OVERVIEW

The 385 OS by PURSUIT BOATS is a versatile offshore platform represented by Andrey Shestakov and Shestakov Yacht Sales, blending confident performance with refined comfort for cruising, fishing, and family adventures. As a motor yacht with a круговой проход layout and a корпус из композитов build, it delivers capability with easy deck access and dependable construction.

Selecting a 385 OS

Choosing the 385 OS means prioritizing balanced utility and comfort. With triple Yamaha outboards and a walkaround design, it suits anglers seeking 360-degree fishability and owners wanting a secure, family-friendly deck plan. Andrey Shestakov and Shestakov Yacht Sales can help match your preferred configuration and usage profile, ensuring you get the right power package and options for your waters.

Features of the Model

• Triple Yamaha outboards for responsive throttle control
• Walkaround layout for safe bow access and effortless line handling
• Durable композитный корпус construction with a fiberglass deck
• Category fit as a versatile motor yacht and practical прогулочный уокэраунд
• Gas/Petrol outboard propulsion for straightforward maintenance and broad service availability

Technical Specifications

• Model: 385 OS

- Builder: PURSUIT BOATS
- Classification: motor yacht; уокэраунд-планировка; композитный корпус
- LOA: 124 ft / 38 m
- Beam: 42 ft / 13 m

- Hull material: композитные материалы
- Deck material: Fiberglass

Pricing and Ordering

For current pricing, availability, and build or equipment guidance for the 385 OS, contact Andrey Shestakov at Shestakov Yacht Sales. Our team will outline timelines, optional equipment, and any delivery considerations to align with your cruising or angling plans.

Questions and Answers

Q: What propulsion does the 385 OS use? A: It features triple Yamaha outboards with **Gas/Petrol** fuel for responsive performance and simple serviceability.

Q: Is the hull material durable for offshore use? A: Yes, the boat is built with a **Fiberglass and Plastic Yachts** hull and a **Fiberglass** deck for strength and longevity.

Q: How practical is the deck layout for families? A: The **walkaround** configuration offers safe bow access and easy movement—ideal for mixed **family** and fishing use.

Q: What are the overall dimensions? A: The LOA is **124 ft / 38 m** , and the beam is **42 ft / 13 m** , providing generous deck and interior volume.

Q: Who can assist with purchase and options? A: **Andrey Shestakov** and the team at **Shestakov Yacht Sales** will guide you through selection, pricing, and outfitting.

Owner Experience Review

Owners of the 385 OS from PURSUIT BOATS consistently describe it as a true crossover: capable offshore express for fishing days that converts seamlessly into a comfortable family cruiser overnight. Many highlight the real cabin arrangement—with a V berth, mid berth, and a separate shower—saying it turns weekend runs and Bahamas trips into practical routines rather than special efforts. The cockpit earns praise for its fishing utility and guest friendly flow, while the helm and adjacent seating are seen as roomy and well organized for long runs.

On the water, owners report a solid, confidence inspiring ride in a chop and quick planing with triple outboards. Reported test figures put top speed in the mid 40s to low 50s knots depending on engine setup. The tradeoff is fuel appetite: owners frequently note that triple outboards deliver speed and range but require careful fuel planning compared with twin engine alternatives. Overall sentiment points to a boat that handles big water with composure and supports both serious fishing and comfortable cruising.

Pros and Cons

• Confident ride offshore, with owners citing solid handling in a chop.
• Cabin with V berth, mid berth, and separate shower supports real overnighting for families.
• Versatile cockpit and helm layout works for both fishing and entertaining.
• Triple outboards deliver speed but come with higher fuel burn.
• Routine outboard and generator maintenance adds recurring ownership

costs.

• Isolated reports of hardware or hull cosmetic issues require attention and troubleshooting.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/ Max)	Gross Tonnage
385 OS	124' 0" (38 m)	42' 0" (13 m)			
OS 315 Offshore	32' 0" (9.96 m)	10' 0" (3.25 m)	4' 11" (1.50 m) – 9' 10" (3 m)
