OVERVIEW

Experience the 5400 Sport Yacht from Riviera—a high end motor yacht built on a sturdy fiberglass composite hull. Offered through Shestakov Yacht Sales with broker Andrey Shestakov, this model combines confident performance with modern styling for owners who value both comfort and capability.

Selecting a 5400 Sport Yacht

Opt for the 5400 Sport Yacht when you need a refined motor yacht class vessel suited to family cruising and lively entertaining, featuring twin engine redundancy and dimensions that fit a wide variety of marinas and cruising grounds. Positioned within the upscale luxury motor yacht segment, it offers substantial features with straightforward ownership considerations.

Features of the Model

- Twin [[engine]] configuration provides reliable propulsion and nimble handling.
- Propulsion courtesy of [[engine]] manufacturer Volvo Penta diesel units for proven durability.
- Robust fiberglass composite construction paired with a fiberglass deck for long term resilience.
- Well proportioned hull: 57 ft LOA and a 16 ft beam deliver comfort underway and a roomy feel at anchor.
- Large tank capacities support extended cruises (fuel 793 gal; water 211 gal).

Technical Specifications

- Builder: Riviera
- Model: 5400 Sport Yacht
- Classification: motor yacht class
- Segment: premium motor yacht segment
- Hull: fiberglass composite
- Deck: Fiberglass
- LOA: 57 ft (17.45 m)
- Beam: 16 ft (4.88 m)
- Max Draft: 15.584 ft (4.75 m)
- Engines: 2 x Volvo Penta
- Fuel Type: Diesel
- Fuel Capacity: 793 gal
- Water Capacity: 211 gal

Pricing and Ordering

For up to date pricing, current availability, and personalized advice about the 5400 Sport Yacht, contact Shestakov Yacht Sales. Broker Andrey Shestakov will handle specification choices, viewings, offer negotiation, survey coordination, closing procedures, and the logistics required for delivery.

Questions and Answers

Q: What type of yacht is the 5400 Sport Yacht? A: It is a luxury motor yacht categorized within the motor yacht class, engineered for comfortable cruising and social use.

Q: What are the key dimensions? A: The **LOA** measures 57 ft (17.45 m), the

Beam is 16 ft (4.88 m), and the **Max Draft** is 15.584 ft (4.75 m), offering a stable platform and good marina accessibility.

Q: What powers the yacht? A: **Twin (2) Volvo Penta** diesel engines provide dependable propulsion and predictable handling characteristics.

Q: What are the tank capacities? A: **Fuel capacity** is 793 gal, and **Water capacity** is 211 gal—sufficient for extended cruising periods.

Q: How do I order or purchase through Shestakov Yacht Sales? A: Contact Shestakov Yacht Sales and broker **Andrey Shestakov** for information on **availability** , **pricing** , on site viewings, assistance during negotiations, survey arrangements, and planning for **delivery** of the 5400 Sport Yacht.

Owner Experience Review

Owners typically deploy the 5400 Sport Yacht from Riviera as a family cruiser and a platform for entertaining. The uninterrupted salon to cockpit level with an aft galley simplifies hosting, while the capacious cockpit and swim platform become natural gathering areas. Down below, the full beam owner stateroom with a king berth, useful locker and drawer storage, and comfortable headroom are frequently commended; standard layouts are generally three cabins, with an alternate two cabin plan available for owners who favor additional storage and larger accommodations. The model was introduced in 2016, saw first deliveries in 2017, and a Platinum Edition debuted in 2019 and has been offered into the mid 2020s.

When underway, reviewers and owners note confident seakeeping and solid landings in a swell, a predictable helm feel, and precise low speed control that eases docking—especially with Volvo Penta IPS and joystick systems. Normal cruise speeds sit in the mid 20s knots, while higher powered D11/IPS configurations have been reported to reach top speeds in the mid 30s.

Practical ownership considerations include routine servicing for Seakeeper gyros, reported intermittent generator shutdowns (Code 36) on some boats, and the need for disciplined anti fouling and maintenance of IPS pods; the advanced electrical and monitoring systems also translate to more scheduled servicing and diagnostic time than simpler installations.

Pros and Cons

- Social layout with an aft galley, single level salon to cockpit flow, and a large swim platform that favors entertaining.
- Strong seakeeping and consistent handling with typical cruise speeds in the mid 20s knots.
- Owner operator friendly, aided by Volvo Penta IPS and joystick for precise docking and close quarters maneuvering.
- Some owners experience intermittent generator shutdowns (Code 36) that can cause inconvenient downtime.
- IPS pods call for rigorous anti fouling procedures and ongoing maintenance to prevent fouling and propeller issues.
- Seakeeper installations and the sophisticated electrical/systems suite increase scheduled service needs and diagnostic effort.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/Max)	Gross Tonnage
