OVERVIEW

Introducing the 88 Folgore by RIVA YACHT—a high-performance luxury motor yacht that blends planing-hull speed with classic Italian styling. Offered through Shestakov Yacht Sales with broker Andrey Shestakov, this model delivers a comfortable 32 knot cruise, a 38 knot top speed, accommodation for up to eight guests, and a fiberglass and plastic hull.

Selecting a 88 Folgore

Buyers seeking a motor yacht that prioritizes velocity, onboard comfort, and unmistakable design cues will find the 88 Folgore a strong contender. Measuring 88 ft (26.92 m) overall with a 20 ft (6.3 m) beam, it provides roomy interiors without sacrificing nimble handling thanks to its planing hull. Powered by twin MTU diesels and supported by a 2,113.38 gallon fuel reserve and 317.01 gallons of potable water, it's configured for brisk coastal passages with good onboard autonomy. Partner with Andrey Shestakov and the Shestakov Yacht Sales team to match this model's performance and layout to your cruising intentions and ownership plans.

Features of the Model

- **Performance:** A planing hull architecture enables surefooted handling with a cruising speed around 32 kn (36.83 mph) and a maximum near 38 kn (43.73 mph).
- **Power:** Twin MTU diesel packages deliver dependable propulsion and efficiency for high speed passages.
- **Dimensions:** LOA 88 ft (26.92 m), beam 20 ft (6.3 m), draft 6.496 ft (1.98 m) that balance internal volume with access to relatively shallow anchorages.
- **Construction:** Primary hull composed of fiberglass and plastic with a robust

fiberglass deck structure.

- Living Aboard: Comfortable arrangements for as many as 8 guests, plus 2 crew cabins to support professional service.

Technical Specifications

- Type: motor yacht within the wider motor yachts category
- Builder: RIVA YACHT
- Model: 88 Folgore
- Hull configuration: Planing
- Hull material: fiberglass and plastic
- Deck material: Fiberglass
- LOA: 88 ft / 26.92 m
- Beam: 20 ft / 6.3 m
- Max draft: 6.496 ft / 1.98 m
- Engines: 2 x MTU
- Fuel type: Diesel
- Speed (cruise): 32 kn / 36.83 mph
- Speed (max): 38 kn / 43.73 mph
- Accommodation: Up to 8
- Crew cabins: 2
- Fuel capacity: 2,113.38 gal
- Water capacity: 317.01 gal

Pricing and Ordering

To obtain up to date pricing, delivery timelines, or guidance on build options for the 88 Folgore, please contact Andrey Shestakov at Shestakov Yacht Sales. Our brokerage will support configuration choices, provide comparative market insight among motor yachts, and arrange a private inspection—managing the

transaction from initial enquiry through vessel handover.

Questions and Answers

- Q: What type of yacht is the 88 Folgore? A: It's a luxury **motor yacht** in the category of **motor yachts** , manufactured by **RIVA YACHT** with a planing hull design.
- Q: How fast can it go? A: Performance figures are noteworthy: roughly **32 kn (36.83 mph) cruising** speed and about **38 kn (43.73 mph) maximum** .
- Q: What is the hull made of? A: The hull uses **fiberglass and plastic** construction, paired with a **fiberglass** deck.
- Q: How many people can stay aboard? A: Sleeping capacity is for up to **8** guests, with **2 crew cabins** provided for service and operational support.
- Q: Who can help me purchase the yacht? A: Contact **Andrey Shestakov** and the **Shestakov Yacht Sales** team for **pricing** , availability, and full brokerage assistance on the 88 Folgore.

Owner Experience Review

Owners and captains attracted to the 88 Folgore from RIVA YACHT frequently praise its performance envelope: a deep V planing hull that is both responsive and composed, delivering comfortable cruises at 32–33 knots and peak speeds in the high 30s. When equipped, joystick maneuvering, dynamic positioning, and sophisticated helm electronics simplify tight maneuvers, and the yacht exhibits reassuring seakeeping for its size. Typical cruising range between 300 and 340 nautical miles supports weekend trips and short multi day coastal runs with ease.

The interior and exterior flow emphasizes Italian design principles of light and openness: a luminous salon beneath a glass hardtop or tilting roof and intelligently arranged social zones across the flybridge and cockpit. Down

below, the standard four cabin layout accommodates eight guests, anchored by a full beam owner's stateroom amidships, while the circulation plan keeps galley and crew operations discreet. A versatile beach club transom that folds to sit parallel with the water creates approximately 6 m² of waterside terrace, enhancing everyday use for swimming, tender handling, and charter activities.

In real world use the 88 Folgore adapts well to both owner operator and captain run regimes, and several examples serve on Mediterranean weekly charter schedules. Prospective owners should budget for the maintenance demands of twin MTU 16V2000 M96L engines and multiple electro hydraulic systems: routine MTU servicing intervals, occasional larger overhauls, and attention to moving assemblies such as the tilting roof, transom/garage doors, thrusters, and joystick. RIVA YACHT offers support through the Ferretti group global network, including a U.S. parts hub, though certain bespoke Italian components can incur lead times; convenient engine room access from the lower deck and a cockpit hatch eases day to day servicing.

Pros and Cons

- Confident deep V handling with a 32–33 knot cruise and 38–39 knot top speed.
- Layout optimized for entertaining with a flybridge, cockpit, and a roughly 6 m² beach club transom.
- Four en suite cabins sleeping eight, including a full beam owner's suite suited for family use or charter service.
- Electro hydraulic systems (roof, transom/garage, thrusters) increase complexity and require attentive maintenance.
- MTU 16V2000 M96L engines entail ongoing upkeep and the possibility of significant service costs over time.
- Some bespoke Italian components may have longer lead times despite an extensive global support network.
