OVERVIEW

Crafted by PURSUIT BOATS, the DC 365 DUAL CONSOLE is a purpose-built performance dayboat that fuses speed and usability. Built on a fiberglass and plastic hull, this 36-foot platform pairs triple-outboard propulsion with a roomy 12-foot beam to offer confident handling, practical deck arrangements, and the capability expected of a modern motor yacht. Shestakov Yacht Sales and broker Andrey Shestakov represent this model for buyers seeking a balance of performance and comfort.

Selecting a DC 365 DUAL CONSOLE

Opt for the DC 365 DUAL CONSOLE when you prioritize strong acceleration and high cruise capability from three YAMAHA outboards, want long days on the water with a 326 gallon fuel reserve, and expect highway-like performance—26.94 knots for comfortable cruising and up to 47.79 knots at full throttle. Constructed as a motor yacht on a fiberglass and plastic hull, the DC 365's broad 12 foot beam creates a stable, usable deck footprint for both entertaining and activity-based outings.

Features of the Model

• Propulsion: Three YAMAHA outboards; fuel type: unleaded; engine type: outboard
• Performance: 26.94 kn cruising (31 mph) and 47.79 kn max (55 mph)
• Dimensions: 36 ft LOA (10.97 m) and 12 ft beam (3.66 m)
• Draft range: 7.119–10.105 ft (2.17–3.08 m)
• Capacities: 326 gal fuel and 42 gal fresh water
• Construction: fiberglass and plastic hull with a fiberglass deck; hull configuration: Other

• Backed by Shestakov Yacht Sales and broker Andrey Shestakov for selection and purchase support

Technical Specifications

• Builder: PURSUIT BOATS
• Model: DC 365 DUAL CONSOLE
• Classification: motor yacht
• Hull material: fiberglass and plastic
• Deck material: Fiberglass
• Hull configuration: Other
• LOA: 36 ft (10.97 m)
• Beam: 12 ft (3.66 m)
• Draft (min–max): 7.119–10.105 ft (2.17–3.08 m)
• Engines: 3 × YAMAHA, outboard, unleaded
• Speed (cruise/max): 26.94 kn / 47.79 kn (31 mph / 55 mph)
• Fuel capacity: 326 gal
• Water capacity: 42 gal

Our brokerage team will assist you through model selection, inspection scheduling, and the closing process to make your purchase as straightforward as possible.

Questions and Answers

Q: What are the dimensions of the DC 365 DUAL CONSOLE? A: The vessel’s

LOA measures 36 ft (10.97 m) and the **beam** is 12 ft (3.66 m), giving the boat the expected stance and on-deck room of a contemporary motor yacht.

Q: What powers this model and what fuel does it use? A: Power comes from **three YAMAHA outboards** designed to run on **unleaded** fuel, providing brisk acceleration and dependable operation.

Q: How fast can it go? A: Typical **cruising speed** is 26.94 knots (approximately 31 mph), while the **maximum speed** can reach 47.79 knots (around 55 mph).

Q: What are the draft and construction details? A: The **draft** varies between 7.119 ft and 10.105 ft (2.17–3.08 m). The hull uses a fiberglass and plastic construction with a **fiberglass** deck, and the hull configuration is recorded as **Other** .

Q: What are the onboard capacities? A: **Fuel capacity** is 326 gallons and **fresh water capacity** is 42 gallons, capacities that support active day trips and extended cruising from a motor yacht.

Owner Experience Review

Owners consistently describe the DC 365 DUAL CONSOLE from PURSUIT BOATS as a genuinely multi-purpose craft. The expansive bow area and flexible cockpit seating convert easily between social lounging and transporting larger groups—one owner even said, "You could load this boat up with seven couples." Its dual-console layout serves watersports and family days while maintaining serious fishing credentials: factory provisions like a 28-gallon livewell, oversized fishboxes, and vertical rod stowage integrate fishing into the boat’s social-first design.

On the water, the 20° deep-V hull with continuous strakes is credited with a dry, comfortable ride that sheds spray. Powered in many examples by triple Yamaha F300s, performance testing has shown a top speed near 51.3 mph and

a fuel burn close to ~1 mpg when held at about 35 mph; owners report the handling is steady, predictable, and “drives like a dream.” The DC 365 is prepped for a Seakeeper gyro, and many owners who add the gyro note a pronounced reduction in roll during offshore passages.

Weekending is also a highlight: the layout includes an enclosed head with a separate shower door, two sleeping areas (including an aft berth roughly 52" x 80"), plus galley conveniences such as a Kenyon grill, sink, and refrigerator/freezer. Optional and standard systems like a Fischer-Panda generator and cabin A/C increase onboard comfort. The triple-outboard arrangement does mean routine maintenance and consumables are higher, but practical service access—such as a large central cockpit hatch and a sliding generator compartment—helps. Community forums sometimes raise fit-and-finish concerns and stress the value of responsive dealer support, yet no systemic model failures are common; as one owner put it, “The DC 365 is the perfect all around family boat.”

Pros and Cons

• Soft-riding deep-V hull with predictable handling offshore and in chop.
• Versatile dual-console layout with real fishing features and social space for large groups.
• Weekender amenities include two berths, enclosed head with shower, generator and A/C.
• Triple outboards increase routine service and consumable costs.
• Best roll comfort typically relies on the optional Seakeeper gyro.
• Some owner/forum critiques of fit and finish make dealer/service quality important.
