OVERVIEW

Experience the RIVA YACHT 2016, a 63 ft motor yacht built on a performance-oriented fiberglass and plastic hull. Offered through Shestakov Yacht Sales with broker Andrey Shestakov, this yacht pairs brisk cruising capability with practical accommodations for extended cruising and entertaining.

Selecting a 2016

If rapid passages and the renowned craftsmanship of RIVA YACHT matter to you, the 2016 is an appealing contender. It cruises comfortably at 35 kn (40.28 mph) and can reach up to 40 kn (46.03 mph). Accommodation for six guests, plus crew quarters configured as 2 cabins with 2 berths, make it suitable for weekend escapes or longer stays. A maximum draft of 5.249 ft (1.6 m) keeps it accessible to a wide range of marinas and anchorages.

Features of the Model

- 63 ft (19.2 m) LOA complemented by a 15 ft (4.8 m) beam, balancing deck space and interior volume
- Hull constructed to the fiberglass and plastic standard with a fiberglass deck for longevity and easier upkeep
- Single MAN engine installation for simplified operation and maintenance
- Designed for a 35 kn cruise and a 40 kn top speed to facilitate quick coastal runs
- Accommodation layout sleeps 6 guests; crew spaces include 2 cabins with 2 berths
- 845 gal fuel capacity and 174 gal fresh water capacity to support extended range and autonomy

Technical Specifications

- Builder: RIVA YACHT
- Model: 2016
- Category: motor yacht
- Hull: fiberglass and plastic
- Deck: Fiberglass
- LOA: 63 ft (19.2 m)
- Beam: 15 ft (4.8 m)
- Draft (max): 5.249 ft (1.6 m)
- Cruising speed: 35 kn (40.28 mph)
- Maximum speed: 40 kn (46.03 mph)
- Engines: 1 x MAN
- Sleeps: 6
- Crew cabins: 2; Crew beds: 2
- Fuel capacity: 845 gal
- Water capacity: 174 gal

Pricing and Ordering

Questions and Answers

Q: Is the 2016 considered a motor yacht? A: Yes. This model is classified as a motor yacht and features a hull built to the fiberglass and plastic standard, offering a blend of efficiency and durability.

Q: What are the key dimensions of the yacht? A: The **LOA is 63 ft (19.2 m)** , the **beam is 15 ft (4.8 m)** , and the **max draft is 5.249 ft (1.6 m)** , providing a stable footprint for comfortable onboard living and handling.

Q: How fast does it go and what's the best cruising pace? A: The yacht has a **cruising speed of 35 kn (40.28 mph)** and can achieve a **maximum speed of 40 kn (46.03 mph)** , well suited for rapid coastal hops and efficient passages.

Q: What is the engine and onboard capacities? A: Propulsion is provided by **1 x MAN** engine. The yacht carries **845 gal** of fuel and **174 gal** of fresh water to support longer voyages.

Q: How many people can stay aboard comfortably? A: Accommodation is arranged to **sleep 6** guests, with **2 crew cabins / 2 crew beds** for professional crew support. For purchase inquiries, contact **Andrey Shestakov** at **Shestakov Yacht Sales** .

Owner Experience Review

Owners of the 2016 from RIVA YACHT frequently choose this platform for its blend of style and performance—serving well as an elegant open-party boat, a refined dayboat/weekender, or a fast family cruiser and short-term charter vessel. Sea trials of similarly sized open models from this period often recorded top speeds around 40–41 knots with comfortable cruise speeds in the low to mid 30s, and reviewers consistently noted the hulls' efficient, sporty feel and responsive helm.

Onboard appointments typically feature the marque's signature high-gloss wood finishes and lacquered joinery, and midsize configurations emphasize entertaining with well-arranged cockpit zones and generously proportioned sunpads—many electrically operated for lounging and storage access. Headroom is generally satisfactory across comparable layouts, though a few

owners mention less-than-ideal galley or stair placements in certain configurations. Maintenance is a common topic: exterior brightwork and teak require regular attention, servicing large engines is expectedly costly but routine, and service access varies from models with convenient electric-lift sunpads to others with tighter maintenance spaces.

Pros and Cons

- Sporty, precise handling and a direct helm feel as reported in sea trials.
- Well-designed cockpit areas for entertaining and comfortable, often powered, sunpads on midsize versions.
- Ideal for dayboating, family weekends, and rapid coastal hops or charter-style use.
- Overall upkeep tends to be higher than average, particularly with age.
- Exterior brightwork and teak demand continual refinishing and care.
- Seakeeping is variable by model; some owners have experienced slamming in choppy conditions.
