OVERVIEW

The SUNDANCER 370 OB by SEA RAY brings dayboat excitement and overnight versatility together, represented worldwide by Andrey Shestakov and Shestakov Yacht Sales.

Selecting a SUNDANCER 370 OB

Choosing the SUNDANCER 370 OB means opting for a modern motor yacht that blends social cockpit space with a private cabin and confident performance. With triple MERCURY outboards, this boat balances efficient cruising and spirited top-end speed, all on a fiberglass hull. Work with Andrey Shestakov and Shestakov Yacht Sales to align options, timelines, and delivery with your plans.

Features of the Model

• Performance profile: cruise about 26.07 kn (30 mph) and reach approximately 38.23 kn (43.99 mph) with responsive triple outboards.
• On-deck enjoyment: a wide beam for entertaining and easy movement underway or at anchor.
• Cabin practicality: enclosed head (1) and smart storage suited to weekend getaways.
• Build and finish: fiberglass construction hull with fiberglass decks for durability and low maintenance.
• Power and propulsion: three MERCURY outboards, unleaded fuel, tuned for reliable, hassle-free operation.

Technical Specifications

- Builder: SEA RAY
- Model: SUNDANCER 370 OB
- Category: motor yacht
- Hull material: fiberglass
- Deck material: Fiberglass
- Hull configuration: Other
- Length overall: 37 ft (11.28 m)
- Beam: 12 ft (3.66 m)
- Draft (min/max): 7.94 ft / 10.925 ft (2.42 m / 3.33 m)
- Engines: 3 x MERCURY, Outboard, Unleaded
- Cruise speed: 26.07 kn (30 mph)
- Max speed: 38.23 kn (43.99 mph)
- Heads: 1
- Fuel capacity: 250 gal
- Water capacity: 46 gal

Pricing and Ordering

Availability, build slots, and current pricing for the SUNDANCER 370 OB vary by season and specification. Contact Andrey Shestakov at Shestakov Yacht Sales to discuss configurations, delivery timelines, and trade-in or financing options. Our team will coordinate inspections, sea trials, and logistics end-to-end.

Questions and Answers

Q: What kind of performance should I expect? A: With triple MERCURY outboards, expect a **cruise speed** near 26.07 knots and a **top speed** around 38.23 knots, ideal for quick runs between destinations.

Q: Is the hull easy to maintain? A: Yes. The **fiberglass** build and decks, within the fiberglass class, are known for durability and straightforward upkeep.

Q: How suitable is it for weekends aboard? A: Very. The boat offers a **private head (1)** , practical storage, and a protected cabin area—comfortable for short cruises.

Q: What fuel do the engines use? A: The three MERCURY outboards run on **unleaded** fuel, simplifying dockside refueling.

Q: Who can help me configure and purchase? A: **Andrey Shestakov** and **Shestakov Yacht Sales** will guide you through options, pricing, surveys, and **delivery** logistics for the SUNDANCER 370 OB.

Owner Experience Review

Owners of the SUNDANCER 370 OB from SEA RAY generally frame it as a capable weekender and coastal cruiser, with a cockpit and cabin layout that lends itself to family trips and social day boating. Real-world reports highlight predictable handling and a stable, planted feel at cruising speeds, especially in moderate seas, making the boat confidence inspiring for owner operators. Typical cruise comfort sits in the mid 20s to low 30s knots depending on load and engine package, aligning with expectations for modern Verado outboards.

On board, owners frequently call out the generous interior volume for a 37 foot express, noting a roomy mid cabin and a “huge” overall cabin feel for overnights. The galley and cockpit entertaining spaces are described as functional and well laid out, with the hard top providing appreciated shade. Most feedback positions the boat as comfortable for 2–4 people on multi day coastal trips, while acknowledging that storage and tankage are sized for weekending rather than extended liveaboard use. Maintenance discussions tend to focus on the realities of modern high output outboards—regular

Verado service, electronic diagnostics, and careful attention to engine hours and integrations on used examples.

Pros and Cons

• Predictable, stable handling with a planted ride at typical cruising speeds.
• Spacious cabin for the class with a notably roomy mid cabin for weekending.
• Functional cockpit and galley layout that suits entertaining and family use.
• Heavier feel in rougher conditions can slow progress versus lighter express boats.
• Weekending tankage and storage limit long term liveaboard practicality.
• Verado outboard service and electronic diagnostics add cost and complexity.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/ Max)	Gross Tonnage
SUNDANCER 370 OB	37' 0" (11.28 m)	12' 0" (3.66 m)	7' 11" (2.42 m) – 10' 11" (3.33 m)	26.07 kn / 38.23 kn
