## OVERVIEW

---

The 480 MOTOR YACHT from SEA RAY is an elegant motor yacht built on a resilient fiberglass and plastic hull. Listed with Shestakov Yacht Sales and broker Andrey Shestakov, this model pairs a sensible interior arrangement with dependable diesel propulsion to inspire confidence on coastal cruises.

## Selecting a 480 MOTOR YACHT

---

Opting for the 480 MOTOR YACHT means choosing a proven platform that aligns with your boating lifestyle. Measuring 48 ft (14.66 m) overall with a 15 ft (4.65 m) beam, equipped with two heads and twin inboard diesels, it appeals to buyers prioritizing onboard comfort and straightforward upkeep. Let Andrey Shestakov at Shestakov Yacht Sales assist you in comparing this motor yacht to your cruising plans—whether you favor social weekends at the dock or longer coastal passages—and verify that its fiberglass and plastic hull and fiberglass deck meet your standards for longevity and maintenance.

## Features of the Model

---

- Twin inboard diesel propulsion by Cummins delivers reliable power and responsive handling.
- Two heads provide convenient accommodations for family and guests on extended stays.
- A durable fiberglass deck atop a fiberglass and plastic hull makes routine care easier.
- Generous tankage—500 gallons of fuel and 120 gallons of freshwater—extends time between refueling and resupply.
- Offered through Shestakov Yacht Sales with dedicated support from broker Andrey Shestakov.

## Technical Specifications

---

- Builder: SEA RAY
- Model: 480 MOTOR YACHT
- Type: motor yacht
- Hull: fiberglass and plastic
- Deck: Fiberglass
- LOA: 48 ft (14.66 m)
- Beam: 15 ft (4.65 m)
- Draft (min): 12.85 ft (3.9166 m)
- Draft (max): 12.85 ft (3.9166 m)
- Engines: 2 x Cummins, Inboard, Diesel
- Heads: 2
- Fuel capacity: 500 gal
- Fresh water capacity: 120 gal

## Pricing and Ordering

---

For up-to-date pricing, current availability, or to review listings for the 480 MOTOR YACHT, contact Shestakov Yacht Sales and broker Andrey Shestakov. We will verify specifications, coordinate in-person inspections, and guide you through every step—from submitting an offer to closing—so you can acquire the right motor yacht for your cruising needs.

## Questions and Answers

---

Q: What category does the 480 MOTOR YACHT belong to, and what is the hull type? A: It's a motor yacht built on a fiberglass and plastic hull with a fiberglass deck.

Q: What are the overall dimensions? A: The **LOA** is 48 ft (14.66 m) and the **beam** measures 15 ft (4.65 m).

Q: What is the draft of the yacht? A: The **draft** is recorded as a minimum of 12.85 ft (3.9166 m) and a maximum of 12.85 ft (3.9166 m).

Q: What powers the yacht, and what are the tank capacities? A: The yacht is powered by **2 x Cummins inboard diesel** engines. **Fuel capacity** is 500 gal, and **fresh water capacity** is 120 gal.

Q: How do I check pricing and start the purchase? A: Contact Shestakov Yacht Sales and **broker** Andrey Shestakov for **pricing** , **availability** , and **ordering** information on the 480 MOTOR YACHT.

## Owner Experience Review

---

Owners are attracted to the SEA RAY 480 MOTOR YACHT for its family-oriented layout: a full-beam aft master, two forward guest staterooms, and a salon with an adjoining galley/dinette well suited for multi-night trips. The enclosed, air-conditioned flybridge—frequently outfitted with abundant seating, a wet bar, and entertainment options—serves as the vessel’s primary social area, making the yacht equally adept for day outings and hosting guests. In practice, most owners use the boat primarily for weekend escapes and coastal cruising rather than true offshore passages.

On the water, owners and sea trials report early planing around ~1500 rpm; for example, a test yacht equipped with twin 519 hp Cummins QSM 11s recorded an almost 30 kt top speed and a comfortable cruise near ~26 kt. Several owners emphasize that hull performance is sensitive to engine selection—lower horsepower or standard power packages can yield a noticeably less lively feel. Acoustic character varies with exhaust layout: earlier models with through transom exhaust were reported to be comparatively

loud, while later versions fitted with underwater exhaust are described as significantly quieter, with some owners calling them "very quiet with the underwater exhaust."

Maintenance observations are practical and candid. The engine room is accessed through the salon only, which owners find inconvenient because technicians must work through the interior. Prospective buyers should carefully inspect risers, manifolds, and the exhaust system, request detailed service records, and pay special attention to stringer and transom condition on older, wet stored examples; neglect in these areas has resulted in repairs costing multiple thousands of dollars. A comprehensive engine survey is strongly advised.

## Pros and Cons

---

- Three stateroom arrangement with a functional galley/dinette that supports multi-day family cruising.
- Enclosable, air-conditioned bridge featuring a wet bar and ample seating ideal for entertaining.
- Demonstrated early planing and an easy ~26 kt cruise on a test boat fitted with twin 519 hp QSM 11s.
- Engine-room access only via the salon makes routine servicing less convenient.
- Some standard engine packages leave the yacht feeling underpowered compared with higher hp installations.
- Earlier models with through transom exhaust are reported to be noticeably noisy when underway.

## Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/ Max)	Gross Tonnage
480 MOTOR YACHT	48' 0" (14.66 m)	15' 0" (4.65 m)	12' 10" (3.92 m)		
Sundancer 320 OB	34' 0" (10.36 m)	10' 0" (3.18 m)	11' 6" (3.50 m)		
240 Sundeck	26' 0" (8.03 m)	8' 0" (2.59 m)	11' 3" (3.42 m)
