OVERVIEW

Compact, capable, and ready for adventures offshore or inshore, the R22 CC from ROBALO brings proven versatility to first-time buyers and seasoned captains alike. Represented by Andrey Shestakov and Shestakov Yacht Sales, this is a smart entry into a motor-yacht versatility segment with durable fiberglass construction and confident performance.

Selecting a R22 CC

Choosing the R22 CC means opting for a manageable 22-foot footprint that's easy to trailer, launch, and store—without sacrificing fishability or family-friendly space. Shestakov Yacht Sales, led by Andrey Shestakov, will guide you through configuration and power options centered around a single outboard to match your waters and usage profile.

Features of the Model

- Practical center-console layout optimized for 22 feet
- Robust fiberglass hull with confidence-inspiring structure
- Single outboard efficiency and straightforward maintenance
- Flexible deck plan for fishing, cruising, and watersports
- Backed by the heritage of ROBALO and supported by Shestakov Yacht Sales

Technical Specifications

- Builder: ROBALO
- Category: compact motor yacht

• Hull: fiberglass construction
• LOA: 22 ft (6.71 m)
• Engines: 1 x [[spec:engine manufacturer]] — YAMAHA
• Engine type: Outboard
• Fuel type: Unleaded
• Deck material: Fiberglass
• Hull configuration: Other

Pricing and Ordering

For current pricing, availability, and lead times on the R22 CC, contact Andrey Shestakov at Shestakov Yacht Sales. Our team will assist with specifications, engine setup, and delivery planning tailored to your cruising or fishing plans.

Questions and Answers

Q: What makes the R22 CC efficient for mixed use? A: Its single outboard and balanced 22-foot platform deliver **fuel efficiency** , responsive handling, and an easy transition between fishing and family cruising.

Q: Is the hull suitable for coastal waters? A: Yes—the robust **fiberglass** build and center-console layout provide stability and capability typical of quality coastal platforms.

Q: Can Shestakov Yacht Sales help with engine selection and options? A: Absolutely. Andrey Shestakov and our brokerage advise on **YAMAHA** **outboard** configurations and outfitting based on your waters and range goals.

Q: How trailerable is the boat? A: At 22 feet, the R22 CC is **highly trailerable** , simplifying storage, maintenance, and access to new fishing grounds.

Q: What upkeep should I expect with an outboard? A: Routine **outboard**

maintenance —inspections, fluids, and seasonal care—remains straightforward and cost-effective compared to many multi-engine setups.

Owner Experience Review

Owners describe the R22 CC from ROBALO as a practical 22-foot center console that balances family day boating with inshore and near offshore fishing. Typical use includes sandbar stops, short family cruises, and weekend runs, with a layout that offers bow seating, an open aft cockpit, and often a small head compartment for day comfort. Many choose it because it's easy to trailer and simple to operate for mixed recreation.

On the water, owners say it rides solidly for its size and handles chop in places like Long Island Sound with confidence. Performance feels best with 200–250 hp outboards—Yamaha power in that range is commonly mentioned, and some users prefer the 250 for stronger response. Livability remains in the dayboat realm: the ergonomics suit fishing on the CC variant, especially with folding aft seating to free up cockpit space, but overnighting is limited like most 22 footers.

Pros and Cons

• Handles chop well for a 22' CC, inspiring confidence in typical coastal conditions.
• Practical dayboat layout with bow seating, usable head compartment, and open cockpit for fishing.
• Trailerable size and single outboard setup make weekend use and quick runs convenient.
• Limited overnight capability and storage compared to larger center consoles.
• Best performance requires 200–250 hp, with some owners favoring the heavier 250.

• Behind the scenes finish can be less refined than certain premium competitors, per mechanic comments.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/ Max)	Gross Tonnage
R22 CC	22' 0" (6.71 m)				
R277	21' 0" (6.55 m)				
R240 Center Console	24' 0" (7.32 m)	8' 0" (2.64 m)	5' 6" (1.67 m) – 10' 1" (3.08 m)		
R227 Dual Console	21' 0" (6.55 m)	8' 0" (2.59 m)	4' 11" (1.50 m) – 9' 4" (2.83 m)	32 kn / 43 kn	
R260 Center Console	26' 0" (7.92 m)	9' 0" (2.74 m)	5' 6" (1.67 m) – 8' 9" (2.67 m)		
R317	31' 0" (9.45 m)	10' 0" (3.20 m)	7' 3" (2.20 m) – 10' 2" (3.10 m)	25 kn / 50 kn	
R242 Center Console	24' 0" (7.32 m)	8' 0" (2.67 m)	5' 6" (1.67 m)
