OVERVIEW

The 272 CC by SAILFISH brings offshore-ready confidence to a versatile center-console platform. Represented by Andrey Shestakov and Shestakov Yacht Sales, it delivers fishability, family comfort, and efficient performance in a compact footprint.

Selecting a 272 CC

Choosing the 272 CC is about balanced capability: a motor yacht layout with the maneuverability of a true center-console and the resilience of a fiberglass build hull. For buyers seeking twin-outboard reliability and an approachable 27-foot LOA, Andrey Shestakov at Shestakov Yacht Sales can guide you through options, availability, and commissioning strategy.

Features of the Model

• LOA: 27 ft (8.23 m) for confident inshore-to-offshore range and trailer-friendly versatility
• Twin MERCURY power for redundancy and smooth throttle response
• Outboard configuration keeps the cockpit open for angling and family activities
• Unleaded fuel compatibility to simplify fueling logistics
• Robust fiberglass construction with a practical fiberglass deck for easy washdowns
• Center-console ergonomics for 360-degree fishability and clear sightlines

Technical Specifications

- Length Overall (LOA): 27 ft / 8.23 m
- Builder: SAILFISH
- Model: 272 CC
- Classification: motor yacht; center-console layout
- Hull: fiberglass laminate
- Deck Material: Fiberglass
- Hull Configuration: Other
- Engines: 2 x MERCURY
- Engine Type: Outboard
- Fuel Type: Unleaded

Pricing and Ordering

For current pricing, build timing, and availability of the 272 CC from SAILFISH, contact Andrey Shestakov at Shestakov Yacht Sales. Our team will coordinate specifications, survey support, and delivery planning to match your fishing style, family needs, and regional requirements.

Questions and Answers

Q: What's the main advantage of the twin-outboard setup on the 272 CC? A: Twin MERCURY outboards offer **redundancy** , improved **maneuverability** , and confident **hole-shot** while preserving a wide-open cockpit.

Q: Is the hull easy to maintain? A: Yes. The fiberglass hull and fiberglass deck simplify **cleaning** , **repairs** , and routine **upkeep** .

Q: What type of boating does this model suit best? A: A versatile center-console format that's comfortable for **offshore runs** , **nearshore trolling** , and **family**

cruising .

Q: What fuel does the 272 CC use? A: The MERCURY outboards are specified for **unleaded** fuel for broad marina compatibility.

Q: Who can help me configure and purchase? A: Andrey Shestakov and the team at **Shestakov Yacht Sales** will assist with **spec selection** , **pricing** , and **delivery coordination** for your 272 CC.

Owner Experience Review

Owners of the 272 CC from SAILFISH generally describe a capable all-rounder that splits time between family days and serious fishing. The cockpit feels genuinely roomy for a 27-foot center console, with forward seating that works for beach runs and casual cruises, while the deck layout keeps traffic flowing around the console. At the helm, visibility is strong and there's proper space for twin displays, which regulars appreciate on longer inshore runs or quick offshore hops.

On the water, feedback centers on a dry, confident ride in typical chop and a hull that stays soft when pressed, with tracking that feels predictable through turns. Many report a comfortable cruise in the high-20s to low-30s knots, depending on engines and load. A recurring owner note is trim sensitivity: the boat can lean if fuel or livewell weights aren't balanced, especially with full tanks, so attentive distribution and tab use are part of the routine. Day-boat amenities are intentionally functional—head space and basic comforts—reinforcing that this is a day/overnight center console rather than a cabin cruiser.

Pros and Cons

• Dry, soft-riding hull with predictable tracking in chop.
• Versatile deck that suits family cruising, weekend hangs, and fishing duty.
• Ergonomic helm with good sightlines and room for twin electronics.
• Trim sensitive to fuel/livewell weight; can lean when tanks are uneven or full.
• Limited below-deck accommodation, oriented to day use over cruising.
• Ongoing maintenance typical of 27' outboard center consoles without notable model-specific issues.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/ Max)	Gross Tonnage
272 CC	27' 0" (8.23 m)				
230 WA	23' 0" (7.01 m)				
290 CC	29' 0" (8.84 m)	9' 0" (2.74 m)	5' 9" (1.75 m) – 9' 0" (2.75 m)	35 kn / 45 kn	
325 Dual Console	34' 0" (10.36 m)	10' 0" (3.05 m)			
325 DC	32' 0" (9.75 m)	10' 0" (3.05 m)			
1900 BB Bay Boat	19' 0" (5.79 m)	8' 0" (2.59 m)	3' 7" (1.08 m)		
275 DC	28' 0" (8.53 m)	9' 0" (2.74 m)	4' 8" (1.42 m)	35 kn / 50 kn	
360 CC	36' 0" (10.97 m)	11' 0" (3.40 m)	7' 8" (2.33 m)		
N/A	31' 0" (9.45 m)				
320 CC	32' 0" (9.75 m)
