# OVERVIEW

---

Explore the 325 Dual Console from SAILFISH — an adaptable motor yacht built on a robust fiberglass and plastic hull — offered by Shestakov Yacht Sales. For personalized assistance and current availability, reach out to broker Andrey Shestakov.

## Selecting a 325 Dual Console

---

If your priorities include a straightforward-to-maintain motor yacht with twin outboards and practical onboard amenities, the 325 Dual Console deserves consideration. Its dual-console layout enables flexible use — from leisurely cruise days to active outings with family and friends — providing both comfort and functional fishing or watersports capability.

## Features of the Model

---

- Twin outboard propulsion: 2 x Yamaha; fuel type: Gas
- LOA of 34 ft (10.36 m) with a 10 ft (3.05 m) beam for confident handling
- Hull in fiberglass and plastic with a fiberglass deck
- One head for essential comfort
- Fuel capacity of 297 gal and fresh water capacity of 21 gal

## Technical Specifications

---

- Model: 325 Dual Console
- Builder: SAILFISH
- Category: motor yacht
- Hull: fiberglass and plastic

- LOA: 34 ft (10.36 m)
- Beam: 10 ft (3.05 m)
- Engines: 2 x Yamaha, Outboard, Gas
- Fuel capacity: 297 gal
- Fresh water capacity: 21 gal
- Heads: 1
- Deck material: Fiberglass

## Pricing and Ordering

---

To obtain up-to-date pricing, available factory options, and expected delivery timelines for the 325 Dual Console, contact Shestakov Yacht Sales. Your primary contact for specifying configurations, handling paperwork, and arranging purchase or delivery is Andrey Shestakov.

## Questions and Answers

---

- Q: What type of yacht is the 325 Dual Console? A: It is a motor yacht built on a fiberglass and plastic hull by SAILFISH.
- Q: What are the overall dimensions? A: The **LOA** measures 34 ft (10.36 m) and the **beam** is 10 ft (3.05 m).
- Q: What powers the boat? A: Propulsion is provided by two **Yamaha Outboard** engines running on **Gas** .
- Q: What onboard capacities and amenities are included? A: The vessel includes **1 head** , a **fuel capacity** of 297 gal, and **fresh water** capacity of 21 gal.
- Q: How do I purchase or inspect one? A: Reach out to **Andrey Shestakov** at **Shestakov Yacht Sales** to arrange availability checks, inspections, and the next steps toward acquisition.

## Owner Experience Review

---

Owners often choose the 325 Dual Console from SAILFISH because it bridges family-friendly comfort and functional fishing features. Daily use resembles that of a sociable day-boat: abundant seating in the cockpit and bow, an enclosed head for privacy, and optional features such as a compact galley or a small port-console bunk on certain layouts. Convertible flip seats, fold-away tables, and a retractable ski tow simplify sandbar gatherings and watersports while leaving generous space for guests in the cockpit.

When underway, the VDS hull is routinely praised for its ability to smooth bay chop and keep the ride controlled and dry. With typical twin-outboard setups (Yamaha F300 or Mercury 300/350), owners report assured handling and lively responsiveness; factory testing with twin 350s noted a top speed of about 57.4 mph. Although configured as a fish-forward dual console, it retains nearly “90% of the fishability” of a center console, making coastal and near-offshore trips comfortably within its range.

Not all feedback is purely positive. Forum posts and listings occasionally cite quality-control and electrical issues—examples include wiring and fused-circuit concerns, bilge and pump routing problems, and the occasional kinked hose—so a detailed pre-purchase survey is recommended. Some service areas are cramped, which can lengthen repair times; the owner’s manual does cover serviceable components (including the Gulper/Grouper diaphragm pump) and provides troubleshooting guidance. Finally, outfitting the boat with twin 300–350 hp outboards brings higher routine service and operating expenses.

## Pros and Cons

---

- VDS hull delivers a composed, dry ride in bay chop and offshore slop.
- Versatile crossover: family cruising, watersports, and near-offshore fishing

with about 90% of center-console fishability.

- Strong twin-outboard performance, with responsive handling and ~57.4 mph reported in factory testing with twin 350s.
- Occasional QC/electrical issues (wiring, fused circuits, pump/bilge routing, kinked hoses) warrant thorough pre-purchase checks.
- Tight access to some systems can make certain repairs and troubleshooting time-consuming.
- Twin 300–350 hp outboards increase ongoing service and ownership costs.

## Comparison with Other Models

| Model            | LOA              | Beam            | Draft                           | Speed (Cruising/Max) | Gross Tonnage |
|------------------|------------------|-----------------|---------------------------------|----------------------|---------------|
| 230 WA           | 23' 0" (7.01 m)  |                 |                                 |                      |               |
| 290 CC           | 29' 0" (8.84 m)  | 9' 0" (2.74 m)  | 5' 9" (1.75 m) – 9' 0" (2.75 m) | 35 kn / 45 kn        |               |
