OVERVIEW

The 46 Sports Motor Yacht by Riviera is a modern motor yacht in the motor yachts category, constructed on a sturdy fiberglass and plastic hull with a fiberglass deck. Designed to sleep up to 6 guests and equipped with two heads, it offers a thoughtful mix of comfort and functionality for varied cruising plans. For availability and next steps, reach out to Andrey Shestakov and the team at Shestakov Yacht Sales.

Selecting a 46 Sports Motor Yacht

Picking the appropriate yacht hinges on clear specs and experienced advice. The 46 Sports Motor Yacht from Riviera pairs proven hull construction with capable propulsion: twin Volvo inboard diesel engines, a fuel capacity of 660 gallons, and 132 gallons of freshwater. With an LOA of 46 ft (14.02 m), a beam of 15 ft (4.75 m), and a maximum draft of 15.321 ft (4.6699 m), it occupies a versatile place within the motor yachts segment. For personalized guidance about this motor yacht, consult Andrey Shestakov at Shestakov Yacht Sales.

Features of the Model

- Accommodates 6 guests and includes 2 heads for practical onboard living
- Twin Volvo inboard diesel propulsion for dependable performance and handling
- Robust fiberglass and plastic hull with a fiberglass deck for durability
- Proportions designed for balance: 46 ft LOA, 15 ft beam, and a 15.321 ft draft
- Tankage sized for extended cruising: 660 gal fuel and 132 gal fresh water

Technical Specifications

- Builder: Riviera
- Model: 46 Sports Motor Yacht
- Category: motor yachts; motor yacht
- Hull: fiberglass and plastic
- Deck: Fiberglass
- LOA: 46 ft (14.02 m)
- Beam: 15 ft (4.75 m)
- Draft (max): 15.321 ft (4.6699 m)
- Engines: 2 x Volvo, Inboard, Diesel
- Accommodation: 6
- Heads: 2
- Fuel capacity: 660 gal
- Water capacity: 132 gal

Questions and Answers

Q: What type of yacht is the 46 Sports Motor Yacht? A: It is a motor yacht within the broader motor yachts category, engineered to deliver a blend of **performance** and **comfort** .

Q: Who builds the 46 Sports Motor Yacht? A: This model is produced by Riviera,

a marque recognized for **quality construction** and **dependable systems** .

Q: What are the key dimensions of the model? A: The 46 Sports Motor Yacht measures **46 ft (14.02 m) LOA** , with a **15 ft (4.75 m) beam** , and a **15.321 ft (4.6699 m) draft** .

Q: What is the engine configuration? A: The yacht is powered by **2 x Volvo Inboard Diesel** engines, offering reliable propulsion and **efficient operation** .

Q: What materials are used for the hull and deck? A: The vessel features a hull in the fiberglass and plastic category, paired with a **fiberglass deck** to provide durability and **low maintenance** .

Owner Experience Review

Owners and reviewers commonly use the 46 Sports Motor Yacht as a versatile platform: family cruising with overnight stays, weekend entertaining on the open flybridge and alfresco deck, and occasional sportfishing or watersports from its expansive cockpit. On the water the yacht projects confidence and nimble handling, with the Volvo Penta IPS and joystick simplifying tight space maneuvers—many owners note that pods make docking noticeably easier. Sea trials highlight a blue water hull pedigree and a comfortable motion in moderate seas, with smooth and economical cruising courtesy of the twin IPS drivetrains.

Liveaboard comfort is notable for a vessel of this size, with three staterooms and two ensuites often praised as exceptional for a sub 53 foot yacht. The convivial layout—an aft galley, shaded alfresco deck, cockpit, foredeck sunpad, and a generous open flybridge—caters to both hosting and extended cruising, though some owners prefer a lower helm station instead of an open flybridge helm. As expected with IPS installations, there is additional system complexity to factor into ownership: forum conversations reference sensor and

electronics failures and the comparatively higher cost of spare parts and service. Routine maintenance for the twin Volvo IPS units is anticipated, and engine room access is typical for this class, while long term ownership trends are still emerging following the Riviera model's December 2022 introduction.

Pros and Cons

- Joystick equipped Volvo Penta IPS provides precise, user friendly docking and close quarters control.
- Three staterooms and two ensuites offer remarkable livability for a yacht under 53 feet.
- Versatile social and activity spaces—the open flybridge, alfresco deck, and broad cockpit—fit cruising, entertaining, and watersports.
- IPS installations introduce system complexity, and owners report sensor/electronics failures with expensive spares and servicing.
- The open flybridge helm and its ergonomics appeal to many but may not satisfy those who prefer a lower helm configuration.
- Limited long term owner data is available since the 46 Sports Motor Yacht debuted in late 2022.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/Max)	Gross Tonnage
