# OVERVIEW

---

Introducing the 4600 Sport Yacht Platinum Edition from Riviera — a modern motor yacht engineered for comfortable cruising in the cruiser segment, built on a fiberglass hull. Listed by Shestakov Yacht Sales with brokerage handled by Andrey Shestakov.

## Selecting a 4600 Sport Yacht Platinum Edition

---

Opt for the 4600 Sport Yacht Platinum Edition if your priorities are dependable diesel inboard propulsion and practical cruising capability. Its twin Volvo powerplants, twin heads, substantial fuel and fresh water capacity, and wide beam for added stability and interior room make this model a persuasive choice in the motor yacht class and within the cruiser segment.

## Features of the Model

---

- LOA: 46 ft (14.02 m) for confident docking and marina access
- Beam: 15 ft (4.7 m) to enhance living space and stability
- Max draft: 13.944 ft (4.25 m)
- Power: 2x Volvo inboard diesel engines
- Tankage: 555 gal fuel and 164 gal water
- Layout amenity: 2 heads for guest/owner flexibility
- Hull: fiberglass and plastic construction; deck material: Fiberglass

## Technical Specifications

---

- Builder: Riviera
- Model: 4600 Sport Yacht Platinum Edition

- Category: motor yacht, cruiser
- Hull material: fiberglass and plastic
- Deck material: Fiberglass
- LOA: 46 ft (14.02 m)
- Beam: 15 ft (4.7 m)
- Max draft: 13.944 ft (4.25 m)
- Engines: 2x Volvo
- Engine type: Inboard
- Fuel: Diesel
- Heads: 2
- Fuel capacity: 555 gal
- Water capacity: 164 gal

## Pricing and Ordering

---

For up-to-date availability, pricing direction, and to schedule viewings, reach out to Andrey Shestakov at Shestakov Yacht Sales. Our brokerage team will assist with review of specifications, the paperwork process, and closing support for your 4600 Sport Yacht Platinum Edition purchase from Riviera.

## Questions and Answers

---

Q: What are the exact dimensions of the 4600 Sport Yacht Platinum Edition? A: The **LOA** is 46 ft (14.02 m) and the **beam** is 15 ft (4.7 m).

Q: What engines power this model? A: It is equipped with **2x Volvo inboard diesel** engines for dependable propulsion.

Q: What is the draft? A: The maximum **draft** is 13.944 ft (4.25 m).

Q: How much fuel and water can it carry? A: **Fuel capacity** is 555 gal and **water capacity** is 164 gal.

Q: What type of yacht is it and who builds it? A: It's a motor yacht and cruiser with a fiberglass and plastic hull, built by Riviera. For assistance with purchase, contact Andrey Shestakov at Shestakov Yacht Sales.

## Owner Experience Review

---

Owners commonly choose the 4600 Sport Yacht Platinum Edition from Riviera for owner-operator weekend use and family-focused cruising. The three-stateroom, two-head arrangement along with a full-beam owner's stateroom provide more interior volume than many expect at this length, and many owners comment on generous overhead clearance. The seamless indoor-outdoor connection is frequently praised: expansive sliding saloon doors and a flip-up galley window create a strong link between cockpit and galley, and seating for approximately eight is commonly noted. The galley is well-appointed—drawer dishwasher, refrigeration with ice, and a two-burner cooktop—making onboard entertaining straightforward.

On the water, owners describe the yacht's handling as composed and responsive, delivering a quiet ride that eases small chop. Independent trials report an efficient cruise between 26–28 knots and peak speeds near 30–32 knots, while the Volvo Penta IPS joystick simplifies close-quarters maneuvering for owner-operators; reviewers even reference a three-boat-length 360° turn when executed at speed. The model demonstrates efficiency in both planing and displacement modes, and for coastal trips or island runs owners value the large 555 US gal fuel tank and reported long-range displacement capability of roughly 1,300–1,500 nautical miles at lower speeds.

Routine maintenance access is intentionally practical: the engine room is reached through a cockpit hatch and reviewers highlight about five feet ten inches of headroom within that space. Prospective buyers should note that IPS pod drives demand manufacturer-trained servicing and can incur higher parts

and repair expenses. Popular options such as a Seakeeper gyro, an upsized generator, interceptors, an engine-room camera, and enhanced electrical packages increase capability but also add system complexity—so a thorough survey, confirmation of any warranties, and hands-on time learning joystick and drive behaviors before delivery are widely recommended.

## Pros and Cons

- Pro: Surprising interior volume for the size with a full-beam owner's suite and strong indoor-outdoor entertaining flow.
- Pro: Predictable, quiet ride with responsive handling and an efficient 26–28 knot cruise, plus easy joystick docking.
- Pro: Quoted long-range displacement capability (~1,300–1,500 nm at low speeds) and large fuel capacity suit coastal passages.
- Con: IPS pod drives require manufacturer-trained maintenance and can mean higher parts and repair costs.
- Con: Popular options (Seakeeper, larger generator, upgraded electrics) add service items and system complexity.
- Con: Engine-room headroom of about five feet ten inches limits full stand-up access for some owners.

## Comparison with Other Models

| Model                             | LOA              | Beam            | Draft            | Speed (Cruising/<br>Max) | Gross<br>Tonnage |
|-----------------------------------|------------------|-----------------|------------------|--------------------------|------------------|
| 4600 Sport Yacht Platinum Edition | 46' 0" (14.02 m) | 15' 0" (4.70 m) | 13' 11" (4.25 m) |                          |                  |
