brisk performance, economical operation, and livable systems for extended stays aboard.

---

### Selecting a 550S

---

For buyers after a nimble 58-foot platform that's easy to operate and delivers predictable handling, the 550S merits serious consideration. With a 15 ft (4.75 m) beam, two heads, and twin Cummings inboard diesels, it strikes a balance between onboard comfort and capable sea manners. Its typical cruise is 24 knots (27.62 mph) with a top end near 30 knots (34.52 mph), making it attractive to owners who want a responsive motor yacht that can also fulfill light expedition yacht roles.

Andrey Shestakov and the Shestakov Yacht Sales team are available to walk you through full specifications, current availability, and the purchasing process for the 550S.

---

### Features of the Model

---

- Performance envelope: 24 kn cruise (27.62 mph) and 30 kn max (34.52 mph)
- Dimensions that travel well: LOA 58 ft (17.93 m), beam 15 ft (4.75 m)
- Draft designed for confident stability: 12.03 ft (3.6666 m)
- Propulsion: twin Cummings inboard diesel engines (2 x Diesel, Inboard)
- Capacities for time aboard: 581 gal fuel and 211 gal water
- Construction: fiberglass and plastic hull with a fiberglass deck

- Practical layout: 2 heads to enhance onboard flexibility
- Builder pedigree: crafted by PRESTIGE

## Technical Specifications

---

- Builder: PRESTIGE
- Model: 550S
- Type: motor yacht; Subcategory: expedition yacht; Hull: fiberglass and plastic
- LOA: 58 ft (17.93 m)
- Beam: 15 ft (4.75 m)
- Draft (max): 12.03 ft (3.6666 m)
- Cruising speed: 24 kn (27.62 mph)
- Maximum speed: 30 kn (34.52 mph)
- Engines: 2 x Cummings, Inboard, Diesel
- Heads: 2
- Fuel capacity: 581 gal
- Water capacity: 211 gal
- Deck material: Fiberglass

## Pricing and Ordering

---

To obtain up-to-date pricing, current lead times, and delivery or build options for the 550S, contact Shestakov Yacht Sales. Broker Andrey Shestakov will manage specification reviews, paperwork, and the transaction process so you can move forward with assurance.

## Questions and Answers

---

Q: What type of yacht is the 550S? A: It's a motor yacht classified within the expedition yacht niche and it rides on a fiberglass and plastic hull.

Q: What are the key performance numbers? A: **Cruising speed** is 24 knots (27.62 mph), while **maximum speed** is 30 knots (34.52 mph).

Q: Who builds the model? A: PRESTIGE is the manufacturer of the 550S, utilizing a fiberglass and plastic hull construction method.

Q: What powers the yacht? A: Two **Cummings Inboard Diesel** engines supply propulsion, delivering efficient cruise performance and responsive handling.

Q: How can I purchase or list a 550S? A: Contact **Andrey Shestakov** at **Shestakov Yacht Sales** for guidance on availability, pricing, and the complete purchase or listing workflow.

## Owner Experience Review

---

Owners commonly choose the 550S from PRESTIGE for family-oriented coastal cruising and weekend entertaining, praising the aft galley and cockpit circulation for sociable boating and noting an "apartment style" salon feel. Sea trials and owner reports describe an effortless cruise around 24 knots, a top speed near 30 knots, and surprisingly modest wake behavior through hard turns. Low speed maneuvering with the Zeus pod joystick receives consistent accolades for precision and ease, and many owners equip Seakeeper gyros to improve comfort at anchor.

The model's compromises are well reported. Storage capacity and tankage limit extended cruising—particularly the relatively small 32 gal holding tank, which owners flag as an issue on long voyages. Some owners have critiqued the interior cabinet finishes as subpar. Pod installations bring additional maintenance demands compared with conventional shaft drives: recurring Zeus service items (pod coolers, torsional couplings, trim cylinders) show up in broker logs, and there are owner concerns over parts availability and service support; pods are also more exposed to debris strikes and grounding. Access

to the engine room via the cockpit sole is generally found to be adequate, and surveyors have noted cored hull laminate issues on certain early boats. Owners often plan routes like the Great Loop/ICW and use these boats for day or weekly charters in the Med.

## Pros and Cons

- Effortless ~24 knot cruise and a composed wake in turns, per sea trial notes.
- Responsive low speed maneuvering with Zeus joystick control.
- Private full beam owner cabin and aft galley/salon layout suit social cruising.
- Storage and tankage are limited for long trips, including a 32 gal holding tank.
- Some owners criticize interior cabinet finish quality.
- Pods add service complexity and costs, with recurring Zeus maintenance items and concerns about parts/support and vulnerability to debris or grounding.

## Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/Max)	Gross Tonnage
550S	58' 0" (17.93 m)	15' 0" (4.75 m)	12' 0" (3.67 m)	24 kn / 30 kn
