## OVERVIEW

---

Crafted by RIVA YACHT, the 27 ISEO is a compact, refined motor yacht aimed at owners seeking an elegant cruiser with a hull built from fiberglass and plastic. Offered through Andrey Shestakov and Shestakov Yacht Sales, it marries Italian styling with responsive performance for memorable day outings on the water.

## Selecting a 27 ISEO

---

Opt for the 27 ISEO when you want a manageable 27-foot yacht that's simple to skipper yet rewarding to drive. Its planing hull, single Yanmar I/O diesel propulsion, and compact footprint (7 ft beam; 3.281 ft/1 m draft) make it well-suited to protected bays, coastal hops, lakes, and river day trips. Officina Italiana Design's influence brings a refined onboard atmosphere without compromising speed or fuel efficiency.

## Features of the Model

---

- Planing hull designed for lively handling and economical performance
- Single Yanmar I/O diesel installation for reliable propulsion and straightforward maintenance
- Typical cruising speed of 25 kn (28.77 mph) and a top speed of 30 kn (34.52 mph)
- Hull constructed from fiberglass and plastic with a fiberglass deck
- Interior appointments by Officina Italiana Design, emphasizing ergonomic layout and high-quality finishes
- Practical tanks for day use: 87.18 gal fuel capacity and 22.19 gal fresh water capacity

## Technical Specifications

---

- Length overall (LOA): 27 ft (8.22 m)
- Beam: 7 ft (2.25 m)
- Draft (max): 3.281 ft (1 m)
- Hull configuration: Planing
- Hull material category: fiberglass and plastic
- Deck material: Fiberglass
- Engines: 1 x Yanmar
- Propulsion: I/O
- Fuel type: Diesel
- Cruising speed: 25 kn (28.77 mph)
- Maximum speed: 30 kn (34.52 mph)
- Fuel capacity: 87.18 gal
- Fresh water capacity: 22.19 gal
- Interior designer: Officina Italiana Design

## Pricing and Ordering

---

To obtain current pricing, confirm availability, or arrange a sea trial of the 27 ISEO, contact Andrey Shestakov at Shestakov Yacht Sales. We can guide you through specification choices, expected delivery schedules, and comparable models to help you decide on the best configuration for your boating plans.

## Questions and Answers

---

Q: What are the cruising and top speeds of the 27 ISEO? A: The 27 ISEO typically cruises at **25 kn (28.77 mph)** and can reach a **top speed of 30 kn (34.52 mph)** .

Q: What engine and drive does it use? A: Propulsion is provided by **1 x Yanmar** engine paired with an **I/O** drive, running on **diesel** for dependable operation and efficient cruising.

Q: How large is the boat? A: The vessel measures **LOA 27 ft (8.22 m)** with a **beam of 7 ft (2.25 m)** and a **draft of 3.281 ft (1 m)**, dimensions that make docking and maneuvering straightforward in diverse conditions.

Q: What is the hull type and material category? A: It sports a **planing hull** and the hull is classified as fiberglass and plastic. As a compact motor yacht in the cruiser category, it delivers a compromise of agility and onboard comfort.

Q: Who designed the interior, and how do I get pricing? A: The **interior** is the work of Officina Italiana Design. For **pricing** and ordering information on the 27 ISEO, please contact Andrey Shestakov at Shestakov Yacht Sales.

## Owner Experience Review

---

Owners characterize the 27 ISEO from RIVA YACHT as a bona fide 27 foot dayboat—perfect for lakes and coastal jaunts, brief fast passages, watersports, and even as an elegant tender for larger yachts. It is transportable by trailer, which many owners appreciate for moving between marinas and inland waters. In operation the boat planes rapidly; independent trials and owner reports note top speeds near 40 knots when fitted with 320 hp sterndrive options, while comfortable planing cruise speeds typically sit in the mid 20s to low 30s knots. Handling is frequently described as agile and “nippy,” with crisp feedback at the helm and brisk acceleration in sheltered water.

Onboard arrangements prioritize daytime comfort: twin bolstered helm seats, a generous cockpit with sunpad, and storage solutions and ergonomics tailored to short outings rather than extended liveaboard use. The high level finish—polished mahogany on the foredeck, stainless accents, and custom

trim—receives regular praise from owners. Reviewers also caution that the model performs best in calm or nearshore seas and can be uncomfortable in heavier conditions; more recent El Iseo variants and updates add features such as auto trim, Zipwake interceptors, and selectable drive modes (Adagio/Andante/Allegro) to refine running attitude and broaden usability across speed ranges. Maintenance is a notable consideration: the 24 coat varnish finish requires consistent attention, as prolonged sun and moisture exposure can cause bleaching and varnish breakdown, and thin wood veneers are at risk of water intrusion and delamination without annual care. Common recurring maintenance items include sterndrive and engine servicing and propeller balancing/checks, with some owners reporting higher ownership costs and limited access to certain mechanical areas.

## Pros and Cons

---

- Luxury craftsmanship featuring polished mahogany, stainless accents, and custom trim that owners consistently value.
- Responsive, nimble handling with rapid planing, strong acceleration, and comfortable cruising in the mid 20s to 30s knots.
- Multifunctional as a dayboat, superyacht tender, and a trailerable craft for varied waterways.
- Best suited to sheltered or nearshore waters; may slam in heavier sea states.
- Mahogany veneer and the extensive 24 coat varnish require ongoing maintenance and are prone to bleaching or failure if exposed to sun and moisture without care.
- Ownership costs can be higher, with some systems offering tight access and ongoing needs for sterndrive servicing and propeller maintenance.

## Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/...	Gross Tonnage
