OVERVIEW

The 24XO from REGULATOR is a compact, capable motor yacht built on a time tested fiberglass and plastic foundation. Offered through Shestakov Yacht Sales with broker Andrey Shestakov, it combines uncomplicated handling, lively on water performance, and a well thought out deck layout.

Selecting a 24XO

Opt for the 24XO when you need a 24 ft (7.32 m) platform that emphasizes surefooted performance with a single [[engine]] configuration and easy maintenance. With a cruising pace of 24.33 kn (28 mph) and a maximum near 43.45 kn (50 mph), and carrying 86 gallons of fuel, the 24XO is well suited to day outings, quick hops between marinas, and flexible coastal runs. As a motor yacht produced by REGULATOR, it delivers the construction quality and ride attributes enthusiasts expect in this size bracket.

Features of the Model

• A hull tuned for performance, delivering a cruise speed of 24.33 kn and a potential top end up to 43.45 kn
• Single YAMAHA outboard arrangement for straightforward servicing, economy, and simplicity
• Compact yet practical footprint: 24 ft LOA with an 8 ft beam, facilitating trailering and fitting into slips where appropriate
• Draft values designed to handle diverse water depths, spanning 4.364 ft to 7.644 ft
• Robust build with a fiberglass deck and a hull classified within the fiberglass and plastic category
• Full support from Shestakov Yacht Sales and broker Andrey Shestakov

through model selection, offer negotiation, and closing

Technical Specifications

- Model: 24XO
- Builder: REGULATOR
- Type: motor yacht
- Hull category: fiberglass and plastic
- LOA: 24 ft (7.32 m)
- Beam: 8 ft (2.57 m)
- Draft (min/max): 4.364 ft (1.33 m) / 7.644 ft (2.33 m)
- Speed (cruise/max): 24.33 kn (28 mph) / 43.45 kn (50 mph)
- Engines: 1 x YAMAHA, Outboard
- Fuel type: Unleaded
- Fuel capacity: 86 gal
- Hull configuration: Other
- Deck material: Fiberglass

Pricing and Ordering

For up to date pricing, current availability, or to schedule a viewing of the 24XO, contact Shestakov Yacht Sales. Broker Andrey Shestakov can walk you through detailed specifications, optional equipment, and the purchase timeline to ensure a smooth process from offer to handover.

Questions and Answers

Q: What type of yacht is the 24XO? A: It is a motor yacht constructed in line with the fiberglass and plastic category, making it well suited to a broad range of day boating activities. Key focus**type** and **construction** .

Q: What are the key performance figures? A: The 24XO posts a **cruise speed** of 24.33 kn (28 mph) and reaches a **top speed** of 43.45 kn (50 mph), combining fuel efficiency with spirited performance.

Q: What engine setup does it use? A: Propulsion is provided by a single **YAMAHA Outboard** that runs on **Unleaded** fuel, keeping operation and maintenance straightforward.

Q: What are the principal dimensions and draft? A: The boat measures **LOA** 24 ft (7.32 m) with a **beam** of 8 ft (2.57 m), and the **draft** varies between 4.364 ft (1.33 m) and 7.644 ft (2.33 m), accommodating different water conditions.

Q: How do I order through Shestakov Yacht Sales? A: Reach out to broker **Andrey Shestakov** at Shestakov Yacht Sales for details on **pricing** , **availability** , and the next steps to secure a 24XO.

Owner Experience Review

Owners typically regard the 24XO as a true crossover—primarily a craft for inshore bays and shallow flats, yet with enough freeboard and range to tackle short nearshore passages when conditions are favorable. It adapts well as a family dayboat for weekends, with a forward casting platform that converts into cushioned seating, and a console/bow arrangement suited to both guests and anglers.

On the water, the model is frequently praised for a ride confidence that belies its size. The 17° deadrise, pronounced entry, and flared bow assist in cutting through chop, and owners report it feels quick and secure at cruising speeds. Recorded sea trials put cruise figures in the high 20s mph at moderate RPMs, with top speeds reported in the high 40s up to around 50+ mph depending on engine and propeller choices. A common forum refrain captures the sentiment: “I have never met an unhappy Regulator owner.”

The onboard layout emphasizes day boat practicality—there's no cabin—so expectations should center on fishing and daytime cruising. Routine upkeep is generally uncomplicated with popular Yamaha outboards, and access to the stern area provides easy reach to pumps and wiring, which are typically run neatly. Across owner forums and industry sources, REGULATOR owners report high satisfaction and relatively low warranty claim rates, though a few note occasional minor cosmetic or fit and finish imperfections on handcrafted elements.

Pros and Cons

• A flexible crossover that performs well in bays, flats, and skinny water while still capable of short nearshore runs when seas permit.
• Solid ride characteristics for its size thanks to a 17° deadrise, sharp entry, and flared bow that handle choppy conditions effectively.
• A family friendly layout featuring a convertible forward casting platform/seating area plus sensible tackle, rod, and cooler storage.
• Lacks a cabin or overnight accommodations, so it is best used for day trips rather than extended cruising.
• Limited offshore capability—suitable for reasonable seas but not intended for extended blue water passages.
• A small number of owners report minor fit and finish or cosmetic issues on some handcrafted components.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/ Max)	Gross Tonnage
24XO	24' 0" (7.32 m)	8' 0" (2.57 m)	4' 4" (1.33 m) – 7' 8" (2.33 m)	24.33 kn / 43.45 kn
