OVERVIEW

Discover the Incredible 45 from RIZZARDI—a polished performance motor-yacht in the motor-yachts class, built on a fiberglass/plastic hull class. Measuring 45 ft (13.72 m) LOA and powered by twin MAN inboard diesels, this model is listed by Shestakov Yacht Sales with broker Andrey Shestakov available to assist.

Selecting a Incredible 45

Opting for the Incredible 45 means choosing a compact, capable vessel that balances easy handling with the robustness of twin MAN propulsion. As a performance motor-yacht within the broader motor-yachts class, it appeals to owners who prioritize straightforward operation, dependable inboard diesel power, and the low-maintenance benefits of a fiberglass/plastic hull class. For personalized advice on fit, layout options, and timing, contact Andrey Shestakov at Shestakov Yacht Sales.

Features of the Model

- Thoughtful 45 ft (13.72 m) dimensions that support flexible coastal cruising and simplified marina handling
- Twin MAN engines in an inboard configuration running on diesel for dependable propulsion
- Positioned as a luxury motor-yacht within the motor-yachts segment
- Hull classified under fiberglass/plastic with a fiberglass deck to reduce upkeep
- Constructed by RIZZARDI

Technical Specifications

- LOA: 45 ft / 13.72 m
- Engines: 2 × MAN
- Engine type: Inboard
- Fuel type: Diesel
- Hull classification: fiberglass/plastic
- Deck material: Fiberglass

Pricing and Ordering

Current availability, pricing, and delivery estimates for the Incredible 45 are available upon request. Reach out to Andrey Shestakov and the Shestakov Yacht Sales team to review stock, arrange viewings, and coordinate surveys, paperwork, and logistics.

Questions and Answers

Q: What type of yacht is the Incredible 45? A: It is a luxury motor-yacht offered in the motor-yachts segment and produced by RIZZARDI.

Q: What powers the yacht? A: The boat is fitted with **two MAN Inboard diesel** engines, providing twin-shaft reliability and accessible service points.

Q: What is the length of the yacht? A: The **LOA** measures 45 ft (13.72 m), delivering a compromise between interior space and ease of berthing.

Q: What is the hull and deck construction? A: The hull is categorized as fiberglass/plastic, and the **deck** is finished in **fiberglass** for straightforward maintenance.

Q: How do I purchase through Shestakov Yacht Sales? A: Contact **Andrey**

Shestakov at **Shestakov Yacht Sales** for details on **pricing** , **availability** , and full **transaction support** , including inspections and logistics.

Owner Experience Review

Owners commonly describe the Incredible 45 by RIZZARDI as an ideal family express cruiser and practical day-boat. Many examples feature a 3-cabin, 2-head arrangement that maximizes interior and cockpit space for weekend escapes. Charter operators and brokers frequently commend the flow between cockpit and saloon for daytime entertaining, and accommodations such as air conditioning are often noted for enhancing overnight comfort.

On the water, owners report crisp steering and a character that favors performance. A number of operators indicate the shaft-line configuration improves the ride in chop, while higher-speed running typically requires active trim-tab adjustments to refine attitude. Fuel consumption is a common topic: owner reports vary (for example, roughly 120 l/h at 20 knots up to about 200 l/h at 25 knots), with one account noting near 150 l/h at 27 knots and a top speed approaching 38–39 knots—figures that depend on engine choice, drive type, load and sea conditions.

Routine care varies by layout and propulsion. Surface-drive variants tend to demand greater attention and incur higher parts costs for the drives, whereas many used boats highlight scheduled MAN servicing and complete maintenance records. Buyers often evaluate drive selection, trim-tab behavior and the engine-room arrangement as part of their ownership planning.

Pros and Cons

- The 3-cabin, 2-head plan together with the cockpit/saloon layout supports family cruising and charter-day use.

- Steering feels precise and confident, with owners noting shaft-line setups perform better in heavier seas.
- Ample interior and cockpit volumes for a 45 ft yacht, with air conditioning commonly installed for comfortable overnighting.
- Fuel consumption at planing speeds can be substantial and varies significantly between reports.
- Maintaining optimal running attitude at higher speeds usually requires proactive trim-tab management.
- Surface-drive configurations typically bring higher upkeep and parts expenses for the drives compared with shaft-line arrangements.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/Max)	Gross Tonnage
GR SESSANTATRE	63' 0" (19.30 m)	21' 0" (6.45 m)
