OVERVIEW

Shestakov Yacht Sales is proud to offer the 275 Dorado by SCOUT BOATS—a capable 27 foot model in the line of modern motor yachts built on a fiberglass build foundation. Broker Andrey Shestakov and the Shestakov Yacht Sales team are available to guide you through selection, configuration, and global delivery arrangements.

Selecting a 275 Dorado

Deciding on the 275 Dorado revolves around its overall size, propulsion choices, and draft considerations. Measuring 27 ft (8.36 m) LOA with a 9 ft (2.74 m) beam, it presents a comfortable platform for family outings and social cruising. Twin Mercury outboards deliver lively performance and redundancy, and the 4.374 ft (1.3333 m) maximum draft is a key factor for marina berthing and shallow-water cruising. As a versatile motor yacht, it blends straightforward operation with useful onboard comforts including 1 head, plus capacities of 163 gal fuel and 14 gal water.

Features of the Model

- Deep Vee hull configuration
- Fiberglass and plastic construction with composite deck
- Twin Mercury outboards (Gas/Petrol) for dependable performance
- LOA 27 ft (8.36 m) and beam 9 ft (2.74 m)
- Maximum draft 4.374 ft (1.3333 m)
- Fuel capacity 163 gal and water capacity 14 gal
- One head for onboard convenience
- Built by SCOUT BOATS

Technical Specifications

- LOA: 27 ft (8.36 m)
- Beam: 9 ft (2.74 m)
- Max Draft: 4.374 ft (1.3333 m)
- Engines: 2 x Mercury, Outboard, Gas/Petrol
- Hull Material: Fiberglass and plastic
- Hull Configuration: Deep Vee
- Deck Material: Composite
- Heads: 1
- Fuel Capacity: 163 gal
- Water Capacity: 14 gal
- Builder: SCOUT BOATS

Pricing and Ordering

For pricing details, availability updates, or to schedule an inspection of the 275 Dorado, please get in touch with Andrey Shestakov at Shestakov Yacht Sales. Our brokerage handles showings, survey coordination, and delivery logistics to ensure a smooth purchase experience.

Questions and Answers

Q: What are the key dimensions of the 275 Dorado? A: The LOA is **27 ft (8.36 m)** and the beam is **9 ft (2.74 m)** , giving the boat a stable and roomy footprint underway.

Q: Which engines power the 275 Dorado? A: It is driven by **twin Mercury outboards** running on **Gas/Petrol** , providing responsive acceleration and the safety of twin-engine redundancy.

Q: What is the maximum draft of the 275 Dorado? A: The maximum draft is **4.374 ft (1.3333 m)** , an important specification when planning **marina access** or navigating **shallow waterways** .

Q: What are the construction details? A: The hull falls in the fiberglass class with a **Deep Vee** hull form, and the deck is constructed of **Composite** materials.

Q: How do I order through Shestakov Yacht Sales? A: Contact **Andrey Shestakov** at Shestakov Yacht Sales to review **pricing** , **availability** , and the next steps, including inspection scheduling and delivery planning for your 275 Dorado.

Owner Experience Review

Owners and reviewers consistently describe the 275 Dorado by SCOUT BOATS as a family-oriented dual-console that easily transitions between day cruising, entertaining, and light coastal fishing. The cockpit and bow areas convert between lounging and working configurations, and amenities such as the electric head, vanity/sink, cockpit sink, and an integrated cooler support comfortable full-day trips. Many owners outfit the boat for tow sports, taking advantage of the engine package and well-balanced layout.

On the water, the NuV3 hull is frequently praised for delivering a soft, dry ride and competitive fuel economy within its category. Typical twin 200 hp setups provide lively acceleration and steady tracking; the vessel remains composed in coastal chop and offers a relaxed feel in calmer conditions. Ergonomic helm and companion stations, combined with the walkthrough layout, make single-handed or family operation straightforward, while practical fishing features like in-floor fish boxes, a livewell, and rod holders allow rapid conversion to fishing mode.

Ownership notes often emphasize regular twin outboard maintenance and the distinct separation between engine warranties and the SCOUT BOATS hull warranty managed through authorized dealers. Some owners and forum posts report scupper or locker drainage intrusion and occasional localized stainless steel hardware corrosion, so attention to sealing and fastener condition is common. Used listings frequently highlight dry storage or captain maintained examples, and a documented service history is a regular request for the 275 Dorado.

Pros and Cons

- Soft, dry NuV3 ride with good fuel efficiency for the class.
- Flexible dual-console layout supports family cruising, fishing, and tow sports.
- Day trip amenities include an electric head, multiple sinks, and a built in cooler.
- Twin outboards increase maintenance and require sticking to Yamaha/Mercury service intervals.
- Reports of scupper or locker drainage intrusion on some boats warrant inspection and upkeep.
- Some owners cite localized stainless hardware corrosion over time.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/Max)	Gross Tonnage
275 Dorado	27' 0" (8.36 m)	9' 0" (2.74 m)	4' 4" (1.33 m)
