OVERVIEW

The 340 Open from REEF RUNNER is a center-console motor yacht built on a fiberglass and plastic hull. Offered through Shestakov Yacht Sales with broker Andrey Shestakov, it suits owners seeking a practical, capable offshore platform.

Selecting a 340 Open

Opt for the 340 Open when you want the straightforward functionality of a center-console layout combined with dependable twin-engine power. With an overall length of 34 ft (10.39 m) and a maximum draft of 5.741 ft (1.75 m), it strikes a balance between nimble handling and offshore composure. Twin Mercury outboards running on gasoline make maintenance simpler and deliver the immediate throttle response desired for everything from family days to serious sportfishing.

Features of the Model

The 340 Open emphasizes an uncluttered helm and an expansive open deck typical of center-console designs, built on a durable fiberglass and plastic hull with a fiberglass deck. Twin Mercury outboards simplify service routines and the 1.75 m (5.741 ft) draft yields predictable handling in a variety of sea states. Shestakov Yacht Sales and broker Andrey Shestakov are available to assist with custom configurations, survey coordination, and delivery logistics.

Technical Specifications

- Builder: REEF RUNNER

- Model: 340 Open
- Classification: motor yacht; center console
- Hull: fiberglass and plastic
- Deck material: Fiberglass
- LOA: 34 ft (10.39 m)
- Max draft: 5.741 ft (1.75 m)
- Engines: 2 x Mercury; Type: Outboard; Fuel: Gas

Pricing and Ordering

To obtain up-to-date pricing, confirm availability, or schedule a viewing or survey of the 340 Open, please contact Andrey Shestakov at Shestakov Yacht Sales. We handle specification updates, international logistics, and closing procedures to deliver a seamless brokerage experience from first inquiry to final delivery.

Questions and Answers

- What type of yacht is the 340 Open?
- The 340 Open is a center console yacht in the motor yacht category, featuring an open helm-forward deck arrangement.
- What engines power this model?
- It is fitted with **2 engines** from **Mercury**, configured as **Outboard** propulsion and using **Gas** fuel, chosen for their ease of maintenance and owner familiarity.
- What are the key dimensions?
- The 340 Open measures **34 ft (10.39 m) LOA** with a **maximum draft of 5.741 ft (1.75 m)**, a practical footprint for varied on-water use.

- What is the hull and deck construction?
- The hull is listed as fiberglass and plastic, while the deck material is **Fiberglass**, offering durability and straightforward upkeep.
- How do I purchase or list a 340 Open?
- Contact **Andrey Shestakov** at **Shestakov Yacht Sales** to discuss listing options, trade-ins, surveys, and closing support for the 340 Open by REEF RUNNER.

Owner Experience Review

Serious offshore anglers regard the 340 Open as a highly capable fishing platform: its 10' beam creates an exceptionally open cockpit, complemented by a 65 gal transom livewell and several insulated fishboxes. Reports from brokers and sea trials describe a dry, assured deep V ride (24° deadrise) with agile handling, particularly when fitted with twin or triple Mercury Verado V8s in the 300–400 hp range. Depending on the selected propulsion, cruising speeds commonly fall in the upper 30s to low 40s mph, with reported top-end speeds into the mid 50s; many owners recommend ride control options such as Seakeeper Ride and properly tuned trim tabs to enhance comfort on a boat under 35'.

For weekend escapes and family outings, the 340 Open can accommodate up to approximately 12 people and includes overnight-capable features like an enclosed head and an estimated 40 gal freshwater system. Numerous builds add forward seating or loungers and incorporate a molded anchor locker. Prospective buyers should anticipate significant helm and electronics personalization—brokers frequently report dual 16" displays, upgraded sound systems, and dealer-installed packages—consistent with the semi custom nature of the 2023–2026 REEF RUNNER series. Routine maintenance follows

standard Verado service intervals for this power class, supported by a wood free construction approach and a 10 year limited hull warranty; as a relatively recent design, long term owner forum data is limited, though listings often note recent factory servicing and active engine warranties.

Pros and Cons

- Deep V 24° hull provides a dry, confident offshore ride with nimble handling.
- Fish centric cockpit: 10' beam paired with a 65 gal transom livewell and multiple insulated fishboxes.
- Versatile for day trips or overnight stays with an enclosed head, ~40 gal freshwater capacity, and optional forward seating.
- Performance and top speed vary significantly depending on whether the boat is configured with twin or triple outboards.
- Optimal ride refinement frequently requires additions such as Seakeeper Ride or properly calibrated trim tabs.
- Semi custom construction means onboard systems and layouts can differ considerably between individual boats.
