OVERVIEW

The GAMEFISH 27 from SEA HUNT is a multi-purpose motor yacht in the center console segment, built on a robust fiberglass and plastic hull. Marketed by Andrey Shestakov and the team at Shestakov Yacht Sales, it delivers a practical, seaworthy platform well suited to day cruising and coastal sportfishing.

Selecting a GAMEFISH 27

Opting for the GAMEFISH 27 emphasizes a compact footprint without sacrificing capability. At 27 ft (8.23 m) LOA and fitted with twin YAMAHA outboards as specified by SEA HUNT, this model appeals to owners who want straightforward handling and dependable propulsion. The center-console arrangement within the motor yacht class makes it ideal for active boaters who need an open working deck plus comfortable cruising range. Contact Andrey Shestakov at Shestakov Yacht Sales to discuss inventory, customization options, and delivery schedules.

Features of the Model

• Classification: center console design in the motor yacht category
• Hull material: fiberglass and plastic; deck material: Fiberglass
• Power: Twin YAMAHA outboards; fuel type: **Unleaded**
• Length overall: 27 ft (8.23 m)
• Hull configuration: Other
• Professional guidance and brokerage support by Andrey Shestakov at Shestakov Yacht Sales

- Model: GAMEFISH 27
- Builder: SEA HUNT
- Length Overall (LOA): 27 ft (8.23 m)
- Engines: 2
- Engine Manufacturer: YAMAHA
- Engine Type: Outboard
- Engine Fuel Type: **Unleaded**
- Hull Material: fiberglass and plastic
- Deck Material: Fiberglass
- Hull Configuration: Other
- Category: motor yacht / center console

Pricing and Ordering

Pricing and current stock for the GAMEFISH 27 depend on options and market timing. For an individualized price, delivery timeline, and brokerage services — including trade-in conversations and arranging inspections or sea trials — reach out to Andrey Shestakov at Shestakov Yacht Sales.

Questions and Answers

Q: What type of yacht is the GAMEFISH 27? A: It is a motor yacht configured in a center console format with a fiberglass and plastic hull.

Q: What powers this model? A: The GAMEFISH 27 is propelled by twin YAMAHA outboard engines running on **Unleaded** fuel, chosen for dependable performance and easy servicing.

Q: What is the LOA? A: The **LOA** measures 27 ft (8.23 m), striking a balance

between cockpit room and a size that is convenient for trailering and slip fees.

Q: Who builds it? A: The vessel is constructed by SEA HUNT, a builder recognized for practical, performance-oriented designs in the center console segment.

Q: How do I purchase through Shestakov Yacht Sales? A: Contact Andrey Shestakov at Shestakov Yacht Sales for details on **pricing** , **availability** , and **ordering** ; he will manage inspections and the subsequent steps according to your schedule.

Owner Experience Review

Owners characterize the GAMEFISH 27 from SEA HUNT as a capable platform that transitions comfortably from inshore fishing to near-offshore day trips; one owner summed it up simply: "I fish offshore with it." The broad-beam, variable-deadrise hull tends to provide a stable and assured ride for its class, and reported cruise numbers with twin Yamaha F200s are typically about 38–39 mph at roughly 4,500 rpm. When specified with larger horsepower packages, top-end speeds commonly rise into the mid-40s to low-50s mph depending on the setup.

A 2021 sea-trial equipped with Seakeeper Ride documented significant reductions in motion — roughly 44% in roll and 56% in pitch in that particular test — though several owners observe that in very sharp chop a Regulator 23 may offer a drier, more comfortable ride than the Gamefish 27.

Deckside feedback highlights a roomy 9’ plus beam, ample fishboxes, and substantial livewell capacity—examples owners cite include a 40 gallon leaning-post livewell and a 30 gallon transom well—making it well suited for extended fishing sessions. Family-oriented features receive praise as well: forward seating can convert into a raised casting area or sunpad, cockpit

coaming bolsters provide added comfort, and the T-top is often ordered with misters and lighting; more recent boats are frequently fitted with full helm enclosures.

Minor criticisms surface, such as forward seat backrests that some find awkward to stow, and a few owners prefer replacing stock Raymarine electronics with Garmin units while still reporting overall satisfaction with the platform.

Maintenance experiences vary. Several forum posts point to challenging bilge access on certain model years, though brokers report that later builds feature improved finish and better lazarette access. Prospective owners should budget for the upkeep of twin outboards, occasional electronics updates, and service for items like trailers and trim-tabs. Warranty paperwork and owner conversations also note exclusions — for example, gelcoat blemishes may not be covered under the one year limited warranty — along with specified terms for hull structural coverage, so it's wise to set expectations early.

Pros and Cons

• Broad-beam, variable-deadrise hull yields a stable, confident ride for this class.
• Flexible layout accommodates both offshore fishing and family day trips with convertible bow seating.
• Generous fishbox and livewell volumes, with examples such as 40-gallon and 30-gallon wells.
• In very choppy conditions, some owners feel a Regulator 23 can deliver a smoother ride than the GAMEFISH 27.
• Bilge access on certain production years can be difficult, complicating routine maintenance.
• Forward seat backrests may be awkward to stow for some owners.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/Max)	Gross Tonnage
GAMEFISH 27	27' 0" (8.23 m)				
234 Ultra	23' 0" (7.09 m)	8' 0" (2.59 m)
