OVERVIEW

Explore the 4600 Sport Yacht from Riviera—a motor yacht engineered specifically for cruising and built on a reputable fiberglass/plastic foundation. This listing is offered by Shestakov Yacht Sales with broker Andrey Shestakov.

Selecting a 4600 Sport Yacht

Opting for the 4600 Sport Yacht means choosing a flexible motor yacht tailored to comfortable cruising. Designed and constructed by Riviera, this model combines well-proportioned lines with sensible living spaces to support extended stays aboard. Partner with Shestakov Yacht Sales and broker Andrey Shestakov to match the yacht's layout and capability to your intended use.

Features of the Model

- Balanced footprint: LOA 46 ft (14.02 m) and beam 15 ft (4.7 m) deliver steady handling and roomy onboard ergonomics.
- Capable draft profile: maximum draft 13.944 ft (4.25 m).
- Reliable propulsion: twin inboard diesel engines by Volvo Penta for economical cruising performance.
- Smart accommodations: sleeps 6 with 2 heads to accommodate family and guests comfortably.
- Construction and design pedigree: monohull by Riviera with the interior styling also by Riviera.
- Materials you can trust: hull in the fiberglass and plastic category; deck finished in fiberglass.
- Cruising focus: positioned clearly as a motor yacht within the cruiser class.

Technical Specifications

- Model: 4600 Sport Yacht

- Category: motor yacht; Subcategory: cruiser
- Hull category: fiberglass and plastic
- LOA: 46 ft (14.02 m)
- Beam: 15 ft (4.7 m)
- Max draft: 13.944 ft (4.25 m)
- Hull configuration: Monohull
- Hull material: fiberglass and plastic
- Deck material: Fiberglass
- Engines: 2 x Volvo Penta, Inboard, Diesel
- Accommodation: 6 berths; Sleeps: 6; Heads: 2
- Water capacity: 164 gal
- Fuel capacity: 555 gal
- Hull designer: Riviera
- Interior designer: Riviera

Pricing and Ordering

For up-to-date pricing, current availability, or to arrange a private showing of the 4600 Sport Yacht, contact Shestakov Yacht Sales and broker Andrey Shestakov. Our specialists will assist with specifications, paperwork, and delivery logistics to make the acquisition process straightforward.

Questions and Answers

Q1: What type of yacht is the 4600 Sport Yacht? A1: It's a motor yacht designed with a clear cruiser focus, both built and styled by Riviera. This indicates the

yacht's **type** and **builder** lineage.

Q2: What are the key dimensions and accommodations? A2: The vessel measures an **LOA** of 46 ft (14.02 m), a **beam** of 15 ft (4.7 m), and a **max draft** of 13.944 ft (4.25 m). Onboard sleeping arrangements cover **6** guests and there are **2 heads** , making it well suited for family cruising.

Q3: What powers the yacht and what fuel does it use? A3: Propulsion is provided by **2** Volvo Penta **inboard** engines running on **diesel** , offering efficient range for extended cruising.

Q4: How is the hull built and who handled the design? A4: The yacht is a **monohull** with a fiberglass and plastic hull and a fiberglass deck. Both the **hull** and **interior design** were executed by Riviera.

Q5: How can I get pricing and arrange an inspection? A5: For **pricing** , **availability** , and to schedule a private **inspection** , contact Shestakov Yacht Sales and Andrey Shestakov. We will arrange viewings and advise you on the next steps for the 4600 Sport Yacht.

Owner Experience Review

Owners are drawn to the 4600 Sport Yacht from Riviera because of its versatile real-world performance: it functions well as a family cruiser with a three-stateroom, two-head layout including a full-beam master, and it's manageable for an owner-operator who prefers to weekend without crew. The saloon's expansive sliding door and flip-up galley window promote an effortless indoor-outdoor connection for entertaining, and reviewers frequently highlight the surprising volume achieved within a 46-foot hull—one sea-trial captain even remarked, "I am so, so impressed with the amount of volume in this 46-foot boat."

On the water, the yacht displays predictable, responsive handling; sea trials

note roughly three boat lengths needed for a 360° turn at speed, while the ride remains composed and quiet, smoothing out smaller chop. Independent testing records an efficient cruise around 26.5 knots and a top speed near 30.5 knots, and the boat also performs efficiently at displacement speeds—making it suitable for island-hopping or longer coastal passages where range is an advantage.

Everyday ownership is aided by practical service access—there's a cockpit hatch into the machinery space and the engine room provides about 5'10" of headroom. Volvo Penta IPS (IPS800) pods simplify close-quarters handling with a joystick, though owners should learn the drive modes and expect manufacturer-trained servicing, which can mean higher parts and repair expenses. As with any premium yacht, a comprehensive pre-purchase survey and confirmation of installed options and warranty status through the dealer are recommended.

Pros and Cons

- Predictable handling and IPS joystick control make owner-operator docking and tight maneuvers easier.
- Family-oriented three-stateroom/two-head arrangement with excellent indoor-outdoor flow between galley and cockpit.
- Sturdy, quiet ride with validated test speeds and a useful displacement-speed range for island-hopping.
- IPS pod drives necessitate manufacturer-trained maintenance and can incur higher parts and repair costs.
- Prospective buyers should spend time learning the joystick and drive modes before taking delivery.
- Do your due diligence: commission a thorough survey and verify fitted options and warranty coverage.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/ Max)	Gross Tonnage
4600 Sport Yacht	46' 0" (14.02 m)	15' 0" (4.70 m)	13' 11" (4.25 m)
